

## TRIAL BY COURT-MARTIAL

For Any Drafted Man Who Fails to Respond to the Call

Severe penalties are promised for any drafted man who does not respond to the call. That is generally understood, but what the drafted men may not know is that, if they fail to appear, they will be tried, not in the civil courts, but by court-martial with army officers constituting the judges and military punishments indicated in cases of conviction.

## PICNIC POSTPONED

On account of inclement weather the Red Cross benefit picnic basket picnic at the L. Cheeseman grove one mile northeast of Chester school house was postponed until Sunday, August 5th.

Everybody come and give. New Rome Heights Auxiliary is helping.

## SPRINKLING NOTICE

Until further notice is given, no sprinkling of lawns, sidewalks or streets will be allowed except between the hours of 6 and 7 in the morning and 6 and 8 in the evening.

Unless the above is complied with, water will be turned off and a charge of one dollar will be made for turning the water on again.

C. P. GROSS, Supt., Water & Lighting Commission.

## ADVERTISED MAIL

List of advertised mail at the post-office, Grand Rapids, Wisconsin, July 25, 1917:

Ladies—Orean Marcoux; Clara Miller; Eleanor Noonan; Margaret Shadsky.  
Gentlemen—Jacob S. Baker.  
When calling for the above please say "advertised."

Win. Glue returned Monday from a business trip to Milwaukee.

## HOLSTEIN CATTLE SOLD

FOR \$53,200 AT SALE

All records for dairy cattle prices were laid to smithereens at a Holstein sale held at Worcester, Mass., on June 7th and 8th. 144 head were sold for a total of \$206,835 or an average of \$2,059.96 per head. The consolation of the sale was the five months old calf, King Ormsby June Flag Apple, sired by Rag Apple Kordyke 8th, and from Ormsby June 8th. It took just fifteen minutes from the time this youngster was led into the sale ring until he was sold to the D. W. Field Farm Co. for \$53,200.

J. H. Muller of the town of Saratoga was in the city on Tuesday looking after some business matters. Mr. Muller harvested quite a crop of strawberries this season, all of which was disposed of in the local market without any difficulty. He reports that the last of the crop was gathered last week.

## WHY?

The band concert conducted from the band stand on the West Side all ways attract a large audience, and I am anxious to learn why it is that, although the music sounds better, clearer and softer from the river bank on the East Side, the audience will not patronize the east bank, but everyone wants to be near the stand. The audience imagines that the nearer to the music the better it sounds, but, in this instance this is not the case. I would like to see more people on the east side of the river on such occasions. The direction of the wind also has something to do with the sound.

—F. MacKinnon.

## OPEN SEASON FOR DEER

Pittsville Record: Deer can be hunted in Wood county this fall. This is the good intelligence received by the Record from Assemblyman Whittingham of Appleton, in connection to the record appearing in the Record a short time ago to the contrary. The deer season is the last ten days of November.

It seems that at the last moment the legislature, on a representation made by Mr. Whittingham and Senator Witter, made Wood county an open county for the hunting of deer. Previous to this time the game laws of this legislature did not contain anything relating to the opening of the season in this county, and the belief got abroad that the county would remain closed.

Wood county has been a closed county for a number of years. Petitions from hunters and others interested at the time prompted a legislative act to the extent of closing the county for deer. Petitions for the opening of the county for deer hunting were circulated early in the year, but owing to some mistake, but few of them got before the legislature. Realizing the feeling about the county the county representatives in the Wisconsin legislature got busy and had the closing law rescinded.

The rabbit season has been changed to dates from October 15th to February 1st, making the open season.

## HARBROUCK BARN SOLD

The A. J. Harbrouck barn was on Saturday bought by C. W. Flood, who will tear the structure down at once and use a part of the lumber for the construction of a barn on his farm. The price paid for the building was \$285.

It is expected that it will be only a short time before this lot is cleared off and the city can commence the erection of the proposed fire station for which the property was bought.

## PARIS GREEN SCARCE

Our local merchants have been put to their wits end during the past couple of weeks to supply the demand for Paris green in this locality, and notwithstanding their efforts they have at times been unable to supply the article. The potato vines have made a phenomenal growth this year, and the bugs have apparently been thicker than ever before, which has caused an unusual demand for Paris green of this variety. Some of the potato growers have been using Paris green of lead, but there have been times when this could not be obtained either.

An alleged scientist states that this method of being afraid of being hurt is all bosh. He says that if we practice not being afraid of being hurt when worked over by the dentist, that in time we will conquer the fear entirely and we will find that there really is no pain. The trouble is that most people are not able to conquer this feeling until they have reached the age when all their teeth have disappeared and they need no more dental work done.

## MEN MUST APPEAR FOR EXAMINATION NEXT WEEK

Monday, Tuesday and Wednesday of next week, August 6, 7 and 8, are the days that have been selected for examinations, and thirty of the drafted men will be called for each day. In the following list will be found the names and numbers of those that have been drafted, and the first thirty of these will appear for examination on Monday, the second thirty on Tuesday and the third thirty on Wednesday.

Drafted men must find out whether or not they have been called, as there is a severe penalty for not appearing, even if no official notice is received by them.

Those who claim exemption will be furnished with forms for filling out, and their claim will be taken under consideration by the board who will decide whether or not the claim is a legitimate one.

There has been considerable speculation as to whether a man who contracted marriage since the draft was made would be exempt on the claim of dependents. A ruling was made that a man who had married since that date would have no claim for exemption, and still if he has a wife dependent upon him he has such a claim. Even the best authorities on the matter have not been able to solve the problem. Another statement is made that a man who tries to evade the draft in any way will be subject to punishment, and any person who assists him in evading it would also be subject to punishment, so that if a girl married a young man and it could be proven that she did it for the purpose of assisting him in evading the draft, she would be subject to punishment. It is apparent that those in charge of the matter have thrown up their hands and are going to leave the matter to the exemption board.

Monday, August 6, 1917

SAVE ONE SHOVELFUL A MILE

Trailroads are making every effort to economize. The Soo line has issued an appeal to its engineers and firemen, requesting them to use every effort to cut down expenses in their respective departments. It is urged that as the price of fuel has increased nearly 100 per cent as compared with a year ago, every scoop of coal be used judiciously. A shovelful of coal weighs about 38 pounds. If it is possible, as it is in some cases, to use one less scoop per mile, 5 cents will be saved for the company, and for the world.

Care in the use of oil, waste and other supplies, it is urged, would add materially to the general plan of economy.

Relative to the increase in prices, the Soo line gives the following as typical percentages of higher cost in 1917 as contrasted with the 1916 cost: Railroad ties, 125 per cent; stove pipe, 100 per cent; claw bars, 80 per cent; common pitlocks, 100 per cent; firebox steel, 118 per cent; fire brick, Queen run, 118 per cent; blacksmith coal, 115 per cent; coke, 112 per cent, an increase of \$5.85 being recorded in the price of this commodity.

When auto tourists enter Aurora, Ill., they are greeted at the city limits by a sign which reads, "Aurora, Welcome to Our City; Glad You Came Look Out for Cops." This puts the tourists in good humor at once and as he reduces speed going into town he is greeted by another sign which says, "Thank You."

As you leave Aurora the reverse side of the first sign, says, "So Long, Come Often, Stay Longer."

Something of this nature at the city limits of Grand Rapids would be an excellent idea. The cost would be very small and the benefits would be many.

ADVERTISED MAIL

## BOY SCOUTS WILL CAMP

Scoutmaster Leonard Klinker reports that he will go to camp with about eighty boy scouts on the 15th of August. After looking things over pretty thoroughly he decided upon Silver Cryst Lake near Wautoma as the best place for the camp. There is also water there, some fishing, good shade and high, dry land for camping purposes, and there is no doubt but what it will prove an ideal spot for the purpose.

Mr. Klinker states that there will be a number of boys from out of town with him, there being some from Necedah, Nekoosa, Port Edwards, and he has also had some applications from Milwaukee, but it is not his intention of accepting any from so far away, as it is entirely probable that he will have all he can accommodate in the camp without going so far from home.

The program has been arranged for the purpose of the boys will have something to do at all times, arising at 6:30 in the morning and going to bed at 9 o'clock in the evening.

Silver Cryst Lake is located about midway between Wild Rose and Wautoma, but is more easily reached from Wautoma, and the boys will probably go to this point by train and from there to the lake either by auto, or else hike out, as the notion happens to strike them.

There are a number of other lakes in that immediate vicinity that can be reached with very little difficulty.

## FOOT BADLY CRUSHED

When his foot was caught under a car while he was engaged in his occupation as brakeman, Earl S. Palmer, 618 Strong's avenue, had his right foot severely crushed near Harmon at 5:30 Wednesday afternoon. He was taken to the hospital at Superior. The train was a mixed one, 901, from Owen to Superior, and was in charge of Conductor Lee Prentice and Engineer J. L. Holman. The accident took place just after the train had reached Harmon.

Palmer was accompanied by Mr. and Mrs. Hervey Johnson, left Wednesday night for Superior—Stevens Point Journal.

Mr. Palmer is well known in this city, having formerly made his home here for a number of years. Many friends will be sorry to hear of the unfortunate accident.

## DEATH OF ERIC NELSON

Eric Nelson, one of the old and respected residents of Grand Rapids, died at his home in this city on Friday, July 27th, at the age of 78 years. Deceased was born in Sweden on the 12th of April, 1839, and came to America in 1865, and came to this part of the country to live in 1903, and has since made his home here.

Besides his wife, he is survived by three daughters and one son, the being Mrs. Wm. Pearson of Watertown, Wis.; Dakota, Mrs. Carl Jacob of North Dakota; Mrs. Oscar Stenning of Raymond, South Dakota, and Elmer Nelson of this city.

The funeral was held on Tuesday afternoon from the home, the remains being interred in Forest Hill cemetery.

## EBBE-KAUFY

Miss Letta Ebb and Mr. Leland Kaufy were married on Saturday evening at the Congregational church, Rev. R. J. Lock performing the ceremony that made them man and wife. They were attended by Miss Agnes Ebb and Mr. Louis Christianson. Both of the contracted parties are well known here, the bride being the daughter of Mr. and Mrs. Henry Ebb, who for some time past has acted as bookkeeper in the Jensen & Ebb garage, while the groom is the son of Mr. and Mrs. Matt Kaufy, and is a young man who has grown up in this community. The Tribune wishes with their many friends in extending congratulations.

## A WEEK OF HOT WEATHER

Last week was a warm one for this section, mercury hovering between 90° and 100° nearly every day, while the nights were unusually warm for this section of the country. No rain fell in this city during the week, and while crops have not suffered on this account, an occasional rain would have relieved the heat to some extent. Corn has made a remarkable growth during the past couple of weeks, and is tasselled out in many places, and about frost has been felt as late as usual, there is no question but what there will be a normal crop in this respect.

## QUIET ZONE ESTABLISHED

According to the Marshallfield Herald a quiet zone has been established about the hospital at Marshallfield. It seems the automobiles are the chief offenders, using the hospital grounds as a place for driving and opening their mufflers to make the greatest noise. It was asked of the owners of cars to run their machines quieter while near the hospital as the noise bothered the patients. Failing in this method, signs have been posted requiring quiet.

## SALOONKEEPERS IN BAD

According to the Tomahawk Leader and the saloonkeepers in and around Tomahawk for a distance of seven miles are in bad, and warrants have been sworn out for the arrest of dozens of the offenders. The trouble is caused by the selling of intoxicating liquor to the lawless element, some of whom were minors.

## WAUSAU WINS GAME

Those who saw the game of baseball on Sunday between the local team and the boys from Wausau, say that it was murder in the first degree, the score being 6 to 0 in favor of the boys from Wausau. There wasn't a time during the game when the Grand Rapids players were causing their opponents any anxiety, it being all one way from start to finish.

## MILK PRICES SOAR

The local milkmen have raised the price of milk to 8 cents a quart, and while there is no combination, there was wonderful unanimity in the proceeding. The new order of things went into effect on the 1st of August.

## POULTRY CAR

I will be in Grand Rapids at the Northwestern depot with my poultry car, August 31st, to take orders. L. A. Vandaler.

## BAND CONCERT TONIGHT

The band will play a concert at the old site of the band stand this evening, should the weather permit. Concert will commence at 8 o'clock.

C. Johnson, a farmer living near Rhineland, caught a pike in the Wisconsin river last week that weighed eleven pounds and three ounces. The Rhineland near North says it was the largest fish of its species ever caught in Oneida county waters.

## VISITED AT CAMP DOUGLAS

Many auto parties from here went to Camp Douglas on Sunday to visit the boys who were in camp there and see what soldier life is like. They found the boys happy and well and apparently enjoying the life as well as could be expected on as hot a day as Sunday was.

The story to the effect that the boys were being starved down at camp was found to be fiction. However, no man who has ever been a member of the national guard has heard anything of this kind. The men are always given plenty to eat, but the manner in which it is served depends entirely upon the company cook, and there are many instances when his lack of cooking does not coincide with what follows in the kitchen. The result is that some of the boys are really hungry until they become accustomed to the new order of things.

Four of the boys have been discharged and sent home, either because they have dependents or on account of physical disability, they being John Voligt, Leo Barrett, Julius Peters and Ernest Knoll.

## DON'T LIKE NEW LONDON

Owing to the fact that speed cars have been unusually active in the city of New London, motorists have been notified to stop that city in their travels. It seems that the cops over there have made a practice of following outside cars, and if they violate the law by even a little bit they are hauled up before a local magistrate and kept away from the road. While it is the wish of every automobile association to have their members observe the law, they do not want small town lawmakers to be finicky about the proposition, and in a case of this kind they merely advise the members to keep away from the road. This kind, and the result is that the town is avoided and the merchants and supply men lose considerable revenue in the course of a season.

The automobile patronage amounts to considerable during the summer months, and most cities, both large and small, are doing all they can to get their share of the trade, and once a matter of this kind becomes raised around it means quite a loss to the city.

## PAVING WORK PROGRESSING

Work on the paving of Third avenue on the west side has been moving along as rapidly as can be expected considering the number of men at work. It has been possible to employ on the work. There is a lot of dirt still to handle on this work and until this is removed it will not be possible to do much of the actual paving. The first block of the pavement from Grand avenue south to the market square will be of brick, and the remainder of the distance concrete. It is also the intention to pave the width of the car track with brick.

## RE-URN FROM THE WEST

Mr. and Mrs. Andrew Sears and daughter Mayme returned on Sunday from the southern part of the state where they had been fishing with relatives. They were on their way home from the west where they had visited the Yellowstone Park and other points of interest, going over the Yellowstone trail and returning over the Yellowstone route. They report a very pleasant trip and are well pleased with their outing.

## SUICIDE AT STEVENS POINT

Mrs. Fred L. Rosenow of Stevens Point committed suicide on Monday by turning on the gas in the kitchen range and allowing herself to become asphyxiated. Her husband came home at noon and found her sitting in a chair dead with gas escaping from all the burners in the stove. He called a doctor and got into the yard when he was also overcome. The woman was said to be suffering from some mental trouble from which she had attacks before.

## BLISS MAY GO TO WAR

According to the Merrill Herald, Mr. E. P. Bliss, director of the Merrill Corp. art band, has been offered the position of director of the regimental cavalry band. The bandmaster, as first lieutenant and carries a salary of \$150 a month. Prof. Bliss has had considerable experience in directing regimental bands and would no doubt be a good man for the place. The profession is not sure whether or not he will accept the offer.

## CRANBERRY MEETING

The 30th summer meeting of the Wisconsin State Cranberry Growers Association will be held on Tuesday, August 14th, according to the call recently issued by the secretary, Mrs. S. N. Whitteley. The meeting this year will be held at the Pavilion and the business meeting will be called to order at 1:30 o'clock p. m.

## NEW BANK OPENED

The new Citizens National Bank building was thrown open to the public on Saturday, and that afternoon there was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Elks orchestra, and the visitors were given refreshments and shown about the place and everybody seemed to admire the place from start to finish.

## METHODIST PICNIC

The Methodist Sunday school held a picnic at the Lyon park on Tuesday afternoon, at which there was a good turnout of both old and young. This park affords a most delightful place for a picnic, and on

DRUMB &amp; SUTOR, Publishers

Grand Rapids, Wisconsin, August 2, 1917.

## TRIAL BY COURT-MARTIAL

For Any Drafted Man Who Fails to Respond to the Call

Severe penalties are promised for any drafted man who does not respond to the call. That is generally understood, but what the drafted men may not know is that, if they fail to appear, they will be tried, not in the civil courts, but by court-martial with army officers constituting the judges and military punishments inflicted in cases of conviction.

## PICNIC POSTPONED

On account of inclement weather, the Red Cross benefit picnic basket picnic at the L. Cheeseman grove one mile northeast of Chester school house was postponed until Sunday, August 5th.

Everybody come and give New Rome Heights Auxiliary a helping hand.

## SPRINKLING NOTICE

—Until further notice is given, no sprinkling of lawns, sidewalks or streets will be allowed except between the hours of 6 and 7 in the morning and 6 and 8 in the evening.

Unless the above is complied with, water will be turned off and a charge of one dollar will be made for turning the water on again.

C. P. GROSS, Supt.  
Water & Lighting Commission.

## ADVERTISED MAIL

List of advertised mail at the post-office, Grand Rapids, Wisconsin, July 28, 1917:

Ladies—Orean, Marceau; Clara Miller; Eleanor Noonan; Margaret Shadlosky.  
Gentlemen—Jacob S. Baker.

When calling for the above please say "advertised."

Wm. Gleue returned Monday from a business trip to Milwaukee.

## HOLSTEIN CALF IS SOLD FOR \$53,200 AT SALE

All records for dairy cattle prices were laid to smithereens at a Holstein sale held at Worcester, Mass., on June 7th and 8th. 144 head were sold for a total of \$258,635 or an average of \$2,059.96 per head. The sensation of the sale was the five-month-old calf, King Ormsby Jane Rag Apple, sired by Rag Apple Korndyke 8th, and from Ormsby Jane Segis. It took just fifteen minutes from the time this youngster was led into the sale ring until he was sold to the D. W. Field Farm Co. for \$53,200.

J. B. Muller of the town of Saratoga was in the city on Tuesday looking after some business matters. Mr. Muller harvested quite a crop of strawberries this season, all of which was disposed of in the local market without any difficulty. He reports that the last of the crop was gathered last week.

## WHY?

The band concerts conducted from the band stand on the West Side always attract a large audience, and I am anxious to learn why. It is that, altho the music sounds better, clearer and softer from the river bank on the East Side, the audience will not patronize the east bank, but everyone wants to be near the stand. The audience imagines that the music to the better it sounds, but in this instance this is not the case. I would like to see more people on the east side of the river on such occasions. The direction of the wind also has something to do with the sound.

—F. MacKinnon.

## OPEN SEASON FOR DEER

Pittsville Record: Deer can be hunted in Wood county this fall. This is the good intelligence received by the Record from Assemblyman Whittingham of Arpin, in connection to an article appearing in the Record a short time ago to the contrary. The deer season is the last ten days of November.

It seems that at the last moment the legislature, on representations made by Mr. Whittingham and Senator Witter, made Wood county an open county for the hunting of deer. Previous to this time the game laws of this legislature did not contain anything relative to the opening of the season in this county, and the bill had got abroad that the county would remain closed.

Wood county has been a closed county for a number of years. Petitions from hunters and others interested at the time prompted a former legislature to the extent of closing the county for deer. Petitions for the opening of the county for deer hunting were circulated early in the year, but owing to some mistake, the law of the county was not changed. Realizing the feeling about the county the county representatives in the Wisconsin legislature got busy and had the deer season changed to dates from October 15th to February 1st, making the open season.

## HASBROUCK BARN SOLD

The A. J. Hasbrouck barn was on Saturday bought by C. W. Rood, who will tear the structure down at once and use a part of the lumber for the construction of a barn on his farm. The price paid for the building was \$385.

## PARIS GREEN SCARCED

Our local merchants have been put to their heels during the past couple of weeks to supply the demand for Paris green in this locality, and notwithstanding their efforts they have at times been unable to supply the article. The potato vines have made a phenomenal growth this year, and the bugs have apparently been thicker than ever before, which has caused an unusual demand for Paris green. The potato growers have been using arsenate of lead, but there have been times when this could not be obtained either.

An alleged scientist states that this matter of being afraid of the dentist is all bosh. He says that if we practice not being afraid of being hurt when worked over by the dentist, that in time we will conquer the fear, and that we will find that there really is no pain. The trouble is that most people are not able to conquer this feeling until they have reached the age when all their teeth have been extracted and they need no more dental work done.

## MEN MUST APPEAR FOR EXAMINATION NEXT WEEK

Monday, Tuesday and Wednesday of next week, August 6, 7 and 8, are the days that have been selected for examinations, and thirty of the drafted men will be called for each day. In the following list will be found the names and numbers of those that have been drafted, and the first thirty of these will appear for examination on Monday, the second thirty on Tuesday and the third thirty on Wednesday.

Drafted men must find out whether or not they have been called, as there is a severe penalty for not appearing, even if no official notice is received by the drafted man.

Those who claim exemption will be furnished with forms for filling out and their claim will be taken under consideration by the board who will decide whether or not the claim is a legitimate one.

There has been considerable speculation as to whether a man who contracted marriage since the draft was made would be exempt on the claim of dependents. A ruling was made that a man who had married since the draft would not be exempt, and still if he has a wife dependent upon him he has such a claim. Even the best authorities on the matter have not been able to solve the problem. Another statement is made that any man who is subject to punishment, and any person who assists him in evading it would also be subject to punishment, so that if a girl married a man who was drafted, and she did it for the purpose of assisting him in evading the draft, she would be subject to punishment. It is apparent that those in charge of the matter have been going to leave the matter to the exemption board.

Monday, August 6, 1917

## SAVE ONE SHOVELFUL A MILE

Railroads are making every effort to economize. The Soo line has issued an appeal to its engineers and conductors to use every effort to cut down expenses in their respective departments. It is urged that as the price of fuel has increased nearly 100 per cent, that the conductors should use a shovel of coal to be used judiciously. A shovel of coal weighs about 18 pounds. If it is possible, as it is in some cases, to use one less scoop per mile, 5 or 6 cents will be saved for the company, and for the world.

Care in the use of oil, waste and other supplies, it is urged, would add materially to the general plan of economy.

Relative to the increase in prices, the Soo line gives the following as typical percentages of higher cost in 1917 as contrasted with the 1916 cost: Railroad fuel, 125 per cent; stock pigs, 100 per cent; 100 per cent; firebrick, 116 per cent; blacksmith coal, 115 per cent; coke, 242 per cent, an increase of \$8.85 being recorded in the price of this commodity.

## NOW! WHY NOT?

When auto tourists enter Aurora, Ill., they are greeted at the city limits by a sign which reads, "Aurora, Welcome to Our City; Glad You Came Out for Cops. This puts the tourists in good humor at once and as the riders speed going into town they are greeted by another sign which says, "Thank You."

As you leave Aurora the reverse side of the first sign, says, "So Long, Come Again, Stay Longer."

Something of this nature at the city limits of Grand Rapids would be an excellent idea. The cost would be very small and the benefits would be many.

## ADVERTISED MAIL

List of advertised mail at the post-office, Grand Rapids, Wisconsin, July 30, 1917:

Ladies—Mary Curley; Mary Karawski; Mrs. Lena Lindstrom (2); Gentlemen—William Carmory; Harry Donahue; Wm. Koehler; Martin McAndrews; Harry Munch; S. W. Parter; Ted Terry; J. A. Trantman; B. W. VanAkin; Emil D. Wegner.

When calling for the above please say "advertised."

## SAYS WE ARE ON THE BUM

Eugene Morse, assistant state plumbing inspector, was in the city last week looking over conditions and while here favored the Tribune office with a short call. Mr. Morse made the statement that the plumber's situation in Grand Rapids was about as bad as could be found in any city of its size in the state of Wisconsin, and that things ought to be looked after and the matter corrected.

When asked in what respects Grand Rapids was so far behind the times regarding the plumbing that has been done in the city, Mr. Morse did not give any specific explanation of his statement, but just said that the general condition of the work was bad. He stated that the adoption of the plumbing ordinance recently introduced into the city council would do much to correct the evils, and he was anxious to have the ordinance adopted for the general good of the city.

## DON'T USE COURT PLASTER

Just at the present time there is a crusade against the use of court plaster in any form, and especially against that sold by itinerant peddlers.

Some of this sold on the street by peddlers was recently analyzed in an Illinois town and it was found to contain the germs of tetanus, and other disease germs have been found in other samples. In cases where the court plaster is moistened and stuck onto a sore or abrasion of the skin, there is often infection carried to the place that will cause much more trouble than would be the case were nature allowed to heal the cut without any assistance in any way.

## ATTEMPTED MURDER AT POINT

August Stanke, a plasterer living at Stevens Point, attempted to kill his wife, Monday night, and later killed himself by cutting his throat with the same knife that he had used to stab and hack his wife with. The woman sustained several wounds, but it is thought that she will recover. Mrs. Stanke had been supporting her husband for the past eight years by sewing and when she started divorce proceedings, the man became so jealous that he went to the point with the avowed intention of killing her. There are eight children, ranging in age from 17 to 3 years.

## BOY SCOUTS WILL CAMP

Scoutmaster Leonard Kinstler reports that he will go to camp with about eighty boy scouts on the 15th of August. After looking things over pretty thoroughly he decided upon Silver Cryst Lake near Wautoma as the best place for the camp. There is a fine water there, some fishing, good shade and high, dry land for camping purposes, and there is no doubt but what it will prove an ideal spot for the purpose.

Mr. Kinstler states that there will be a number of boys from out of town with him, there being some from Necedah, Nekosia, Port Edwards, and Hobart and there are some applications from Milwaukee, but it is not his intention of accepting any from so far away, as it is entirely probable that he will have all he can accommodate in the camp without going so far from home.

A program has been arranged for each day, and the boys will have something to do at all times, arising at 6:30 in the morning and going to bed at 9 o'clock in the evening. Silver Cryst Lake is located about midway between Wild Rose and Wautoma, but is more easily reached from Wautoma, and the boys will probably go to this point by train, and from there to the lake either by auto, or else hike out, as the notion happens to strike them.

There are a number of other lakes in that immediate vicinity that could be reached with very little difficulty.

## FOOT BADLY CRUSHED

When his foot was caught under a car wheel, the man was on his occupation as brakeman, Earl S. Palmer, 618 Strong's avenue, had his right foot severely crushed near Harmon at 5:30 Wednesday afternoon. He was taken to the hospital at Superior, where he was mixed one, 901, from Owen to Superior, and was in charge of Conductor Lee Prentice and Engineer J. H. Holman. The accident took place just after the train had reached Superior.

Mrs. Palmer, accompanied by Mr. and Mrs. Hervey Johnson, left Wednesday night for Superior—Stevens Point Journal.

## DEATH OF ERIC NELSON

Eric Nelson, one of the old and respected residents of Grand Rapids, died at his home in this city on Friday, July 27th, at the age of 73 years. Deceased was born in Sweden on the 12th of April, 1839, and came to America in 1865, and came to this part of the country to live in 1893, considering the number of men that it has been possible to employ on the work. There is a lot of dirt still to handle on this work and until this is removed it will not be possible to do much of the actual paving. The street block of the pavement from Grand avenue south to the market square will be of brick, and the remainder of the distance concrete. It is also the intention to narrow the width of the car track with brick.

## EBBE-KAUDY

Miss Letta Ebbe and Mr. Leland Kaudy were married on Saturday evening at the Congregational parsonage, Rev. R. J. Locke performing the ceremony that made them man and wife. They were attended by Miss Agnes Ebbe and Mr. Louis Christiansen. Both of the contracting parties are well known here, the bride being the daughter of Mr. and Mrs. Henry Ebbe, who for some time past has acted as bookkeeper in the Jensen & Ebbe garage while the groom is the son of Mr. and Mrs. Matt Kaudy, and is a young man who has grown up in this community. The Tribune unites with their many friends in extending congratulations.

## A WEEK OF HOT WEATHER

Last week was a warm one for this section, mercury hovering between 90° and 100° nearly every day, while the nights were unusually warm for this section of the country. No rain fell in this city during the week, and while crops have not suffered on this account, an occasional rain would have relieved the heat to some extent. Corn has made a remarkable growth during the past couple of weeks, and is tasseled out in many places, and should frost hold off this fall as late as usual there is no question but what there will be a normal crop in this respect.

## QUIET ZONE ESTABLISHED

According to the Marshall Herald a quiet zone has been established about the hospital at Marshall. It seems the automobiles are the chief offenders, using the hospital grounds as a turn-around and opening their mufflers to make the grade at the hospital. It was asked of the owners of cars to run their machines quieter while near the hospital as the noise bothered the patients. Failing in this method, signs have been posted requiring quiet.

## SALOONKEEPERS IN BAD

According to the Tomahawk Leader the saloonkeepers in and around Tomahawk for a distance of seven miles are in bad, and warrants have been sworn out for the arrest of dozens of the offenders. The trouble is caused by the selling of intoxicating liquor to the guardians, some of whom were minors.

## WAUSAU WINS GAME

Those who saw the game of baseball on Sunday between the local team and the boys from Wausau, say that it was a very close game, the score being 6 to 9 in favor of the boys from Wausau. There wasn't a time during the game when the Grand Rapids players were causing their opponents any anxiety, it being all one way from start to finish.

## MILK PRICES SOAR

The local milkmen have raised the price of milk to 8 cents per quart, and while there is no combination, there was wonderful unanimity in the proceeding. The new order of things went into effect on the 1st of August.

## POULTRY CAR

I will be in Grand Rapids at the Northwestern depot with my poultry car, August 8th, to receive poultry. L. A. VanGelder.

## BAND CONCERT TONIGHT

The band will play a concert at the east side band stand this evening, should the weather permit. Concert will commence at 8 o'clock.

C. Johnson, a farmer living near Rhinelander, caught a pike in the Wisconsin river last week that weighed eleven pounds and three ounces. The Rhinelander News North says it was the largest fish of its species ever caught in Oneida county waters.

## VISITED AT CAMP DOUGLAS

Many auto parties from here went to Camp Douglas on Sunday to visit the boys who were in camp there and see what soldier life is like. They found the boys happy and well, and apparently enjoying the life as well as could be expected on as hot a day as Sunday was.

The story to the effect that the boys were being starved down at camp was before to be action. However, no man who has ever been a member of the national guard believed anything of this kind. The men are always given plenty to eat, but the manner in which it is served depends entirely upon the company cook, and there are many instances when his idea of cooking does not coincide with what a fellow's mother has been dishing up to him at home, and the boys are really hungry until they become accustomed to the new order of things.

The boys reported that 17 of Troop 10 had been transferred to a Milwaukee to fill out that unit, and while the boys did not like the change very much, there was nothing they could do about it.

Four of the boys have been discharged and sent home, either because they have dependents or on account of physical disability, they being John Voight, Leo Barrett, Julius Peters and Ernest Knoll.

## DON'T LIKE NEW LONDON

Owing to the fact that speed cars have been unusually active in the city of London, motorists have been notified to skirt that city in their travels. It seems that the cops over there have made a practice of following outside cars, and if they violate the law by even a little bit they are heavily fined. While it is the wish of every automobile association to have their members observe the law, they do not want such laws enacted that are about the proposition, and in a case of this kind they merely advise the members to keep away from a place of this kind, and the result is that the town supply men lose considerable revenue in the course of a season.

The automobile patronage amounts to considerable during the summer months, and most cities, both large and small, are doing all they can to get their share of the trade, and once a matter of this kind becomes noised around it means quite a loss to the city.

## PAVING WORK PROGRESSING

Work on the paving of Third avenue on the west side has been moving along as rapidly as can be expected, considering the number of men that it has been possible to employ on the work. There is a lot of dirt still to handle on this work and until this is removed it will not be possible to do much of the actual paving. The street block of the pavement from Grand avenue south to the market square will be of brick, and the remainder of the distance concrete. It is also the intention to narrow the width of the car track with brick.

## RETURN FROM THE WEST

Mr. and Mrs. Andrew Searls and daughter Mayme returned on Sunday from the southern part of the state where they had been visiting with relatives. They were on their way home from the west where they had visited the Yellowstone Park, and other points of interest, going over the Yellowstone Trail and returning over the southern route. They report a very pleasant trip and are well pleased with their outing.

## SUICIDE AT STEVENS POINT

Mrs. Fred L. Rosenow of Stevens Point committed suicide on Monday by turning on the gas in the kitchen range, allowing herself to become asphyxiated. Her husband came home at noon and found her sitting in a chair dead with gas escaping from all the burners in the stove. He called a doctor and got into the yard when he was also overcome. The woman was said to be suffering from some mental trouble from which she had attacks before.

## BLISS MAY GO TO WAR

According to the Merrill Herald Prof. F. L. Bliss, director of the Merrill Concert band, has been offered the position of director of the regimental cavalry band. The bandmaster ranks as first lieutenant and carries a salary of \$150 a month. Prof. Bliss has had considerable experience in conducting a regimental band, and would no doubt be a good man for the place. The professor has not stated whether or not he will accept the offer.

## CRANBERRY MEETING

The 30th summer meeting of the Wisconsin State Cranberry Growers Association will be held on Tuesday, August 14th, according to the call recently issued by the secretary, Mrs. S. N. Wier. The meeting this year will be held at the Pavilion and the business meeting will be called to order at 1:30 o'clock p. m.

The Wisconsin Cranberry Sales company will also hold a business meeting the same afternoon.

The new Citizens National Bank building was thrown open to the public on Saturday, and that afternoon there was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Ellis orchestra, for picnic and also a civic parade, and shown about the place and everybody seemed to admire the place from start to finish.

## METHODIST PICNIC

The Methodist Sunday school held a picnic at the Lyon park on Tuesday afternoon, at which there was a good turnout of both old and young. This park affords a most delightful place for picnic and also a very pleasant day during the warm weather when there are not parties there taking advantage of the shade and pleasant locality to have an outing.

## PROMOTED TO CAPTAINCY

Dr. W. G. Merrill of this city, who is stationed at the Wilbur Wright Aviation school at Fairfield, Ohio, has been promoted to the grade of captain in the commission dating from June 28th. The doctor's many friends in this city will be pleased to hear of his promotion.

## ARRESTED FOR SPEEDING

Carl Brandt was arrested on Saturday for speeding on the city streets and had to pay a fine and costs amounting to \$6.10 in order to appease the authorities.

Jensen & Ebbe installed a new 1000 gallon gasoline tank in front of their garage this week.

## The Bunte Cocoa Maid Brings Health and Economy

WHEREVER you see the

Grand Rapids, Wisconsin, August 2, 1917

DRUMB &amp; SUTOR, Publishers

## TRIAL BY COURT-MARTIAL

For Any Drafted Man Who Fails to Respond to the Call

Severe penalties are promised for any drafted man who does not respond to the call. That is generally understood, but what the drafted men may not know is that, if they fail to appear, they will be tried, not in the civil courts, but by court-martial with army officers constituting the judges and military punishments inflicted in cases of conviction.

## PICNIC POSTPONED

On account of inclement weather, the Red Cross benefit picnic basket picnic at the L. Chesebrough grove on the northeast of Chester school house was postponed until Sunday, August 5th.

Everybody come and give New Home Heights Auxiliary a helping hand.

## SPRINKLING NOTICE

—Trail further notice is given, no sprinkling of lawns, sidewalks or streets will be allowed except between the hours of 6 and 7 in the morning and 6 and 8 in the evening.

(Unless the above is complied with, water will be turned off and a charge of one dollar will be made for turning the water on again.)

C. P. GROSS, Supt.  
Water & Lighting Commission.

## ADVERTISED MAIL

List of advertised mail at the post-office, Grand Rapids, Wisconsin, July 23, 1917:

Ladies—Orean Marceau; Clara Miller; Eleanor Noonan; Margaret Shadlow; Gentlemen—Jacob S. Baker.

When calling for the above please say "advertised."

Wm. Gleue returned Monday from a business trip to Milwaukee.

## HOLSTEIN CATTLE IS SOLD

FOR \$53,200 AT SALE

All records for dairy cattle prices were laid to suit here at a Holstein sale held at Worcester, Mass., on June 7th and 8th. 144 head were sold for a total of \$296,635 or an average of \$2,059.96 per head. The sensation of the sale was the five months old calf, King Ormsby Jane Rag Apple, sired by Rag Apple Korndyke 8th, and from Ormsby Jane Rag Apple. It took just fifteen minutes from the time this youngster was sold into the sale ring until he was sold to the D. W. Field Farm Co. for \$53,200.

J. D. Muller of the town of Saratoga was in the city on Tuesday looking after some business matters. Mr. Muller harvested quite a crop of strawberries this season, all of which was disposed of in the local market without any difficulty. He reports that the last of the crop was gathered last week.

## WHY?

The band concert conducted from the band stand on the West Side all ways attract a large audience, and it is an anxious to learn why it is that, although the music sounds better, clearer and softer from the river bank on the East Side, the audience does not patronize the east bank, but everyone in the music the better it sounds, but in this instance this is not the case. I would like to see more people on the east side of the river on such occasions. The direction of the wind also has something to do with the sound.

—F. MacKinnon.

## OPEN SEASON FOR DEER

Pittsville Record: Deer can be hunted in Wood county this fall. This is the good intelligence received by the Record from Assemblyman Whittingham of Arpin, in connection to an article appearing in the Record a short time ago to the contrary. The deer season is the last ten days of November.

It seems that at the last moment the legislature, on representations made by Mr. Whittingham and Senator Witter, made Wood county an open county for the hunting of deer. Previous to this time the game laws of this legislature did not contain anything relative to the opening of the season in this county, and the belief got abroad that the county would remain closed.

Wood county has been a closed county for a number of years. Petitions from hunters and others interested at the time prompted a former legislature to the extent of closing the county for deer. Petitions for the opening of the county for deer hunting were introduced early in the year but owing to some mistake, but few of them got before the legislature. Realizing the feeling about the county the county representatives in the Wisconsin legislature got busy and had the closing law rescinded. The rabbit season has been changed to dates from October 15th to February 1st, making the open season.

## HARBORCRAFT BARN SOLD

The A. J. Harbrouck barn was on Saturday bought by C. W. Rood, who will tear the structure down at once and use a part of the lumber for the construction of a barn on his farm. The price paid for the building was \$285.

It is expected that it will be only a short time before this lot is cleared off and the city can commence the erection of the proposed fire station for which the property was bought.

## PARIS GREEN SCARC

Our local merchants have been put to their wits end during the past couple of weeks to supply the demand for Paris green in this locality, and notwithstanding their efforts they have at times been unable to supply the article. The potato vines have made a phenomenal growth this year, and the bugs have apparently been thicker than ever before, which has caused an unusual demand for poisons of this variety. Some of the potato growers have been using arsenate of lead, but there have been times when this could not be obtained either.

An alleged scientist states that this matter of being afraid of the dentist is all in the head. He says that if we practice not being afraid of being hurt when worked over by the dentist, that in time we will conquer the fear entirely and the dentist will be all in all. He says that there really is no pain. The trouble is that most people are not able to conquer this feeling until they have reached the age when all the teeth have disappeared and they need no more dental work done.

## MEN MUST APPEAR FOR EXAMINATION NEXT WEEK

Monday, Tuesday and Wednesday of next week, August 6, 7 and 8, are the days that have been selected for examinations, and thirty of the drafted men will be called for each day. In the following list will be found the names and numbers of those that have been drafted, and the first thirty of these will appear for examination on Monday, the second thirty on Tuesday and the third thirty on Wednesday.

Those who have been called out whether or not they have been called, as there is a severe penalty for not appearing, even if no official notice is received by the draft man.

Those who claim exemption will be furnished with forms for filling out and their claim will be taken under consideration by the board who will decide whether or not the claim is a legitimate one.

There has been considerable speculation as to whether a man who contracted marriage since the draft was made would be exempt on the claim of dependents. A ruling was made that a man who had married since that date would have no claim for exemption, and still if he has a wife dependent upon him he has such a claim. Even the best authorities on the matter have not been able to solve the problem. Another statement is made that any man who wishes to evade the draft in any way will be subject to punishment, and any person who assists him in evading it will also be subject to punishment, so that if a man married a young man and it could be proven that she did it for the purpose of assisting him in evading the draft, she would be subject to punishment. It is apparent that those in charge of the matter have thrown up their hands and are going to leave the matter to the exemption board.

## SAVE ONE SHOVELFUL A MILE

Railroads are making every effort to economize. The Soo line has issued an appeal to its engineers and firemen, requesting them to use every effort to cut down expenses in their respective departments. It is stated that the cost of the coal has increased nearly 100 per cent as compared with a year ago, every scoop of coal weighs about 18 pounds. A shovelful of coal is as it is in some cases, to use one less scoop per mile, 5 or 6 cents will be saved for the company, and for the world.

Care in the use of oil, waste and other supplies, it is urged, would add materially to the general plan of economy.

Relative to the increase in prices, the Soo line gives the following as typical percentages of higher cost in 1917 as contrasted with the 1916 cost: Railroad adzes, 125 per cent; stove pipe, 100 per cent; common padlocks, 100 per cent; firebox steel, 118 per cent; fire brick, Queen run, 116 per cent; blacksmith coal, 115 per cent; coke, 242 per cent. An increase of \$8.85 being recorded in the price of this commodity.

## NOW, WHY NOT?

When auto tourists enter Aurora, Ill., they are greeted at the city limits by a sign which reads, "Aurora, Wel. Come to Our City. Glad You Came Look Out for Cops." This puts the tourists in good humor at once and as he reduces speed going into town he is greeted by another sign which says, "Thank You."

As you leave Aurora the reverse side of the first sign, says, "So Long, Come Often, Stay Longer."

Something of the same kind at the city limits of Grand Rapids would be an excellent idea. The cost would be very small and the benefits would be many.

## ADVERTISED MAIL

List of advertised mail at the post-office, Grand Rapids, Wisconsin, July 30, 1917:

Ladies—Mary Curley; Mary Karnawski; Mrs. Lena Lindstrom (2).

Gentlemen—William Carmonay; Harry Donahue; W. M. Koshier; Martin McAndrews; Harry March; S. W. Parter; Ted Terry; J. A. Trantman; B. W. VanAkin; Emil E. Wegner.

When calling for the above please say "advertised."

## SAYS WE ARE ON THE BUM

Eugene Morse, assistant state plumbing inspector, was in the city last week looking over conditions and while here favored the Tribune office with a short call. Mr. Morse made the statement that the plumbing situation in Grand Rapids was about as bad as could be found in any city of its size in the state of Wisconsin, and that things ought to be looked after and the matter corrected.

When asked in what respects Grand Rapids was so far behind the times regarding the plumbing that has been done in the city, Mr. Morse did not give any specific explanation of his statement, but just said that the general conditions were bad. He stated that the adoption of the plumbing ordinance recently introduced into the city council would do much to correct the evils, and he was anxious to have the proposed ordinance adopted for the general good of the city.

## DON'T USE COURT PLASTER

Just at the present time there is a crusade against the use of court plaster in any form, and especially against that sold by itinerant peddlers.

Some of this sold on the street by peddlers was recently analyzed in an analysis made by the health department, and it was found to contain the germs of tetanus, and other disease germs have been found in other samples. In cases where the court plaster is used, it is not only a source of infection, but it is a source of trouble that will cause much more trouble than would be the case were nature allowed to heal the cut without any assistance in any way.

## ATTEMPTED MURDER AT POINT

August Stanke, a plasterer living at Stevens Point, attempted to kill his wife, Monday night and later killed himself by cutting his throat with the same knife that he had used to stab and hack his wife with. The woman sustained several severe wounds, but it is thought that she will recover. Mrs. Stanke had been supporting her husband for the past eight years by sewing and when she started divorce proceedings the man became so incensed that he went to her home with the avowed intention of killing her. There are eight children ranging in age from 17 to 3 years.

## BOY SCOUTS WILL CAMP

Scoutmaster Leonard Kinstler reports that he will go to camp with about eighty boy scouts on the 15th of August. After looking things over pretty thoroughly he decided upon Silver Cryst Lake near Wautoma as the best place for the camp. There is nice water there, some fishing, good shade and high dry land for camping purposes, and there is no doubt but what it will prove an ideal spot for the purpose.

Mr. Kinstler states that there will be a number of boys from out of town with him, there being some from Necedah, Nekoosa, Port Edwards, and he has also had some applications from Milwaukee, but it is not his intention of accepting any from so far away, as it is entirely probable that he will have all he can accommodate in the camp without going so far from home.

A program has been arranged for each day, and the boys will have something to do all the time, arising at 6:30 in the morning and going to bed at 9 o'clock in the evening.

Silver Cryst Lake is located about midway between Wild Rose and Wautoma, but is more easily reached from Wautoma, and the boys will probably go to this point by train and from there to the lake either by auto, or else hike up as the notion happens to strike them.

There are a number of other lakes in that immediate vicinity that can be reached with very little difficulty.

## FOOT BADLY CRUSHED

When his foot was caught under a car while he was crossing the tracks, Earl S. Palmer, 618 Strong Avenue, had his right foot severely crushed near Harmon at 5:30 Wednesday afternoon. He was taken to the hospital at Superior. The train was a mixed one, 501, from Owen to Superior, and was in charge of Conductor Lee Prentice and Engineer A. J. K. Resper. He was struck just after the train had reached Harmon.

Mrs. Palmer, accompanied by Mr. and Mrs. Harvey Johnson, left yesterday night for Superior—Stevens Point Journal.

Mr. Palmer is well known in this city, having formerly made his home here for a number of years. His friends will be sorry to hear of the unfortunate accident.

## DEATH OF ERIC NELSON

Eric Nelson, one of the old and respected residents of Grand Rapids, died at his home in this city on Friday, July 27th, at the age of 80 years. He was born in Sweden on the 12th of April, 1837, and came to America in 1865, and came to this part of the country to live in 1893, and has since made his home here.

Besides his wife, he is survived by three daughters and one son, the being Mrs. Wm. Pearson of Watertown, S. D.; Mrs. Carl Jacob of South Dakota; Mrs. Carl Jacob of Sisseton, S. D.; Mrs. Oscar Stenning of Raymond, S. D.; and Elmer Nelson of this city.

The funeral was held on Tuesday afternoon at the home, and the remains being interred in Forest Hill cemetery.

## EBBE-KAUDY

Miss Letta Ebb and Mr. Leland Kaudy were married on Saturday evening at the Congregational parsonage, Rev. R. J. Leckie officiating the ceremony that made them man and wife. They were attended by Miss Agnes Ebb and Mr. Louis Christensen. Both of the contracting parties are well known here, the bride being the daughter of Mr. and Mrs. Henry Ebb, who for some time past has acted as bookkeeper in the Ebbsen & Ebb garage, while the groom is the son of Mr. and Mrs. Matt Kaudy, and is a young man who has grown up in this community. The Tribune extends its congratulations to the happy couple.

## A WEEK OF HOT WEATHER

Last week was a warm one for this section, mercury hovering between 90° and 100° nearly every day, while the nights were unusually warm for this section of the country. No rain fell in this city during the week, and while crops have not suffered on this account, an occasional rain would have relieved the heat to some extent. Corn has made a remarkable growth during the past couple of weeks, and is tasseled out in many places, and should frost hold off this fall late as usual the crops will be all right but what they will be a normal crop in this respect.

## QUIET ZONE ESTABLISHED

According to the Marshall Herald a quiet zone has been established about the hospital at Marshall. It seems the automobile traffic in the vicinity of the hospital grounds as a turn-around and opening their mufflers to make the grade at the hospital. It was asked of the owners of cars to run their machines quieter while near the hospital as the noise bothered the patients. Failing in this method, signs have been posted requiring quiet.

## SALOONKEEPERS IN BAD

According to the Tomahawk Leader the saloonkeepers in the broad Tomahawk for a distance of seven miles are in bad, and warrants have been sworn out for the arrest of dozens of the offenders. The trouble is caused by the sale of intoxicating liquor to the guardians, some of whom were minors.

## WAUSAU WINS GAME

Those who saw the game of baseball on Sunday between the local team and the boys from Wausau, say that it was a game of the first degree, the score being 6 to 0 in favor of the boys from Wausau. There wasn't a time during the game when the Grand Rapids players were not anxious to win, and they were all on one way from start to finish.

## MILK PRICES SOAR

The local milkmen have raised the price of milk to 8 cents per quart, and while there is no combination, there was a wonderful unity in the proceeding. They have a new order of things went into effect on the 1st of August.

## POULTRY CAR

I will be in Grand Rapids at the Northwestern depot with my poultry car, August 8th, to receive orders. L. A. VanGelder.

## BAND CONCERT TONIGHT

The band will play a concert at the east side band stand this evening, should the weather permit. Concert will commence at 8 o'clock.

## C. JOHNSON, A FARMER LIVING NEAR

C. Johnson, a farmer living near Rhineland, caught a pike in the Wisconsin river last week that weighed eleven pounds and three ounces. The Rhineland News North says it was the largest fish of its species ever caught in Oneida county waters.

## VISITED AT CAMP DOUGLAS

Many auto parties from here went to Camp Douglas on Sunday to visit the boys who were in there and see what soldier life is like. They found the boys happy and well and apparently enjoying the life as well as could be expected on as hot a day as Sunday.

The story to the effect that the boys were being starved down at camp was found to be fiction. However, no man who has ever been a member of the national guard believed anything of this kind. The men are always given plenty to eat, but the manner in which it is served depends entirely upon the company cook, and there are many instances when his idea of cooking does not coincide with what a fellow's mother has been doing in the home at home, and the result is that some of the boys are really hungry until they become accustomed to the new order of things.

The boys reported that 17 of Troop G had been transferred to a Milwaukee to fill out that unit, and while the boys did not like the change very much, there was nothing they could do about it.

Four of the boys have been discharged and sent home, either because they have dependents or on account of physical disability, they being John Voight, Leo Barrett, Julius Peters and Ernest Knoll.

## DON'T LIKE NEW LONDON

Owing to the fact that speed cops have been unusually active in the city of New London, motorists in this city are a little bit in a hurry to get out of there. It seems that the cops over there have made a practice of following outside cars, and if they follow a car for a while they are hauled up before a local magistrate and fined for their offense. While it is the wish of every automobile association to have the cops out of the city, they do not want small town lawmen to be too much about the proposition, and in a case of this kind they merely advise the motorists to be careful of their speed, and if they are caught, they should be able to get out of the city without any trouble. It is also the intention to have the cops out of the city, and if they are caught, they should be able to get out of the city without any trouble.

## PAVING WORK PROGRESSING

Work on the paving of Third avenue on the west side has been moving along as rapidly as can be expected, considering the number of men that it has been possible to employ on the work. There is a lot of dirt still to be removed, and it will not be possible to do much of the actual paving. The first block of the pavement from Grand avenue south to the market square will be of brick, and the remainder of the distance concrete. It is also the intention to pave the width of the car track with brick.

## RETURN FROM THE WEST

Mr. and Mrs. Andrew Searls and daughter Mayme returned on Sunday from the southern part of the state, where they had been visiting with relatives. They were on their way home from the west where they had visited the Yellowstone Park and other points of interest, and on their return they had been visiting with relatives on the Yellowstone Trail and returning over the southern route. They report a very pleasant trip and are well pleased with their outing.

## SUICIDE AT STEVENS POINT

Mrs. Fred L. Rosnow of Stevens Point committed suicide on Monday by turning on the gas in the kitchen range and allowing herself to become asphyxiated. Her husband came home at noon and found her strung up in a chair dead with gas escaping from all the burners in the stove. He called a doctor and got into the yard when he was also overcome. The woman was said to be suffering from some mental trouble from which she had attacks before.

## BLISS MAY GO TO WAR

According to the Merrill Herald Prof. F. L. Bliss, director of the Merrill Co. band, has been offered the position of director of the regimental band of the 1st Infantry, U. S. Army. Bliss is a first lieutenant and carries a salary of \$150 a month. Prof. Bliss has had considerable experience in the conduct of musical affairs and would no doubt be a good man for the place. The professor has not stated whether or not he will accept the offer.

## CRANBERRY MEETING

The 30th summer meeting of the Wisconsin State Cranberry Growers Association will be held on Tuesday afternoon at the Pavilion and on Wednesday morning at the hotel. There was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Ellis orchestra, and there was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Ellis orchestra, and there was a large crowd there at all times to look over the premises.

## NEW BANK OPENED

The new Citizens National Bank building was thrown open to the public on Saturday afternoon. There was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Ellis orchestra, and there was a large crowd there at all times to look over the premises.

## METHODIST PICNIC

The Methodist Sunday school held a picnic at the Lyon park on Tuesday afternoon. There was a large crowd there at all times to look over the premises. Music was furnished during the afternoon by the Ellis orchestra, and there was a large crowd there at all times to look over the premises.

## PROMOTED TO CAPTAINCY

Dr. W. G. Merrill of this city, who is stationed at the Wilbur Wright Aviation school at Fairfield, Ohio, has been promoted to the grade of captain in the aviation corps from June 28th. The doctor's many friends in this city will be pleased to hear of his promotion.

## ARRESTED FOR SPEEDING

Carl Brandt was arrested on Saturday for speeding on the city streets and was fined \$5.00 and costs amounting to \$6.10 in order to appease the authorities.

Jensen & Ebb installed a new 100 gallon gasoline tank in front of their garage this week.

## The Bunte Cocoa Maid Brings Health and Economy

WHEREVER you see the chic and dainty Bunte maid—there you can buy delicious Bunte Cocoa.

The tasty flavor of Bunte's is a new delight—made possible by exclusive Bunte formula, plus choicest cocoa beans and clean-as-sunshine methods of making. No drugs with habit-forming tendencies. Just the right amount of cocoa butter-fat; Bunte's is extremely healthful.

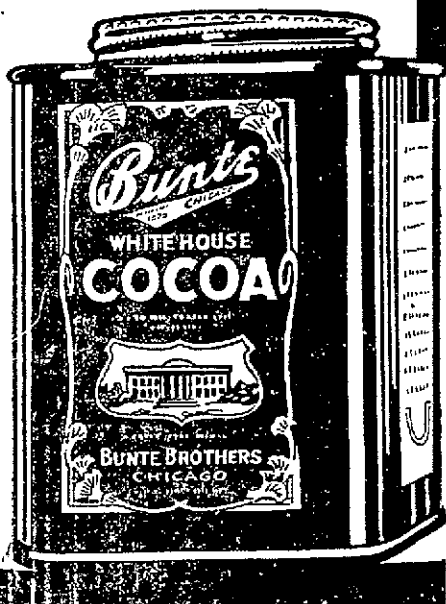

The big pound tin makes 120 cups for a cost of less than half-cent per serving. Bunte's offers true, sensible home economy. Start serving it today.

**Bunte Brothers**  
Chicago

Makers of world famous Bunte Candies and Cough Drops

Your good  
grocers carry  
Bunte Cocoa

## Semi-Annual Shoe Sale!

Saturday, Aug. 4  
TO  
Saturday, Aug. 11

The present market conditions are perhaps the most unusual we have ever had—leather is the highest it has ever been, and to offer Shoes today at prices that will appeal to our customers, means to sacrifice greatly—that we are going to do in this sale.

We must keep our stock

## A FRIEND'S ADVICE

### Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound and the result is I feel like a new woman. I am well and strong, do all my own housework and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. Nellie Fishback, 1621 Christy Ave., Louisville, Ky.

Everyone naturally desires the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

**KIDNEY TROUBLE**—Is a deceptive disease. You can make no mistake by using Dr. Kilmier's Swamp-Root, the great kidney medicine. At drug stores in fifty-cent and dollar sizes. Sample size bottle by Parcel Post, also pamphlet telling you about it. Write to Dr. Kilmier & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

**Read and Study Dr. David Roberts' Practical Home Veterinary**—Describes common animal ailments. Also gives directions for treatment. Cloth Bound—Price \$1.00. Postpaid cover from drug store. Write to Dr. David Roberts, Fly Oil, 100 Grand Ave., Waukegan, Ill.

**TYPHOID**—Is no more necessary than smallpox. Army experience has demonstrated the almost miraculous effect of the new treatment, the "Typhoid Vaccine." It is a most effective vaccine, and is given by injection. It is a most effective vaccine, and is given by injection. It is a most effective vaccine, and is given by injection.

**Kill All Flies!** THEY SPREAD DISEASE. Flood anywhere. Daisley Fly Killer attracts and kills all flies. Also kills mosquitoes, house flies, and all other annoying insects. Write to Daisley Fly Killer, 100 Grand Ave., Waukegan, Ill.

**PARKER'S HAIR BALM**—A toilet preparation of merit. It keeps the hair soft and healthy. It is a most effective hair balm, and is given by injection. It is a most effective hair balm, and is given by injection.

**W. N. U., MILWAUKEE, NO. 30-1917.** Strong Men. Tolstoid could lift 150 pounds with one hand, and when nearly sixty years of age he walked 130 miles in four days without fatigue.

It is told of Lincoln that he was able to lift three times as much as an ordinary man.

Foe was an athlete. Lamb and DeQuincy were both great walkers.

According to Dr. Rogers, Johnson, Tenneyson, Wadsworth, Browning, Gibson and Person were men of great physical powers as well as great geniuses.

Washington was able to throw a silver dollar farther than any man in his time and covered 24 feet in the broad jump, a record which stood unequalled for a century.—Good Health Magazine.

**Not Guilty.** In mighty wrath the sergeant came into the midst of the new batch of recruits and fixed his eagle eye on one who evidently was so horribly self-conscious that he simply hated to wash.

"Hi, you!" roared the fierce person. "Have you taken a bath?" Mild indignation was in the raw 'un's voice as he answered:

"No; is there one missing?"—London Tit-Bits.

**Ready to Give Instructions.** Louise is proud of a recently acquired accomplishment of learning to turn squanders. One day an untrained schoolteacher passed the yard where Louise was playing.

"Have you a little girl?" inquired Louise. "Yes," replied the teacher in jest. "Well, then," said Louise, "some day I am coming out and show her how to turn squanders."

**Bound to Be Heard.** "Why this sudden fondness for music?" "Well," replied Senator Sorghum, "in order to stay in the business a statesman must be heard. My people don't pay attention to my serious remarks, and they don't laugh at my funny stories. So, I've got it up to me to take things seriously."

**An American Prejudice.** "Is you de citizen dat referred to me as a Afro-American?" "Yes, I was respectfully intended." "Well, I'd like you to take it back. I don't want to hear nuffin' 'bout no designation dat's got a hyphen in it."

**Very Likely.** "A battery of the state militia of Utah were wooden horses for practice. And they say the men have their hands full managing them."

**Original Antipathy.** "What do you think of this man to conserve food supplies?" "Oh, I never did care for conserves."

It sometimes happens that a man is kept from squandering his money for mining stock because he has none to squander.

## FEMALE CROOKS POSE AS NURSES

### New Form of Criminal Activity Springs Up Among English Women.

London.—A new form of criminal activity has sprung up among women and it is giving the police a great deal of difficulty. It is the masquerading of women criminals in nurses' garb. The Red Cross insignia gain them entrance to many places where they otherwise could not go, and furthermore, their uniforms always suspicious.

At Scotland Yard the case is related of a woman in nurse's uniform who recently arrived very late at a Y. W. C. A. hotel. She told the matron she was the sister of a well-known nurse and that she wanted to stay overnight. Supper was furnished her and she was given a bed.

The next morning the "nurse" had disappeared and likewise all the cash and jewelry she could lay her hands on.

Another instance is furnished by an incident at a girls' club which is run for maidens workers.

A little woman dressed as a nurse came into the club one night, said several of the voluntary workers, including a woman doctor, and asked if she could do anything to help. She said that she was home on leave after nursing in France and did not like being entirely idle, and soon became one of the most regular workers at the club.

It was soon after the advent of Nurse G. that an intangible change was noticed in the conduct of the club. Nurse G. herself was called in for a committee consultation regarding it.

It was only when two outspoken girls sought a private interview with one of the woman workers that it was discovered that Nurse G. was no nurse at all and that she had used her position to act as a betting tout among the girls who came to the club.

**GIRLS FORM AVIATION CORPS**—Young Women of Los Angeles Offer Services and Airplanes to the Government.

Los Angeles.—Six young women of Los Angeles have formed an aviation corps and offered their services and their airplanes to the government for coast patrol work. The feminine patriots are studying aviation and have already made several successful flights.

"We girls feel that we may be able to offer valuable assistance," said Miss Alice La Chapelle, a skilled aviator, who is in charge of the corps. "When our soldiers are actively engaged in fighting in Europe probably all the aviators will be there, too. That may leave the coast in serious need of patrol aviators."

**BREAKS ARM OF "KNIFER"**—Mexican With Long Blade Has No Terrors for Squad of United States Soldiers.

Memphis, Tenn.—A Mexican with a long, keen knife may be a good man south of the Rio Grande, but he does not cut much figure when he tries to cut his way through a squad of American soldiers. So, Rosa, from town Mexico, came to Memphis and tried to cross a Mississippi river bridge guarded by the United States military.

He flashed his knife and slashed at a sergeant, but before he could kill in Mexican style one of the soldiers struck him over the arm with his gun. The arm was broken and the knife fell harmlessly onto the ground. The Mexican went to jail.

**THEY PRAY SO LOUD HE CAN'T SLEEP**—Preceptor, L. I.—Too much praying right out loud gives Andreus Duncany no chance to sleep. Duncany lives next door to the negro church here, and since the church has started Impressionist revivalist meetings he has written to Police Chief Hanes asking that prayers be suppressed. "Neither myself nor children are able to sleep," he complained.

**Wooden Leg for Defective Chicken.** Goshen, N. Y.—Edward Bennett, poultry funder of Orange county, N. Y., is considering making a wooden leg for a chicken hatched with only one leg. The chick has practiced until it can walk with one leg, but cannot scratch for food.

**"Christus" Goes to War.** Copenhagen.—Anton Lang, the Christus of Oberammergau's "Passion Play," finally has been called to the colors, according to a dispatch to the Berlin Tageblatt from Augsburg, Bavaria. Herr Lang hitherto has seen no service, although it has been reported repeatedly that he has been killed in the war.

**It is unofficially stated that 16,051,000 pounds of raw salmon were shipped from British Columbia to Pacific coast ports in the United States last year.**

**Cool Food on a Hot Day!** Bobbly SAYS TRY Post Toasties for lunch! THE NEW CORN FLAKES

**GUARD EQUIPMENT AT CAMP DOUGLAS**—TENTAGE, BLANKETS AND OTHER SUPPLIES ARRIVE AT MOBILIZATION GROUNDS.

**EXPECT TO GO SOUTH SOON**—Stay of Wisconsin Troops at Camp Douglas Will Be Short—Impression is Growing That They Will Be in Waco, Tex., Aug. 15.

Madison.—The tentage for the entire Wisconsin National guard has arrived at Camp Douglas and also the blankets and other equipment. The entire guard will be under tents in Camp Douglas within ten days.

The artillery, the cavalry and the Third Infantry, which has been in the federal service since March 25, are now all at Camp Douglas, with the exception of details of the Third on guard duty. The other regiments will move in this week, according to orders from Gen. Barry of the Department of the Lakes. In just what order they will move cannot be said, as no notifications are sent out for movement of troops until everything is ready.

The troops can be drilled at Camp Douglas regularly as long as the war department desires that they remain there. An impression is growing stronger, however, that the stay of Wisconsin troops in Camp Douglas will not be for long as the war department, so far, has given no hint that they will not be moved south quickly. It is likely all of the troops, including the transfer of the troops to the South, however, there will be maneuvers and drills at Camp Douglas. There is plenty of land there for all the drill work which may be desired.

Artillery drill has been going on in the camp ever since the artillery regiment was concentrated there. Cavalry drill will begin at once.

**OWEN IS AFTER MILKMEN**—Investigating Report of Illegal Varying Price by Southern Wisconsin Concern.

Madison.—Disregard of a law, relating to the purchase of milk, passed by the last legislature has just been brought to the attention of Attorney General Walter C. Owen.

## GUARD EQUIPMENT AT CAMP DOUGLAS

### TENTAGE, BLANKETS AND OTHER SUPPLIES ARRIVE AT MOBILIZATION GROUNDS.

Madison.—The tentage for the entire Wisconsin National guard has arrived at Camp Douglas and also the blankets and other equipment. The entire guard will be under tents in Camp Douglas within ten days.

The artillery, the cavalry and the Third Infantry, which has been in the federal service since March 25, are now all at Camp Douglas, with the exception of details of the Third on guard duty. The other regiments will move in this week, according to orders from Gen. Barry of the Department of the Lakes. In just what order they will move cannot be said, as no notifications are sent out for movement of troops until everything is ready.

The troops can be drilled at Camp Douglas regularly as long as the war department desires that they remain there. An impression is growing stronger, however, that the stay of Wisconsin troops in Camp Douglas will not be for long as the war department, so far, has given no hint that they will not be moved south quickly. It is likely all of the troops, including the transfer of the troops to the South, however, there will be maneuvers and drills at Camp Douglas. There is plenty of land there for all the drill work which may be desired.

Artillery drill has been going on in the camp ever since the artillery regiment was concentrated there. Cavalry drill will begin at once.

**OWEN IS AFTER MILKMEN**—Investigating Report of Illegal Varying Price by Southern Wisconsin Concern.

Madison.—Disregard of a law, relating to the purchase of milk, passed by the last legislature has just been brought to the attention of Attorney General Walter C. Owen.

A large milk concern, operating largely in southern Wisconsin, has sought to gain a foothold in one of the lake shore counties by paying prices in excess of those paid either in its home community or by the cheese factories and creameries in its new field. The difference in its two rates varying at times upwards of \$1 a hundred.

Attorney General Owen has not issued a ruling on the question, but said he was making an investigation. This law which was fathered in the legislature by Assemblyman Grell of Jefferson county prohibits the purchase of milk by a concern at varying prices in the different localities in which it operates.

**TRAIN SERVICE IS CRIPPLED**—Dubuque Division and Burlington Road Tracks Washed Out by Heavy Rains Near La Crosse.

La Crosse.—One of the heaviest rainfalls in years has visited this section and has practically crippled train service on the Dubuque and the Reno-Preston divisions of the Milwaukee road, the Burlington road south of here, and the La Crosse and Southeastern line from here to Viroqua.

Sections of track 150 feet long were washed out. The Burlington suffered at Genoa, where the Bad Ax river became a rushing flood, carrying everything before it. The Reno-Preston branch in Minnesota was under water, and service was delayed for some time.

There is a big washout near Brownville, Minn., where the Southeastern is practically under water most of way.

**Man Builds Entire House Alone.** Fond du Lac.—Utilizing all of his spare time in the evening for the last six months, R. P. Kumasch has just completed a modern residence. He has built the entire structure himself, with the exception of a few heavy timbers, in the moving of which relatives helped.

**Good Post for Educator.** Madison.—President J. W. Crabtree of the River Falls normal school has been offered the position of secretary of the National Educational association and the chances are that he will accept the position.

**Couple Is Released.** La Crosse.—Myrtle Sanborn and William Colbert, who came here in a box car, the girl dressed as a man, were released by the police after the police of Dubuque, Ia., sent word that the pair were brother and sister.

**New Pastor for Fond du Lac Church.** Fond du Lac.—The Rev. W. S. Stewart of Independence, Ore., will succeed the Rev. P. Van Zandt as pastor of the First Baptist church. He will take charge Sept. 15.

**Badger Cattle Are in Demand.** Oshkosh.—Two and a half carloads of pure bred and high grade Winnebago county dairy calves and young pure bred sires were shipped to a N. D. dairy district near Johnstown, N. D., for a community association.

**Names County Judge.** Madison.—Gov. Philipp has appointed A. F. Wright of Cumberland, as county judge of Barron county to succeed Judge C. W. Meadows of the city of Barron, resigned.

**Ripon College President Leaves.** Ripon.—The resignation of Dr. Elias Evans as president of Ripon college, has been accepted by the board of trustees. He will leave here Aug. 11 for Los Angeles, where he will be at Occidental college.

**Predict Dollar Potatoes.** Neenah.—Predictions are made here that potatoes will sell around \$1 a bushel in this locality this fall. Potato crops are reported to be in a flourishing condition.

**Open Fresh Air Camp.** Neenah.—The third annual fresh air camp for children was opened on a farm two and one-half miles south of this city. This camp is made possible through the generosity of some of the charitable citizens of Neenah, aided by municipal appropriations.

**Aids Red Cross.** Darlington.—The town of Viola, Lafayette county, purely an agricultural and dairying community, raised \$2,480 for the Red Cross.

**Adams County Judge Is Dead.** Portage.—Judge John Keyes, for many years county judge of Adams county, died at his home at Friendship, after a long illness.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Maiden Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

## HELD ON BLACKMAIL CHARGE

Police Claim Madison Man Threatened Mrs. Vilas With Death Unless She Turned Over \$1,000.

Madison.—Irwin L. Schaffer, arrested on a charge of attempting to extort money from Mrs. William S. Vilas under a threat of death, was arraigned in the Superior court of Dane county, and entered a plea by his attorney, former Attorney General Frank L. Gilbert, of not guilty, and at the request of the attorney was placed under a bond of \$1,000 and ordered committed to the state insane asylum at Mendota for examination and observation as to his sanity.

If Schaffer is found mentally irresponsible, he will be committed to one of the state insane asylums, for an indefinite period. If he is found to have been sane when he wrote the threatening letter to Mrs. Vilas, and went to the bridge on the university grounds to get the \$1,000 in money which he demanded, that she have placed there for him, he will be prosecuted under the statutes prohibiting persons from attempting to extort money from others by threat.

Schaffer went in court, but made no statement to the court. Mrs. Vilas, it is understood, does not desire to have Schaffer punished.

**AUTOS TO AID IN HARVEST**—Flying Squadrons Being Organized Throughout State to Take Laborers To and From Fields.

Madison.—The state council of defense has appealed to automobile owners to enlist in the flying squadrons which will help harvest the 1917 crop in Wisconsin.

Kenosha county organized the first squad several weeks ago, and there many women enlisted not only their machines but their own services. Langlade county has a flying squadron which will take labor to and from the fields, and in addition the businessmen of Arwig will suspend their own work for ten days to give the country districts the benefit of the labor thus released.

In many cases farmers' wives will be unable to feed the extra help needed, and it will be the duty of the flying squadrons in the district to carry the labor from the cities to the fields and bring the men back to their homes at night. Under the arrangement, one meal will be furnished at the farm and in many cases lunches will be furnished which can be easily augmented from the farm kitchen.

**NO HEIR TO BIG FORTUNE**—Former Racine Woman Dies in Illinois Leaving \$80,000 Estate and No Will.

Racine.—A strange case has come up in Cook county, Ill., and concerns one Mrs. Taatze Gradschilling-Schluter, formerly of Racine. Mrs. Schluter leaves \$80,000 and no will. Mrs. Schluter was married twice, first to Mr. Gradschilling, and next to Mr. Schluter, both of Racine.

She lived as a hermit in Chicago and upon her death at the age of 82 years, \$80,000 in cash and several thousand dollars' worth of government bonds were found in her room. On bringing the case to Probate court, no relatives could be found except nieces and nephews, and as the estate was about to be turned over to them, a woman claiming to be Mrs. Schluter's daughter appeared from Oklahoma and entered a claim to the estate. Lawyers are investigating the matter.

**TWINE PLANT MAKES MONEY**—Financial Report Shows Net Profit of \$152,494 During Fiscal Year Ending June 1, 1917.

Madison.—According to a financial statement filed with Gov. Philipp the twine plant at Waupun made a net profit of \$152,494.14 during the fiscal year ending June 1, 1917.

A statement covering the activities of the prison which gives the total receipts and expenditures, shows the receipts to have exceeded the expenditures by \$69,201.04 during 1917.

The twine plant report shows that the gross sales of twine in the fiscal year 1916-17 amounted to \$525,875.33. Deducting returns, allowances and discounts, the net sales amount to \$500,817.71.

The total receipts of the plant were \$501,470.29 and the total expenditures \$3,852.58, leaving the net profit of \$152,494.14.

**Two Down at Beloit.** Beloit.—With his wife and child witnesses to their death struggles, John Chapman of Rockford, Ill., and Miss Emma Sammon, a trained nurse of Rockford, were drowned in Pecatonica river near here.

**State Licenses Corporation.** Madison.—The Employer Indemnity corporation of Kansas City, Mo., was licensed to do business in Wisconsin. The total assets of the company is \$448,818.

**Building Big Warehouse.** Menasha.—The John Strange Paper company is erecting a six-story warehouse on the east side of the city. It will be one of the largest structures of its kind in the Fox river valley when completed.

**Coupling Pin Is Used on Man.** Marinette.—After being struck on the head with a coupling pin and robbed of \$12.50, Henry Des Jardin crawled 200 feet to his home. His condition is critical.

**Hold Mauston Slayer Was Insane.** Mauston.—The coroner's inquest on the murder of Louis I. Alsbacher, city treasurer; his mother, Mary, and the killing of David L. Gray, resulted in a verdict that Gray shot Alsbacher and his mother, Mary, in a fit of insanity.

**Marinette Pioneer Dies.** Marinette.—Mrs. S. V. D. Philbrook, aged 80, pioneer of Marinette, is dead. She is survived by her husband, who was one of the early shipbuilders of this region.

**Open Fresh Air Camp.** Neenah.—The third annual fresh air camp for children was opened on a farm two and one-half miles south of this city. This camp is made possible through the generosity of some of the charitable citizens of Neenah, aided by municipal appropriations.

**Aids Red Cross.** Darlington.—The town of Viola, Lafayette county, purely an agricultural and dairying community, raised \$2,480 for the Red Cross.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Maiden Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

## FARMERS ACTIVE IN LAND CLEARING

### DEMONSTRATION TRIP THROUGH NORTHERN WISCONSIN HAS HAD GOOD EFFECTS.

Madison.—The demonstration trip through northern Wisconsin to display the best methods of stumping land have had good effects. County farm agents in various counties declare that five times as much stumping machinery has been bought, there is much more inquiry for Upper Wisconsin land and many more settlers. County agents give abstracts of reports as follows:

**Agribusiness Agents in Various Counties Report That Much Stump Pulling Machinery Is Being Bought This Year.**

Madison.—The demonstration trip through northern Wisconsin to display the best methods of stumping land have had good effects. County farm agents in various counties declare that five times as much stumping machinery has been bought, there is much more inquiry for Upper Wisconsin land and many more settlers. County agents give abstracts of reports as follows:

**TONS OF DYNAMITE USED**—Vilas County—Ten tons of dynamite were used in the clearing of land. There will be more land cleared in two months this year than in any five-year period before.

Taylor County—Farmers want all the dynamite they can get and more, too. Every pound of dynamite in the hands of a good farmer means more tillable land. The bankers are with us, and all are busy.

Oneida County—More than six tons of dynamite will be here for immediate use, and farmers will follow with an order for another six tons. There will be more land cleared here in any two years previous.

Ashland County—Have just completed the little job of unloading and distributing about twenty-one tons of dynamite to our farmers. Stump pulling is surely the biggest single aid to food production that farmers here can give.

**SHIELDS FOUND NOT GUILTY**—Superior Politician Is Freed of Federal Charge Involving Woman—Jury Out Four Hours.

La Crosse.—Robert J. Shields, well known Superior politician, is a free man. A jury in federal court here returned a verdict of not guilty after considering for four hours all the evidence which the government introduced in its white slave case against the Superior business man in an effort to send him to the penitentiary.

He was charged with bringing Miss Jeannette Palmer, also known as Mary Ganley, from Chicago to Superior in 1912 for the purpose of starting a house of ill fame.

An indictment was returned in 1916 during the term of the late John A. Aylward as district attorney. Aylward and Shields were bitter political enemies, but the former died before he could prosecute the Superior man.

The testimony in the case was of a conflicting nature as to dates, and William S. Forest, leading Chicago criminal lawyer, clearly established a motive of revenge on the part of Miss Palmer, evidence which the jurors believed, it developed after the verdict.

**STATE IS READY FOR DRAFT**—Holway Says Physical Examinations Will Start as Soon as Order Is Received from Washington.

Madison.—Just as soon as word is received from Washington to go ahead with physical examinations under the draft, Adj. Gen. Holway says work will be started.

Local boards will pass on the men under the draft. Appeals will be taken to central boards of which there will be three in the eastern central district and two in the western central district of Wisconsin.

Adj. Gen. Holway said that while these appeal boards had already been appointed by the President in thirty-six states, no appointments had as yet been made for Wisconsin.

**Expect Cheese Prices to Drop.** Plymouth.—Wisconsin cheese is due for a sudden drop. The eastern markets are all lower and there is a general feeling among dealers that owing to the large production in Wisconsin the prices must come down. There is in storage in the United States twice as much cheese as a year ago it is claimed.

**Combat Hay Fever.** Madison.—If you suffer from hay fever, demand that your noxious weed ordinance be enforced, says the state board of health in putting out some general instructions for hayfever subjects. If the 1,000,000 hay-fever sufferers in the United States make the demand, the board believes there will soon be no necessity for issuing these annual instructions.

**Pencil Explodes; Child Loses Fingers.** Green Bay.—Authorities are investigating an explosion which blew off three fingers of Ludvina Roskoski, 9 years old, in her home while she was handling a pencil which had been found on the street by a relative employed as a street sweeper.

**Record Potato Crop.** Maiden Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Maiden Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

## EFFECT OF INSECTS ON WAR

Relationship Is Closer Than Most People Realize, According to U. S. Bureau of Entomology.

Entomology, that branch of zoology which treats of insects, has a much closer relation to war problems than most people realize, and the bureau of entomology has asked that pamphlets, circulars, posters, leaflets, etc., pertaining to war phases of this field of science be sent to its office in Washington, so that they can be assembled and classified for future reference, says Popular Mechanics Magazine.

Among the questions that properly come under this head and have a bearing on the war are those pertaining to the attacks of insects on crops, the prevention of mosquitoes, insects in food and water, and so on. While many publications will not possess material of special scientific value, all will at least have a historic interest.

**FOR PIMPLY FACES**—Cuticura Is Best—Samples Free by Mail to Anyone Anywhere.

An easy, speedy way to remove pimples and blackheads. Smear the affected surfaces with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water, bathing some minutes.

## A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctor said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight-pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. Nellie Fishback, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

**KIDNEY TROUBLE**—Is a deceptive disease. You can make no mistake. Dr. Kilmor's Swamp-Root, the great kidney medicine, at drug stores in fifty-cent and dollar sizes. Sample size sent by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

Read and Study Dr. David Roberts' Practical Home Veterinarian. Dose for common animal ailments. Cloth Bound—Price \$1.00. Free from 100 to \$1.00. Free from 100 to \$1.00. Free from 100 to \$1.00.

**TYPHOID**—Is an acute disease. It is more fatal than cholera. Dr. Kilmor's Swamp-Root, the great kidney medicine, at drug stores in fifty-cent and dollar sizes. Sample size sent by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

**Kill All Fleas!**—They spread disease. Dr. Kilmor's Swamp-Root, the great kidney medicine, at drug stores in fifty-cent and dollar sizes. Sample size sent by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

**Parker's Hair Balm**—A toilet preparation of merit. It is for the hair. Dr. Kilmor's Swamp-Root, the great kidney medicine, at drug stores in fifty-cent and dollar sizes. Sample size sent by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

**W. N. U., MILWAUKEE, NO. 30-1917.**

**Strong Men.** Tolsted could lift 180 pounds with one hand, and when nearly sixty years of age he walked 130 miles in four days without fatigue.

It is told of Lincoln that he was able to lift three times as much as an ordinary man.

He was an athlete. Lamb and DeQuincy were both great walkers.

According to Dr. Roberts, Dr. Kilmor's Swamp-Root, the great kidney medicine, at drug stores in fifty-cent and dollar sizes. Sample size sent by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmor & Co., Birmingham, N. Y., and enclose ten cents, also mention this paper.

Washington was able to throw a silver dollar further than any man in his time and covered 24 feet in the broad jump, a record which stood unequalled for a century.—Good Health Magazine.

**Not Guilty.** In mighty wrath the sergeant came into the midst of the new batch of recruits and fixed his eagle eye on one who evidently was so horribly self-conscious that he simply hated to wash.

"Hi, you!" roared the fierce person. "Have you taken a bath?"

Mild indignation was in the raw recruit's voice as he answered:

"No; is there one missing?"—London Tit-Bits.

**Ready to Give Instructions.** Louise is proud of a recently acquired accomplishment of learning to turn squarersaults. One day an unassuming schoolteacher passed the yard where Louise was playing.

"Have you a little girl?" inquired Louise.

"Yes," replied the teacher in jest. "Well, then," said Louise, "some day I am coming out and show her how to turn squarersaults."

**Bound to Be Heard.** "Why this sudden fondness for music?"

"Well," replied Senator Sorghum, "in order to stay in the business a statesman must be heard. My people don't pay attention to my serious remarks, and they don't laugh at my funny stories. I guess it's up to me to take singing lessons."

**An American Prejudice.** "Is your child that retarded to me as an Afro-American?"

"Yes, it was respectfully intended." "Well, I'd like you to take it back. I don't want to hear nigger 'bout no designation that's got a hyphen in it."

**Very Likely.** "A battery of the state militia of Utah uses wooden horses for practice. And they say the men have their hands full managing them."

"Hands full of splinters, I suppose they mean."

**Original Antipathy.** "What do you think of this move to conserve food supplies?"

"Oh, I never did care for conserves."

It sometimes happens that a man is kept from squandering his money for making stock because he has none to squander.

**Cool Food on a Hot Day!** Bobby says TRY Post Toasties for lunch! THE NEW CORN FLAKES

## FEMALE CROCKS POSE AS NURSES

New Form of Criminal Activity Springs Up Among English Women.

London.—A new form of criminal activity has sprung up among women and it is giving the police a great deal of difficulty. It is the impersonation of women criminals in nurses' gowns. The Red Cross hospital gains their entrance to many places where they otherwise could not go, and, furthermore, their uniforms always suspicious.

At Scotland Yard the case is reported of a woman in nurse's uniform who recently arrived very late at a U. W. C. A. hotel. She told the matron she was the sister of a well-known woman and that she wanted to stay overnight. Supper was furnished her and she was given a bed.

The next morning the "nurse" had disappeared and likewise all the cash and jewelry she could lay her hands on.

Another instance is furnished by an incident at a girls' club which is run for maidens workers.

A little woman dressed as a nurse came into the club one night, saw several of the voluntary workers, including a woman doctor, and asked if she could do anything to help. She said that she was home on leave after nursing in France and did not like being entirely idle, and soon became one of the most regular workers at the club.

It was soon after the advent of Nurse G. that an intangible change was noticed in the conduct of the club. Nurse G. herself was called to a committee consultation regarding it. It was only when two outspoken girls sought a private interview with one of the woman workers that it was discovered that Nurse G. was no nurse at all and that she had used her position to act as a betting tout among the girls who came to the club.

**GIRLS FORM AVIATION CORPS**—Young Women of Los Angeles Offer Services and Airplanes to the Government.

Los Angeles.—Six young women of Los Angeles have formed an aviation corps and offered their services and their airplanes to the government for coast patrol work. The feminine patriots are studying aviation and have already made several successful flights.

"We girls feel that we may be able to offer valuable assistance," said Miss Alice La Chapelle, a skilled aviator, who is in charge of the corps. "When our soldiers are actively engaged in fighting in Europe, probably all the aviators will be there too. That may leave the coast in serious need of patrol aviators."

**BREAKS ARM OF "KNIFER"**—Mexican With Long Blade Has No Terrors for Squad of United States Soldiers.

Memphis, Tenn.—A Mexican with a long, keen knife may be a good man south of the Rio Grande, but he does not cut much figure when he tries to cut his way through a squad of American soldiers. Suro Rofin, from western Mexico, came to Memphis and tried to cross a Mississippi river bridge guarded by a contingent of the Alabama National Guard, in federal service. He flung his knife and slashed at a sergeant, but before he could kill in Mexican style one of the soldiers struck him over the arm with his gun. The arm was broken and the knife fell harmlessly onto the ground. "The Mexican went to jail."

**THEY PRAY SO LOUD HE CAN'T SLEEP**—Freeport, L. I.—Too much praying right out loud gives Ambrose Dunsenley no chance to sleep. Dunsenley lives next door to the negro church here, and since the church has started impassioned revivalist meetings he has written to Police Chief Hines asking that prayers be suppressed. "Neither myself nor children are able to sleep," he complained.

**Wooden Log for Defective Chicken.** Goshen, N. Y.—Edward Bennett, poultry funder of Orange county, N. Y., is considering making a wooden log for a chicken hatched with only one leg. The chick later hatched until it can walk with one leg, but cannot scratch for food.

**"Christus" Goes to War.** Copenhagen.—Anton Lang, the Christus of Oberammergau's "Passion Play," finally has been called to the colors, according to a dispatch to the Berlin "Tagblatt" from Augsburg, Bavaria. How Lang himself has seen no service, although it has been reported repeatedly that he has been killed in the war.

**It is unofficially stated that 16,061,000 pounds of raw salmon were shipped from British Columbia to Pacific coast ports in the United States last year.**

## GUARD EQUIPMENT AT CAMP DOUGLAS

TENTAGE, BLANKETS AND OTHER SUPPLIES ARRIVE AT MOBILIZATION GROUNDS.

EXPECT TO GO SOUTH SOON

Stay of Wisconsin Troops at Camp Douglas Will Be Short—Impression is Growing That They Will Be in Waco, Tex., Aug. 15.

Madison.—The tentage for the entire Wisconsin National guard has arrived at Camp Douglas and also the blankets and other equipment. The entire guard will be under tents in Camp Douglas within two days.

The artillery, the cavalry and the Third Infantry, which has been in the federal service since March 25, are now all at Camp Douglas, with the exception of details of the Third on guard duty. The other regiments will move in this week, according to orders from Gen. Barry of the Department of the Lakes. In just what order they will move cannot be said, as no notifications are sent out for movement of troops until everything is ready.

The troops can be drilled at Camp Douglas regularly as long as the war department desires that they remain there. An impression is growing stronger, however, that the stay of Wisconsin troops in Camp Douglas will not be for long as the war department, so far, has given no hint that they will not be moved south quickly. It is likely all of the troops, unless the order is changed, will be in Waco, Tex., by Aug. 15.

Pending the transfer of the troops to the South, however, there will be maneuvers and drills at Camp Douglas. There is plenty of land there for all the drill work which may be desired.

Artillery drill has been going on in the camp ever since the artillery regiment was concentrated there. Cavalry drill will begin at once.

**OWEN IS AFTER MILK MEN**—Investigating Report of Illegal Varying Price in Southern Wisconsin.

Madison.—Disregard of a law, relating to the purchase of milk, passed by the last legislature has just been brought to the attention of Attorney General Owen.

A large milk concern, operating largely in southern Wisconsin, has sought to gain a foothold in one of the lake shore counties by paying prices in excess of those paid elsewhere. The difference to its two dairies varying at times upwards of \$1 a hundred.

Attorney General Owen has not issued a ruling on the question, but said he was making an investigation. This law which was fathered in the legislature by Assemblyman Grell of Jefferson county prohibits the purchase of milk by a concern at varying prices in the different localities in which it operates.

**NO HEIR TO BIG FORTUNE**—Former Racine Woman Dies in Illinois Leaving \$80,000 Estate and No Will.

Racine.—A strange case has come up in Cook county, Ill., and concerns one Mrs. Tanzi, Grodshilling-Schluter, formerly of Racine. Mrs. Schluter leaves \$80,000 and no will. Mrs. Schluter was married twice, first to Mr. Grodshilling and next to Mr. Schluter, both of Racine.

She lived as a homemaker in Chicago and upon her death at the age of 82 years, \$9,000 in real estate, stocks and bonds were found in her room. On bringing the case to Probate court, no relatives could be found except nieces and nephews, and as the estate was about to be turned over to them, a claim claiming to be Mrs. Schluter's daughter appeared from Oklahoma and entered a claim to the estate. Lawyers are investigating the matter.

**TWINE PLANT MAKES MONEY**—Financial Report Shows Net Profit of \$152,494 During Fiscal Year Ending June 1, 1917.

Madison.—According to a financial statement filed with Gov. Philipp the prison twine plant at Waupun made a net profit of \$152,494.14 during the fiscal year ending June 1, 1917.

A statement covering all the activities of the prison which gives the total receipts and expenditures, shows the receipts to have exceeded the expenditures by \$69,201.04 during 1917.

The twine plant report shows that the gross sales of twine in the fiscal year 1916-17 amounted to \$525,375.33. Including returns, allowances and discounts, the net sales amount to \$500,517.71.

The total receipts of the plant were \$501,470.29 and the total expenditures \$848,376.15, leaving the net profit of \$152,494.14.

**Two Drown at Beloit.** Beloit.—With his wife and child witnesses to their death struggles, John Chapman of Rockford, Ill., and Miss Emma were drowned in Peconic river near here.

**State Licenses Corporation.** Madison.—The Employer Indemnity corporation of Kansas City, Mo., was licensed to do business in Wisconsin. The total assets of the company is \$448,316.

**Building Big Warehouse.** Menasha.—The John Strange Paper company is erecting a six-story warehouse on its property here. It will be one of the largest structures of its kind in the Fox river valley when completed.

**Coupling Pin Is Used on Man.** Marinette.—After being struck on the head with a coupling pin and robbed of \$12.60, Henry Des Jardin crawled 200 feet to his home. His condition is critical.

**Hold Mauston Slayer Was Inane.** Mauston.—The coroner's inquest on the murder of Louis I. Alsbacher, city treasurer; his mother, Mary, and the killing of David L. Gray, resulted in a verdict that Gray shot Alsbacher and his mother, Mary, in a fit of insanity.

**Marinette Pioneer Dies.** Marinette.—Mrs. S. V. D. Philbrook, aged 80, pioneer of Marinette, is dead. She is survived by her husband, who is one of the early shipbuilders of this region.

**Open Fresh Air Camp.** Neenah.—The third annual fresh air camp for children has opened on a farm two and one-half miles south of this city. This camp is made possible through the generosity of some of the charitable citizens of Neenah, aided by municipal appropriations.

**Predict Dollar Potatoes.** Neenah.—Predictions are made here that potatoes will sell around \$1 a bushel in this locality this fall. Potato crops are reported to be in a flourishing condition.

**Ripon College President Leaves.** Ripon.—The resignation of Dr. Silas Evans as president of Ripon college, has been accepted by the board of trustees. He will leave here Aug. 11 for Los Angeles, where he will be at Occidental college.

**Names County Judge.** Madison.—Gov. Philipp has appointed A. F. Wright of Cumberland, as county judge of Barron county, to succeed Judge C. W. Meadows of the city of Barron, resigned.

**Adams County Judge Is Dead.** Portage.—Judge John Keyes, for many years county judge of Adams county, died at his home at Friendship, after a long illness.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Madison Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

## HELD ON BLACKMAIL CHARGE

Police Claim Madison Man Threatened Mrs. Vilas With Death Unless She Turned Over \$1,000.

Madison.—Irwin L. Schaffer, arrested on a charge of attempting to extort money from Mrs. William S. Vilas, is a threat of death, was arrested in the Superior court of this county, and charged a man by the name of Gilmer, of not guilty, and at the request of the attorney was placed under a bond of \$1,000 and ordered committed to the state insane asylum at Mendota for examination and observation as to his sanity.

If Schaffer is found mentally irresponsible, he will be committed to one of the state insane asylums, for an indefinite period. If he is found to have been sane when he wrote the threatening letter to Mrs. Vilas, and went to the bridge on the university grounds to get the \$1,000 in money which he demanded that she have placed there for him, he will be prosecuted under the statutes prohibiting persons from attempting to extort money from others by threat.

Schaffer went in court, but made no statement to the court, Mrs. Vilas, it is understood, does not desire to have Schaffer punished.

**AUTOS TO AID IN HARVEST**—Flying Squadrons Being Organized Throughout State to Take Laborers To and From Fields.

Madison.—The state council of defense has appealed to automobile owners to enlist in the flying squadrons which will help harvest the 1917 crop in Wisconsin.

Kenosha county organized the first squad several weeks ago, and there many women enlisted not only their own cars, but their own services. Langlade county has a flying squadron which will take labor to and from the fields, and in addition the businessmen of Avigo will spend their own work for ten days to give the country districts the benefit of the labor thus released.

In many cases farmers' wives will be unable to feed the extra help needed, and it will be the duty of the flying squadrons to take the laborers to the farm and bring the men back to their homes at night. Under this arrangement but one meal will be furnished at the farm and in many cases lunches will be furnished which can be easily augmented from the farm kitchen.

**SHIELDS FOUND NOT GUILTY**—Superior Politician Is Freed of Federal Charge Involving Woman—Jury Out Four Hours.

La Crosse.—Robert J. Shields, a well known Superior politician, is a free man. A jury in federal court here returned a verdict of not guilty after considering for four hours all the evidence which the government introduced in its white slave case against the Superior business man in an effort to send him to the penitentiary.

He was charged with bringing Miss Jeanette Palmer, also known as Mary Ganley, from Chicago to Superior in 1913 for the purpose of starting a house of ill fame.

An indictment was returned in 1916 during the term of the late John A. Aylward as district attorney. Aylward and Shields were bitter political enemies, but the former died before he could develop the Superior man.

The testimony in the case was of a conflicting nature as to date and William S. Forest, leading Chicago criminal lawyer, clearly established a motive of revenge on the part of Miss Palmer, evidence which the jurors believed, it developed after the verdict.

**STATE IS READY FOR DRAFT**—Holway Says Physical Examinations Will Start as Soon as Order Is Received from Washington.

Madison.—Just as soon as word is received from Washington to go ahead with physical examinations under the draft, Adj. Gen. Holway says work will be started.

Local boards will pass on the men under the draft. Appeals will be taken to central boards of which there will be three in the eastern central district and two in the western central district of Wisconsin.

Adj. Gen. Holway said that while these appeal boards had already been appointed by the President in thirty-six states, no appointments had as yet been made for Wisconsin.

**Expect Cheese Prices to Drop.** Plymouth.—Wisconsin cheese is due for a sudden drop. The eastern markets are all lower and there is a general feeling among dealers that owing to the large surplus in Wisconsin, the prices must come down.

There is in storage in the United States twice as much cheese as a year ago it is claimed.

**Combat Hay Fever.** Madison.—If you suffer from hay fever, demand that your noxious weed ordinance be enforced, says the state health officer in putting out some general instructions to hay fever sufferers. If the 1,000,000 hay fever sufferers in the United States make the demand, the board believes there will soon be no necessity for issuing these annual instructions.

**Pencil Explodes; Child Loses Fingers.** Green Bay.—Authorities are investigating an explosion which blew off three fingers of Ludvina Roskoski, 9 years old, in her home while she was handling a pencil which had been found on the street by a relative employed as a street sweeper.

**Record Potato Crop.** Madison Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Madison Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**Record Potato Crop.** Madison Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

## FARMERS ACTIVE IN LAND CLEARING

DEMONSTRATION TRIP THROUGH NORTHERN WISCONSIN HAS HAD GOOD EFFECTS.

TONS OF DYNAMITE USED

Agricultural Agents in Various Counties Report That Much Stump Pulling Machinery Is Being Bought This Year.

Madison.—The demonstration trips through northern Wisconsin to display the best methods of stumping lands have had good effects. County farm agents in various counties declare that five times as much stumping machinery has been bought, there is much more inquiry for Upper Wisconsin land and many more settlers. County agents give abstracts of reports as follows:

Vilas County.—Ten tons of dynamite unloaded here the other day. There will be more land cleared in two months this year than in any five-year period before.

Taylor County.—Farmers want all the dynamite they can get and more, too. Every pound of dynamite in the hands of a good farmer means more tillable land. The bankers are with us, and all are busy.

Oneida County.—More than six tons of dynamite will soon be here for immediate use, and farmers will follow with an order for another six tons. There will be more land cleared here than in any two years previous.

Ashland County.—Have just completed the little job of unloading and distributing about twenty-one tons of dynamite to our farmers. Stump pulling is surely the biggest single aid to food production that farmers here can give.

**SHIELDS FOUND NOT GUILTY**—Superior Politician Is Freed of Federal Charge Involving Woman—Jury Out Four Hours.

La Crosse.—Robert J. Shields, a well known Superior politician, is a free man. A jury in federal court here returned a verdict of not guilty after considering for four hours all the evidence which the government introduced in its white slave case against the Superior business man in an effort to send him to the penitentiary.

He was charged with bringing Miss Jeanette Palmer, also known as Mary Ganley, from Chicago to Superior in 1913 for the purpose of starting a house of ill fame.

An indictment was returned in 1916 during the term of the late John A. Aylward as district attorney. Aylward and Shields were bitter political enemies, but the former died before he could develop the Superior man.

The testimony in the case was of a conflicting nature as to date and William S. Forest, leading Chicago criminal lawyer, clearly established a motive of revenge on the part of Miss Palmer, evidence which the jurors believed, it developed after the verdict.

**STATE IS READY FOR DRAFT**—Holway Says Physical Examinations Will Start as Soon as Order Is Received from Washington.

Madison.—Just as soon as word is received from Washington to go ahead with physical examinations under the draft, Adj. Gen. Holway says work will be started.

Local boards will pass on the men under the draft. Appeals will be taken to central boards of which there will be three in the eastern central district and two in the western central district of Wisconsin.

Adj. Gen. Holway said that while these appeal boards had already been appointed by the President in thirty-six states, no appointments had as yet been made for Wisconsin.

**Expect Cheese Prices to Drop.** Plymouth.—Wisconsin cheese is due for a sudden drop. The eastern markets are all lower and there is a general feeling among dealers that owing to the large surplus in Wisconsin, the prices must come down.

There is in storage in the United States twice as much cheese as a year ago it is claimed.

**Combat Hay Fever.** Madison.—If you suffer from hay fever, demand that your noxious weed ordinance be enforced, says the state health officer in putting out some general instructions to hay fever sufferers. If the 1,000,000 hay fever sufferers in the United States make the demand, the board believes there will soon be no necessity for issuing these annual instructions.

**Pencil Explodes; Child Loses Fingers.** Green Bay.—Authorities are investigating an explosion which blew off three fingers of Ludvina Roskoski, 9 years old, in her home while she was handling a pencil which had been found on the street by a relative employed as a street sweeper.

**Record Potato Crop.** Madison Rock.—Home-grown potatoes are being marketed here and sell for \$3 a bushel. Potatoes will be a record crop in this section.

**Bury Wrong Man.** Beloit.—After having been found dead by a coroner's jury and buried in the potter's field in this city several months ago, Frank Johnson, a laborer, asked for food at a Beloit house. The question of who was buried remains unanswered.

**State Moose to Meet in Madison.** Madison.—Members of the Loyal Order of Moose from throughout the state will gather here in convention Aug. 25 and 26.

**Lightning Kills Many Cows.** Birchwood.—Lightning caused the death of many valuable cows owned by farmers in this vicinity during the heaviest electrical storm ever experienced in this section. Crops did not suffer to any great extent. Other damage was of a minor nature.

**A STATE HOME BANK**

**In Harvest Times**

This bank is at the service of every farmer in this community during the busy days of harvest and haying. Should you find it inconvenient to come to the bank in person you can send your deposits to us by mail. They will receive our prompt and courteous attention.

We will also be glad to furnish any needed funds at a moderate rate of interest and easy terms. Come in and see us.

**Bank of Grand Rapids**  
West Side

**The "Tinker House"**

Built of "Old Faithful" Hemlock, and "the handiest house on the place." Look at the plan—lots of light, two work benches, forge, anvil, drill, etc. A handy man could shoe a horse, do all his repair work, as well as "build things" in such a shop. The "Tinker House" is one of many in the list of "Old Faithful" Hemlock Books, which you can have for the asking. In each book is a coupon good for

**A FREE SET OF PLANS,**  
(for whatever you want to build) which you can get by bringing the coupon to us. Write "The Hemlock Manufacturers," Oshkosh, Wis., for book today. Practical, economical "Old Faithful" Hemlock is and has been the "stand-by" lumber for over 200 years.

**KELLOGG BROS. LUMBER CO.**  
Everything in Quality Lumber and Building Material  
Grand Rapids, Wis.

**DIFFERENT VIEWS**

Have you ever stopped to think that the same object does not look the same to all people.

A pebble in the road does not focus the same to the bird as it does to the man.

Remember this, a savings account that may look small to you today, may mean a MOUNTAIN OF COMFORT some day.

**United States Government Depository**  
**Wood County National Bank**  
Grand Rapids, Wis.

**SAFETY SERVICE**

**WELL FROM HAY LOFT**  
Herman Vandenberg of the town of Sherry had a close call from a well during the storm Tuesday afternoon. He fell 24 feet to the floor from the hay loft in his barn, and escaped with a broken right arm and other bruises.

**TWIN BABIES**  
Twin babies, a boy and a girl, each weighing ten pounds, were born to Mr. and Mrs. Paul Kitzke of Port Edwards on Wednesday.

**LOCAL AUTOIST FINED**  
Reginald MacKinnon was fined \$1 and costs before Judge Calkins this morning for operating his automobile on Third street last evening with the cut-out open. The fine was paid.

**NIAL BROWN SERIOUSLY ILL AT WAUSAU HOME**  
Wausau, July 31.—Nial Brown, one of the best known attorneys and industrial leaders of the state, is seriously ill at his home here. He is 61 years old.

Behind the standing freight rumbled another train. Straight on it came, faster and faster, and with no one to flag it, it crashed into the one that was waiting. The locomotive was completely demolished and several cars knocked off the track. Fire started and burned several cars.

**BOOKS FOR WAR CAMPS**  
If you cannot fight at the front, you can send a book to the man you are sending to the front to do your fighting for you. The government has asked the American Library Association to assume responsibility for supplying the camps and cantonments with reading material. Every group of soldiers is to have books. The Public Library in this city has been asked to make donations of books and magazines in Grand Rapids.

These will be sent to the various camps and cantonments throughout the country and will be made available to the soldiers, either directly, or through the chaplains of the army, the Y. M. C. A., the Knights of Columbus, and every other welfare agency at work in the camps.

The library association itself is, of course, nonsectarian, and it will cooperate harmoniously with all these other organizations.

If you will write in each book your name and address, the soldier who receives it will know that someone in Grand Rapids is his friend and stands ready to help him.

The following is suggested as to the books and magazines desired:

Poorly printed, uninteresting, out-of-date books, are not worth shipping to the men. Type should be clear and books in fair condition.

Books of good stories will be wanted most. Books of adventure, sea stories, detective stories, historical novels and collections of good short stories.

Such authors as Kipling, Doyle, McCutcheon, O'Henry, Stockton, Blodgett, Tarkington, Hopkinson, Smith, Oppenheim, etc., have been found popular authors with men. Good poetry is also wanted. Men must be helped by these libraries. Some of them have not established reading habits. Some of the books, must therefore, be light and easily read.

Foreign language study books, especially French grammars, are much needed. In one camp nearly one-half of the men are studying French. Books of travel, biography and history, especially lives of heroes and travels in the countries of war.

Technical books on aviation, wireless telegraphy, submarines, automobiles, etc.; ethical books on patriotism, courage, good citizenship.

Fresh, attractive magazines are desired, such as American, Century, Harper's, Everybody's, Popular Mechanics, Scientific American, Saturday Evening Post, etc.

All the old should be included.

The material is needed at once. Why not select the books which you will give today? Do not give worthless books. Give the best, good, fresh, interesting and valuable ones. Send the books and magazines to the Public Library between the hours of 9 to 12 a. m. and 2 to 5 p. m. upon any week day. If you cannot send the books notify the librarian and they will be called for. Phone No. 146. DO IT TODAY.

**A NARROW ESCAPE**  
One of the most wonderful accidents that we heard of for some years, occurred Friday morning one or two miles north of Lyndhurst. The little three-year-old son of Mr. and Mrs. Hains was on the railroad tracks when he got down to the track to play and was on the track when the passenger train was going to Eland. The engineer saw the little fellow and it is said that he made the quickest stop in his life. He did not go very far before the train had stopped. The little one was in the center of the track when the engine struck him and of course he was crushed. He was killed. To their astonishment the little one was under the engine and the only injury to him was two fingers of his right hand were taken off. The engineer took the little fellow from his position. Such accidents happen about once in ten thousand times.—Shawano County Advocate.

**ELKS PLAY SKAT**  
The Elks held their regular Skat tournament on Tuesday evening with the following results:

First—Dr. Houghton, 13 net games.

Second—J. Sharveski, 532 net points.

Third—Ray Love, 11 net games.

Fourth—J. Andrews, 425 net points.

Fifth—A. J. Hasbrouck, high hand with 120 points.

Ernest Doughty of the town of Rudolph was among the pleasant callers at the Tribune office this morning. He reports that the rain of Tuesday did the crops a lot of good out his way and that everything looks fine now.

The fact that they have nothing to say doesn't keep some people from saying it.

**WANT COLUMN**

**FOR SALE**—2 fly nets cheap; also buggy with 2 sets wheels, \$15.00. Mrs. A. Sickels. 2t

**FOR SALE CHEAP**—Ford touring car. Inquire of George F. Parnell. 1tpd

**FOR SALE**—Best northern Wisconsin cut-over lands and farms, 40 acres to sections, in the Fruit Belt. Best transportation, roads, schools, and markets. Satisfactory terms. Call on or address P. Dunnebecke, Manager, Bayfield Investment Association, Ashland Wisconsin. Office: Ashland National Bank Building. B. N. Pomeroyville, local agent. 26t

**FOR SALE**—Winchester trap resting shotgun nearly new and in first class condition; walnut trap stock and slides; cost \$50 new; will sell cheap if taken at once. Inquire at the Tribune office. 26t

**ROW CAUSES WRECK**  
Ashland, Aug. 1.—According to reports the feeling between an engineer and his fireman caused a freight wreck Saturday night at Elco, a small station near Antigo, which will cause the Northwestern railroad to lose \$100,000 of its equipment and rolling stock. That no one was killed or badly injured is a miracle.

There are, of course, two sides of the story, but all stories of accidents are told from the side of the engineer and the fireman. The engineer and the fireman are not keeping steam and the fireman is not keeping the engine from running. The fireman is not keeping the engine from running. The fireman is not keeping the engine from running.

As soon as the train stopped the two men leaped from the cab and proceeded to have it out in a fist fight on the railroad right of way.

The crew in the caboose at the end of the long train knew something was wrong. The conductor thought, however, that the train had stopped to let another pass on the side track. The brakeman thought that the air brake line had been parted, stopping the train, and started looking for the place.

Behind the standing freight rumbled another train. Straight on it came, faster and faster, and with no one to flag it, it crashed into the one that was waiting. The locomotive was completely demolished and several cars knocked off the track. Fire started and burned several cars.

**PICTURES AT DALY'S WEDNESDAYS**  
Friday, Saturday and Sunday: 5c to all.

Mr. and Mrs. Dominick Relland have moved into the Harold Boyington home on the east side.

Mrs. Dr. F. Pomeroyville returned on Saturday from New York where she had spent several days visiting with the doctor.

A. J. Kujawa of Rudolph was among the pleasant callers at the Tribune office on Tuesday, while in the city on business.

Mrs. Martha Johnson and daughter Margaret of Stevens Point arrived in the city Wednesday and will keep house for Peter Relland and family.

F. W. Huber who has been making his home with his sister, Mrs. H. Hahner for the past few years, departed this morning for Milwaukee where he will join the marines.

Mrs. John Banasik and son Florian of Chicago, arrived here last Friday where they will spend a few weeks visiting with her sister, Mrs. John Kollman.

Mr. and Mrs. John Wollach who have been located at Glenwood, Minn., for some time, arrived in the city on Saturday for a three weeks visit with their parents.

Mr. and Mrs. Guy Babcock returned last week from Colorado City, Colorado, where they had been visiting Mr. Babcock's mother for a month.

Take home a brick of Session's ice cream. We carry it in assorted flavors at 25c a pint or 45c a quart.

Michael Griffin, the newly appointed chief of police of the city of Marshfield, was in the city Thursday afternoon looking after some business matters and greeting his friends about the city.

George Tomake, who has been employed at the Consolidated mill for several years past, has resigned his position and gone to Winona where he has accepted a position with a new paper company.

Tony Shierling and wife and Frank Ruff and family of Bloomer autowed down on Saturday and visited until Monday at the home of Alderman Ferdinand Lind. The above ladies are sisters of Mrs. Link.

Marshall Herald, John Starlight, who has a walk like a caterpillar, says if the government drafts him they will get a poor excuse. During his marriage his wife has kicked him in every battle.

Mrs. Chas. Zebell of Milwaukee, who has been visiting at the home of her sister, Mrs. Leo Cook, returned to her home this week. She was accompanied by Mrs. Cook who will visit Milwaukee for two weeks.

Miss N. C. Muller who has been visiting in Cincinnati for several weeks past, returned to this city on Tuesday and will spend the remainder of her vacation with her father, Mr. B. Muller of the town of Saratoga.

Mrs. Chas. Bunde and son of Glidden who have been visiting at the home of her daughter, Mrs. George Tomake, have returned to their home. She was accompanied home by Mrs. Tomake and sons James and Gilbert.

The work of laying the brick in front of the court house was commenced on Wednesday afternoon, and notwithstanding the fact that there is not a very large force of men at work it will not be long before this part of the work is finished.

Albert Benson and Joe Grain departed today for Winona where they have accepted positions with the Winona Pulp and Paper Co. Mr. Benson will be employed as a heater engineer and Mr. Grain will be employed as a machine tender.

Mrs. Wm. Hall of Sioux City, Iowa arrived in the city on Tuesday to spend about a month visiting her mother, Mrs. Mrs. Hall, who has lived in our way to Buffalo, New York, where the family will make their home in the future.

W. L. Laine, who has been operating a harness shop on the east side for several years, packed up his stock Saturday and shipped same to Elkhardt Lake where he will open a shop. Mr. Laine's family will remain here for the present.

Joseph Grandshaw and Eugene Crockett of Mosinee, business visitors in the city between trains Tuesday and while here called at this office to advance their subscription for another year. They report things booming in Mosinee and that crops are excellent around there.

From a post card received at this office yesterday from Mr. and Mrs. Chas. Briere who are on their honeymoon to the coast. The card is dated Yellowstone Park, July 29th, and says: "Visited the geysers and enjoyed Wisconsin air in all four tires yet. No trouble at all. Just gas and oil."

Under an ordinance in Stevens Point the board of health rules that ice cream can not be sold in that city unless made from the product of tested cows. The board very sensibly holds that consumers of ice cream are entitled to the same protection as those who use cream in their coffee.

George Hill, a member of the Knudsen-Hill Dredging company, spent several days in the city the past week visiting with his relatives and friends. The company recently lost their dredge by fire, and it is now being rebuilt, and will soon be ready for operation again. The loss on the machine was covered by insurance.

Dr. George Houston was in LaCrosse on Monday where he took the examination for admission to the officers reserve camp which will be organized this month. The doctor has had three years' experience in the regular army, the greater part of which time was spent in the Philippines while this country was trying to establish a commonwealth there.

Trev B. Warner, one of the local agents for the New York Life insurance company, wrote 23 policies for his company during the month of July, which puts him among the highest in number of policies of any of their agents. Mr. Warner has been quite successful in the work ever since he took it up and has been among the high ones ever since he got familiar with the work.

Wm. Leese and O. S. Hanson of Strong's Prairie were in the city for a few hours on Tuesday, having driven up in Mr. Leese's car. They report things pretty dry down their way, no rain having fallen in amount for a couple of weeks past. Mr. Hanson reports that mercury stood at 107° in the shade at his place on Monday, which was the warmest they have had it down there.

P. H. Normington, a Marshfield man with quite a severe and painful accident while riding with a friend in an automobile. The car struck a bump and Frank was thrown so high that his nose came in contact with the top of the auto, striking a crossbar, and a gash was cut in his nose that it required several stitches to close. Beside the cut on his nose Mr. Normington is also sporting a pair of black eyes that are said to be fine specimens of the decorative art.

Tomah Journal: O. G. Malde, a specialist in cranberry culture, who has been in charge of the state experiment station at Cranmoor for the past few years, has been named as the representative of the re-organized company which owns the property at Watermill. The company has been known as the Tomah Lake company, but the name now adopted is Bonde View Cranberry Company. Mr. Malde has moved to Watermill and assumed the position of resident manager of the property.

Session's brick ice cream, assorted flavors, 25c a pint, 45c a quart at the Tribune office. Try some for your Sunday dinner.

**MISS GLADYS DURAND OF WAUSAU** is visiting at the Eugene Miller home. George Huntington was a business visitor at New Rome on Wednesday.

Walter Herschleb has accepted a position in the Citizens National Bank.

Barle M. Dease is at Prairie du Chien where he is taking treatment for rheumatism.

Misses Beth Lamberton and Ethel Laine have gone to the lakes at Wausau to spend a week.

Mrs. R. S. Payne and daughter Lola visited with relatives in Marshfield the past week.

Miss Arvilla Brown has returned from a visit with her sister, Mrs. Hugo Zillmer, at Watertown.

Rev. James Deans of Kewaunee has been visiting friends in this city several days during the past week.

R. F. Matthews entertained his tailors at the Wausau lakes Wednesday. The trip was made by auto.

Daly's Theatre will run feature pictures every Wednesday, Friday, Saturday and Sunday. Admission 5c to all.

Miss Cecelia Kollenda of Chicago, spending a two weeks vacation with her parents, Mr. and Mrs. John Kollenda.

Miss Mary Jones returned on Friday night from Stevens Point where she has been teaching summer school at the Normal.

The Misses Frances and Hannah Klappa visited at the Peter Urbanowski home in Stevens Point several days the past week.

Edward Panter who is employed as a druggist in Portage, is spending a week's vacation in the city with his relatives and friends.

Miss Beatrice McDonald, and Miss Laura Belfor of Merrill have been visiting with relatives and friends in the city the past week.

Mr. and Mrs. Enoch Johnson who have been visiting at the home of Johnson home, departed Wednesday for Breckenridge, Minnesota.

Mrs. John Shenock expects to leave next week for Milwaukee where she will spend a week with her husband who is receiving treatments there.

Mrs. Will Pribbanow entertained the St. Johns society at her home on Wednesday afternoon. Mrs. Fred Panter and Mrs. Henry Goldberg were taken in the society as new members.

Mr. and Mrs. Rollo Carrington and Mr. and Mrs. Albert Behrend departed this morning by auto for Donaldson, near the state line, where they will spend two weeks camping.

Leon Wolf of Appleton is visiting at the J. B. Arpin home.

Pittsville Record: Talk about patriotism, did you notice that as soon as the draft was made—the very next morning—townsman F. S. Woodworth discarded his crutches. He had been limping around on crutches for three weeks, but the day after the draft was made he considered himself a well man again.

Friend F. S. is gray-haired and has lived in Pittsville longer than the required number of years limiting the age of the draft, but he was not taking any chances just the same.

O. G. Malde of Valley Junction was in the city on Thursday on business, having been over the cranberry marshes in this section during the few days previous. Mr. Malde is working for the state at the present time, having been inspecting the various cranberry marshes. He states that while the crop is late this year, and it is his opinion that the berries will be smaller than usual, that the prospects were never better for a large crop than they are at the present time. The vines blossomed freely and a larger number than usual of the blossoms are producing berries. Mr. Malde also stated that the reports of the University of Wisconsin had voted to discontinue the experimental station in the town of Cranmoor.

**NEW WAISTS and Blouses**

Almost every express for a week has brought us new Waists and Blouses including all new Mid-Summer styles in Waists, Sport Waists, Manish Blouses and Middies.

20 per cent. discount on all Skirts, White and Sport Skirts, Wool and Silk Skirts—entire line at 20 per cent. off.

Clearing Sale on Wash Voiles and Sport Suitings.

Bathing outfits—Most complete lines.

# FOOD GAMBLING HIT ASKS FIVE BILLIONS

**PRESIDENT WILSON'S TRADE COMMISSION FINDS BROKERS CONTROL CHICAGO MEAT.**

**WILL EXTEND THE INQUIRY**

**F. J. Heney, the Trust Buster, Directs Legal Work of First Commission Probe Into Packing Industry—Grain Also Ruled.**

Washington, July 27.—President Wilson announced through the federal trade commission speculating in foodstuffs must end.

Reports of federal investigators are said to show there is no just basis for the prices charged for meat and other staples.

Francis J. Heney of California, counsel for the trade commission, in Washington directing the investigation with Commissioner Joseph E. Davies in conjunction with the agricultural department.

Statistics in production show speculators are in control of the market, particularly corn, wheat and meat and their by-products.

Commissioner Davies returned from Chicago, where he inaugurated the investigation into the meat industry. The statement authorized by the federal trade commission follows:

"The investigation by the federal trade commission has just begun. A force of accountants is examining the books of the large meat packers about Chicago.

"When that work is finished they will begin on the books of other packers, both large and small, in other parts of the country.

"Another group of special agents is examining into the competitive conditions prevailing in the meat industry. While the work has been started in Chicago, it will extend wherever the facts lead.

The federal trade commission is co-operating with the department of agriculture, and it is intended to ascertain all facts and costs in connection with the raising of the animals on the farms and ranges, through the local markets, stockyards, packing houses, distributing agencies and retailers, into the hands of the ultimate consumer.

There are two main purposes in this investigation—first, to ascertain if this great business is conducted efficiently and economically, and, if not, to point out, if possible, the remedies for any weaknesses or deficiencies, to give the public either better service or to lighten its burdens, or both, if possible.

The second purpose is to ascertain whether in the conduct of the meat business or in any phase of it there are any combinations.

If such practices or conditions are found to exist, it will be no doubt by the policy of the government to stop them and administer adequate punishment to those responsible therefor.

The immediate concern of the public is with the high prices it is paying for meat and whether those prices are justified.

The investigation made some time ago into the meat industry by another agency dealt with the price of beef alone, and did not consider the by-products or other meats.

No broad, thorough and comprehensive investigation of a constructive character embracing all phases and ramifications of the meat and packing industry has ever been undertaken before.

## SCORES DIE IN MINE BLAST

**Out of 56 in Path of Explosion Only Five Are Rescued at New Waterford, C. B.**

Hallfax, N. S., July 27.—An explosion in No. 6 mine of the New Dominion Coal company at New Waterford, B. C., is believed to have caused a heavy loss of life.

Of fifty-six men at work in the section where the explosion occurred only five have been rescued alive several hours later, according to advices received here from Sydney. Some of the others, the report said, were known to have been killed.

## BOMBARD DISLOYAL TROOPS

**Civilians Hurt Hand Grenades at the Fleeing Russian Troops at Stanislaw.**

Petrograd, July 27.—The Russian Guards Corps detachment at Tarnopol retreated, under fire from the enemy, says a general statement issued by general headquarters. But the Prokhorovsk and Smolensky regiments remained faithful to duty and are fighting south-east of Tarnopol. In the streets of Stanislaw there were stubborn bayonet engagements. The populace threw grenades on the retreating Russian troops.

## Year in Jail for Radicals.

Cleveland, O., July 27.—A year in the workhouse at Canton—the maximum penalty provided—was the sentence imposed on three prominent socialists, convicted of hindering the draft by Judge Westernhaver.

## War Council Meets.

Paris, July 27.—Great secrecy marks the new allied council of war. It was understood that initial sessions have already begun. It was reported that the conference was called to deal with the Balkan question.

## Prisoners Will Build Roads.

Atlanta, Ga., July 26.—German prisoners will be put to work soon building roads for the county. An agreement to this effect has been reached between the federal and county officials. The prisoners will be paid.

## Caranzista Train Robber Caught.

Nogales, Ariz., July 26.—After a pitched battle in which ten Mexicans were killed, a posse captured Gen. Fernandez Espinosa of the Caranzista army, who held up and robbed a Wells-Fargo express car on the Southern Pacific.

## Germans Take Tarnopol.

London, July 25.—The occupation by the Germans of the city of Tarnopol in eastern Galicia, is reported by Reuters limited. The Russians, the statement reports, have retreated into the Carpathians on the southern front.

## Medal of Valor for Root.

New York, July 25.—Jillibut Root, head of the United States mission to Russia, will be presented with the first valor medal of the National Arts club. The award was made in recognition of Mr. Root's service to the country.

### AT WASHINGTON

**Order for Liability for Service Established by Historic Lottery.**

## 258 FIRST NUMBER OUT

**Secretary Baker Takes Out Initial Number—Drawing Continues All Day Friday and Throughout Night.**

**Long List of Numbers Given in Order as Drawn, From Which Those Who Will Be Called to Serve in First Army Will Be Selected.**

Washington, July 21.—The drawing for the big United States army was not completed until early Saturday morning. The drawing began at 9:45 Friday morning, and continued throughout the day and night. Altogether 10,600 numbers were drawn from the big fish bowl. It was officially stated that the first 1,000 numbers drawn represented more than 1,000,000 men, and it is not considered probable that men representing any number drawn after the first 2,000 will be called before any exemption board for the first army. The first eight numbers were drawn respectively by Secretary of War Baker, Senator Chamberlain of the senate military committee, Congressman Dent of the house military committee, Senator Warren, and Representative Kahn, ranking minority members of the senate and house military committees.

Mr. Gen. Crocker, chief of staff of the army; Maj. Gen. Crowder, provost marshal of the army; and Major General McCain, adjutant general of the army. After the first eight numbers had been drawn the regular tellers took hold, and worked through until the long task was completed.

In only a small number of the largest districts will the numbers above a few thousand affect registrants. Of the 4,557 registration districts throughout the country the largest has something like 10,000 numbers, while the smallest has only about 185, and the average is about 3,000. As the drawing proceeded, 157 numbers were withdrawn before one low enough to affect the smallest district came out.

It was 123, placing 4,557 men numbered 120 on their local lists as 157th in order of liability.

The following list shows the numbers in the order in which they were drawn. The first number in each group represents the order in which the group, or red-inked number, was taken out of the bowl. Four numbers are given in each line. Beginning with the first number, which was drawn by Secretary Baker.

**WISCONSIN 1917 STATE FAIR TO PRESENT TRACTOR DEMONSTRATION**  
 Display With 1,500 Feet Frontage on the Grounds, With 1,200 Acres Nearby For Demonstrations—Exposition Planned as a Big Aid to Uncle Sam in Preparing For and Carrying on Present Titanic War—Six Days and Five Nights.

**SPECIAL ATTRACTIONS.**  
 Fair days, six days, Sept. 10, 11, 12, 13, 14 and 15; five nights, Sept. 10, 11, 12, 13 and 14.  
 Music, twelve bands and four orchestras.  
 Louis Gertson, world's most daring aviator, flies day and night.  
 Twenty-three acts, including the Baredevil Greys in an automobile loop-the-loop thriller; DeCarro, the fearless pole man, and other world famous sensations, all appearing day and night.  
 Gordon's Startling War Spectacle; \$10,000 war display in fireworks, including 300 people every night.  
 C. W. Parker Mechanical Amusements, Ferris wheels, merry-go-rounds, etc., twelve all told. New and used rowers also in Wisconsin.  
 Harness Racing, four days, Sept. 10, 11, 12 and 13, including the \$5,000 Hamilton Hotel stake for 2:12 pacers and the \$5,000 Chamber of Commerce stake for 2:12 trotters.  
 Automobile Racing, two days, Friday, Sept. 14, and Saturday, Sept. 15, including Louis Disbrow, world's champion dirt track driver, and fourteen more professionals, and five championship races for Wisconsin drivers.

**COME PREPARED TO STAY.**  
 Don't try to see this year's State Fair in one day. It will be impossible to see all of it in less than at least three days and nights. The general admission is 50 cents, nights 25 cents.

**By OLIVER E. REMEY, Secretary.**  
 Milwaukee, July 16.—With the great American nation in a titanic war the 1917 Wisconsin State Fair will do all in its power to be of assistance to citizens of Wisconsin who are lacking the men at the front with intensified production at home. This year's State Fair and demonstrations that will be invaluable to food production. It will show the value and use of food products of which there is a plentiful supply and which can be used in place of those of which there is a scarcity. It will present an unexcelled array of machinery through which the farmer will be enabled to replace labor for the farm, which is scarce.  
 No Wisconsin State Fair has presented one-half the educational features that will be seen and found invaluable this year.

**Tractor Show Big Feature.**  
 The big feature will be a tractor show and demonstration. A space with 1,500 feet frontage in the center of the fair grounds will be devoted entirely to tractors. By special arrangements with land owners between the fair grounds and Calhoun, five miles distant, and along the Interurban electric line and the C. and N. W. 1,200 acres of land has been obtained for demonstrations. Special electric cars will carry fair crowds to any part of this demonstration district every few minutes up to the noon hour. Pass out badges and tickets will be given fair patrons to enable them to see the tractor demonstrations.  
 All of the tractor companies represented in Wisconsin will be represented in the show and demonstration. F.

**DRINKING FOUNTAINS FOR ALL.**  
 A feature of the new water system, installed at a cost of \$25,000, will be drinking fountains to care for all. Five new comfort stations have been added.

**Idle Dollars**

 Ernest Anderson spent Thursday of last week in Marshfield, Wis., on a business call. Monday Point was a business call here on Friday.

**WILD OATS**  
 In all the crops that Uncle Sam is sowing people to sow, the crop of wild oats is not mentioned. Wild oats brings a harvest without over a failure. It is a poisonous weed and it is a pest to the farmer. It is

## WORKING RESERVE NOW IN FORMATION

The Boys' Working Reserve, U. S. A., is now being formed in the country and is for the purpose of establishing a reserve of labor for farm and other work, for which workers ordinarily not available may be drawn. This labor reserve will consist of boys between the ages of 15 and 20 years, inclusive, and is designed to meet a shortage of labor inevitable in the present crisis. It is designed that the Reserve shall cooperate with and thru state organizations so that in case of need the labor can be distributed with the greatest benefit to all.

It might be stated that the Boys' Working Reserve, U. S. A., is working in complete unison with the Federal Department of Agriculture, so that it will have a recognized standing in the country and state, but is in a different field from the Boys' Club work of the Department of Agriculture. This new organization is strictly a reserve movement or an emergency organization, and seeks to provide workers to meet the present demand, which in many localities is acute.

**Outline of Organization**  
The National Director, under the United States Secretary of Labor is the executive head of the Boys' Working Reserve.

The National Committee consists of the governors of the several states, or their appointees, and the leaders of the great national boy organizations.

The National Advisory Council, which advises the National Director, now consists of recognized experts in these matters:

Farm Management.  
Child Labor.  
Physical Welfare.  
Transportation.  
Finance.  
Publicity.  
Wage Rates.  
Moral Welfare.  
State and Federal Laws.

Other departments may be added as needed.

**Eligibility for Membership**  
Any boy 15 years of age at his latest birthday, and who is less than 21 years of age, may be enrolled in the Boys' Working Reserve, provided:

1. That he obtains the consent, in writing, of his parent or guardian, and if employed, the consent of his employer, for the term of the boy's intended vacation.

2. That he is free from communicable and other diseases, and possesses no inherent weakness that might hamper him for the rigors of his intended farm or other occupation; that his physical fitness has been attested by a competent physician or a physician director.

3. That he subscribes, before an enrolling officer, to the oath of allegiance following:

**Oath of Service, Boys' Working Reserve, U. S. A.**

I, \_\_\_\_\_, solemnly swear or affirm that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties which I am about to assume.

Applicant's signature.  
Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 1917.

**Enrolling Officer.**  
Any person that shall be designated by the State Council of Defense, thru the Junior Labor Advisor, may be an enrolling officer.

More enrollment does not constitute membership in the Boys' Working Reserve. Until the applicant is formally accepted by being licensed to wear the official badge furnished by the Boys' Working Reserve he is not a member of the reserve.

The official badge, upon which is inscribed "Boys' Working Reserve, U. S. A.," bearing the National Seal, is awarded upon the conditions following:

1. That the boy shall have rendered service to the Nation or industry for a period of at least three weeks, and until he shall have proved his fitness for the particular occupation in which he is engaged by way of patriotic service; for it is intended that membership in the Boys' Working Reserve shall be composed of only the capable and the steadfast.

2. That, after the badge has been awarded to him, the boy shall have given this receipt:

"Received from the Boys' Working Reserve, U. S. A., one badge, No. \_\_\_\_\_ which I am permitted to wear as a badge of honor in recognition of my service to my country, and I agree to return the badge to the Reserve on demand if my services or conduct prove unsatisfactory."

## FOUR INCHES OF RAIN FALLS IN AN HOUR

Marshall Herald: It never rains, but what it pours, was true last Sunday evening. Throughout the day intermittent showers visited this section, but the end to all public amusements and the program scheduled at the fair grounds. But the big storm event did not take place until nearly eleven o'clock and then the flood gates were opened and for an hour the downpour was terrific. The storm sewers were incapable of taking care of the water and in consequence many basements were turned into a lake and at the power plant the big reservoir, through an intake tunnel, filled to within four feet of the top. As soon as the break was discovered, men were put to work repairing the damage to keep the contaminated water from entering the pipes; the entire water in the reservoir had to be pumped out which was not accomplished until morning. It was one of the worst rain storms seen here for years.

## WANTED TO ANNUL CONTRACT

The concern having the contract for the road work on the north end of the trunk line, near Marshall, tried hard last week to beg off on the contract, and failing in this asked to be allowed to let the work go over until next winter. The highway committee was obdurate, however, and insisted that the work, while it cannot be done on contract time, be done before the advent of winter. With the high price of all materials and in many cases the almost impossibility of getting them at all, the committee will allow more time for the finishing of the work, but the work must be done this summer or fall. With a guarantee of \$100 per day for every day they go over time on the contract it is necessary that the company get busy and commence on the concrete road at the north end. The contractors at the south end have made no trouble so far and some of the work is under construction at present—Pittsville Record.

## "HAVE A HEART"

One of the most marvelous and at the same time, generally unappreciated faculties of the human body is its ability to accommodate itself to its surroundings. Some of the indispensable bodily functions are carried on by duplicate organs as the two lungs, two kidneys, for example. If one becomes incapacitated, the other succeeds remarkably well in doing double work.

In the instance of that most essential and yet only single organ, the heart, Nature has provided an ability to the body to maintain life even in the face of serious disorders. This capacity is called "compensation" by physicians. With proper consideration and lightening of the load upon a person with an incurable heart disease to live out a normal life span. Indeed, intelligent patients thus afflicted frequently live beyond their normal expectancy, as the life insurance people say.

The first thing for a person to do who has learned from a competent physician that he has an affected heart is to set his mind in order. He should accept wholeheartedly the philosophy that "what can't be cured must be endured." If he isn't "yellow" and doesn't "bowl" the "quitter class," it's remarkable how easy endurance will become. To squabble about his infirmity is as inexcusable as is the child who lies down and pounds his head and toes against the floor because his mother prohibits him doing something he desired very much to do.

If the victim of heart disease is told to avoid rapid stair climbing, he will soon learn that the few extra seconds required to go slowly down stairs, he can learn how much recreation and keen enjoyment are to be found in books and watching others play. Many of the most beautiful things in life are seen and heard only by the persons who are compelled to be quiet. The hustlers miss such things entirely.

Of course it is far better to avoid heart disease than to be compelled to accommodate oneself to it, or worse, to die from it. And the disease is largely preventable. The attention that moderate physicians are paying to that moderate and diseased teeth will result in the saving of many cases of death and invalidism.

## CHANGES IN THE COUNTY HIGHWAY BONDING LAW

A number of changes were made in the County Highway Bonding Law, the principle ones being the following:

The period of the maturity of the bonds under the new statute (chapter 500 laws of 1917) is made twenty years instead of ten; money allotted to a county under the state trunk line or state aid law is available for the purchase of bonds, the proceeds of which are spent on a trunk highway or state aid highway; the county board is required to specify by a resolution the highway for whose improvement the county is to be bonded before ordering a referendum; the bonds need not bear the same date of issuance and may be sold from time to time for construction work. The county board is empowered to issue bonds up to two-fifths of one per cent of the assessed valuation without a referendum vote. Under the present law in order to issue a referendum on a county bond issue it was necessary to file petitions with the county clerk, signed by ten per cent of the voters. This section remains unchanged but a further section is added empowering the county board to order by a resolution a referendum on a bond issue. The county board may provide that not to exceed 10% of the cost of construction, shall be assessed against a town, village or city in which the construction may lie. Referendum votes on bond issues may be held at the November election, in addition to the April election, as now provided. Town bonding for state aid bonding construction has been eliminated, as such bond issues are not available to obtain state aid in the future.

## HIS LAST REQUEST

Wrap me in the flag, boys  
Ere they lay me down.  
The starred flag, the barred flag,  
For, Oh, I love so  
It danced in light and shadow  
O'er the old home town.  
Wrap me in the flag, boys,  
Ere they lay me down.

Wrap me in the flag, boys,  
The flag loved since youth;  
The old flag, the bold flag,  
The flag that stands for truth.  
The flag which all injustice  
And tyranny does frown.  
Wrap me in the flag, boys,  
When my life shall cease.  
—Rev. James Deans.  
Grand Rapids, Aug. 1st.

A man likes to tell you how busy he is and how overworked he is. But you never saw a man who was too busy or too tired to smoke.  
Any fat head can get into a fight. But it takes a little gray matter to keep out of one.

## GOVERNOR SIGNS BILL

Support to Mothers Who Have Difficulty in Caring for Children

Governor Philipp has signed the bill granting aid for dependent children. This is a revision of the present law on the statute books. Under the terms of the new law any judge of a juvenile court or a county judge may cause an investigation to be made to determine whether a child is dependent. To assist in making investigations and examinations the judge of the juvenile court or of the county court may appoint a board of child welfare of his county to consist of three members, who shall hold office at the pleasure of the judge making the appointment. No salary or wages shall be paid to the members of this committee but they shall be reimbursed their actual and necessary expenses incurred in the performance of their duties. This board is directed by law to advise and consult with the judge regarding the best method of investigating cases; establish a basis of household expenses to compute the amount of aid to be extended to needy families, and to advise families how to keep accounts of expenses.

The board also has the power to advise the judge when discontinuance of payments shall be made or any decrease in the amount of aid. Aid for dependent children shall be granted on the following conditions:

There must be one or more children living with or dependent upon a mother or grandparents or person having the care and custody of such children, one or more of whom shall be under the age of fourteen years or between the ages of fourteen and fifteen and unable to work. The mother or grandparents or such other person must have resided in this state one year and in the county in which application is made for aid six months prior to the date of such application. The present law provides that aid may be granted to a mother divorced from her husband. Such divorced or divorced mothers need not show that she has used all provisions of law to enforce support. The ownership by a mother of a homestead shall not prevent the granting of aid under the provisions of the law. If the rental thereon would not exceed the rental which a family of the same size as the family of such parent receiving aid would be obliged to pay for living quarters.

The aid granted shall be sufficient to enable the mother, grandparents or person having the custody of such children to properly care for the children and shall not exceed \$15 a month for the first child and \$10 a month for each additional child and in no case shall any family receive more than \$40 per month except in Milwaukee, where the maximum family aid may be \$50.

The governor has also signed the Pullen bill relating to maintenance of classes for exceptional children in school boards in certain cities. Upon application of the district board of any school district embracing within its limits any village or city, or the board of education of any city, the state superintendent may authorize such school district board or board of education to establish and maintain within the corporate limits of any such village or city, a special class for the instruction of exceptional persons of school age. The state superintendent is directed to work out a course of study and to designate the qualifications of the teachers. The state superintendent shall appoint in his department a person who shall have suitable training and experience who shall have general supervision of such classes at a salary not to exceed \$2,000 per year. A sufficient sum to carry out the provisions of this act is appropriated through the state treasury.

Approval has also been given by the governor to the bill changing the law prohibiting first cousins from marrying. The law as changed now prohibits first and second cousins from marrying. Governor Philipp has also signed the bill transferring certain functions from the university of Wisconsin to the department of agriculture at the capitol. The change relates principally to seeds.

## DO NOT GLUT MARKET: CAN SURPLUS CHICKENS

Poor laying hens, and roosters are now being culled from the average Wisconsin flock. It is thought that many more of these surplus fowls may be removed from the expense account were there always a good demand for them thru local markets. As such is not the case as a rule, many farmers and town poultrymen are at a loss to dispose of this extra meat.

"Why not solve the problem by canning chicken at home?" asks Miss Elizabeth Amery, home economics department, University of Wisconsin. In view of young people's canning clubs now being organized thruout the state, Miss Amery suggests that housewives try one of the recipes prepared by the United States department of agriculture given herewith:

**Recipe No. 1.** Kill fowl and draw at once without cutting into digestive organs; wash carefully and cool; cut into convenient sections. Place in wire basket or cheesecloth bag and until meat can be removed from the bones; remove from boiling liquid and remove meat from bones; pack closely into glass jars; fill jars with hot liquid, after it has been carefully strained; add level teaspoon of salt per quart of meat, for seasoning; put rubber and cap in position, not tight; sterilize the length of time given for the one particular type of outfit used.

Remove jars, tighten covers; invert to cool and test the joint; wrap jars with paper to prevent bleaching. One chicken (3 pounds) fills a one quart jar.

**Receipt No. 2.** Kill fowl and draw at once; wash carefully and cool; cut into convenient sections and pack at once into glass jars (pack legs inside of backs and necks inside of breast); fill with boiling water; add level teaspoon of salt per quart of meat; put rubber and cap in position, not tight; and sterilize the length of time given below for the one particular type of outfit used.

Remove jars, tighten covers; invert to cool and test the joint; wrap jars with paper to prevent bleaching. One chicken (3 pounds) fills a one quart jar.

## BROWNS IN WATER TANK

Almond Press: One of the saddest accidents that has occurred in this community in many a day was that of the drowning of little Lyle Earl Mehe, 2-year-old son of Mr. and Mrs. Jacob Mehe, Jr. which occurred at his home Saturday forenoon at about 11:30 o'clock.

The little fellow had been playing about the yard as usual and the mother had looked out occasionally to see that he was all right. When she looked shortly before noon she did not see the little fellow and went out in search of him and when he did not answer to her call she started towards the barn and in passing the water tank she discovered the little boy lying lifeless in the bottom of the tank where he had fallen.

Mr. and Mrs. Mehe have the sincere sympathy of the entire community in their sad bereavement.

If you could buy physical exercise in bottles at drug stores, nearly everyone would take it.

# Women's, Misses' and Children's Wearing Apparel Must Go

We are going to close out every Summer Garment in our Ladies Department before the new fall goods arrive if price will move these goods. Every garment offered is of dependable quality and good style. Note the prices quoted below. But best of all inspect these garments.

West Side

**The "Tinker House"**  
Built of "Old Faithful" Hemlock, and "the handiest house on the place." Look at the plan—lots of light, two work benches, forge, anvil, drill, etc. A handy man could shoe a horse, do all his repair work, as well as "build things" in such a shop. The "Tinker House" is one of many in the list of "Old Faithful" Hemlock Books, which you can have for the asking. In each book is a coupon good for  
**A FREE SET OF PLANS,**  
(for whatever you want to build) which you can get by bringing the coupon to us. Write "The Hemlock Manufacturers," Oshkosh, Wis., for book today. Practical, economical "Old Faithful" Hemlock is and has been the "stand-by" lumber for over 200 years.

**KELOGG BROS. LUMBER CO.**  
Everything in Quality Lumber and Building Material  
Grand Rapids, Wis.

**DIFFERENT VIEWS**  
Have you ever stopped to think that the same object does not look the same to all people.  
A pebble in the road does not focus the same to the bird as it does to the man.  
Remember this, a savings account that may look small to you to-day, may mean a MOUNTAIN OF COMFORT some day.  
United States Government Depository  
**Wood County National Bank**  
Grand Rapids, Wis.  
**SAFETY SERVICE**

**PELL FROM HAY LOFT**  
Hermann Vandenberg of the town of Sherry had a close call from death during the storm Tuesday afternoon. He fell 24 feet to the floor from a hay loft in his barn, and escaped with a broken right arm and other bruises.

**TWIN BABIES**  
"Twin babies, a boy and a girl, each weighing ten pounds, were born to Mr. and Mrs. Paul Kutzke of Port Edwards on Wednesday.

**LOCAL AUTOIST FINED**  
Reginald MacKinnon was fined \$1 and costs before Judge Childs for a morning for operating his automobile on Third street last evening with the cut-out open. The fine was paid.

**NIAL BROWN SERIOUSLY ILL AT WAUSAU HOME**  
Wausau, July 31.—Neal Brown, one of the best known attorneys and industrial leaders of the state, is seriously ill at his home here. He is 61 years old.  
Mr. Brown is known throughout the state for his picturesqueness. For a long time he was active in politics as a conservative democrat. When the democrats carried the state under the late Gov. Peck's leadership, Mr. Brown was elected first to the assembly and then to the senate, serving a term in each branch. He was a candidate for United States senator in 1908, the campaign in which Isaac Stephenson was elected.  
Mr. Brown is president of the Wausau Street Railway company.

**HOW TO CAN CORN**  
Corn should be canned immediately after picking—at least, never later than five or six hours. Before canning corn, have ready clean and perfect jars, new rubbers, and the kettle or boiler to be used as sterilizing vat and rack to hold jars in position. Remove husks and silk from the corn. Blanch the cob five minutes and plunge quickly into cold water. Do not let the corn soak, but take at once from cold water and boil in a thin, sharp knife, cut the corn from the cob, scraping out as much of the juice as possible, but not any of the cob. As the corn pulp expands greatly in cooking, only fill jars to within a couple of inches of the top. Place jars in rack, adjust scalded rubbers, add one level teaspoonful of salt to each jar, and enough boiling water to fill jar. Place covers loosely in position and put sufficient warm water in boiler to come to the tops of the jars. Sterilize for three hours after water has reached boiling point, keeping boiler tightly covered.  
The time given for sterilizing is for quart jars. If pint jars are used, four or five minutes less should be allowed, and if two-quart jars are used, allow four or five minutes more for sterilization.  
Tighten the tops of jars immediately they are removed from the boiler and stand upside down in a cool spot, where no draft of air will touch them. If necessary, again tighten the covers, and store in a cool dry place. It is well to examine canned vegetables from time to time, particularly in the very hot weather, to see that there are no signs of fermentation.

**A NARROW ESCAPE**  
One of the most wonderful accidents that we heard of for some years, occurred Friday morning on a two-mile north of Lyndhurst. The little, sure-footed son of a gun, and Mrs. Hains who live near the railroad tracks, had gone down to the track to play and was on the track when the passenger train was going to Grand. The engineer saw the little fellow and it is said that he made the quickest stop in his life. He did not go very far before the train had stopped. The little one was in the middle of the track when the engine struck him and of course the train crew expected him to be killed. To their astonishment the little one was under the engine and the only injury to him was two lacerations of his right hand were taken off. The engineer took the little fellow from his position. Such accidents happen about once in ten thousand times.—Shawnee County Advertiser.

**ELKS PLAY SKAT**  
The Elks held their regular Skat tournament on Tuesday evening with the following results:  
First—Dr. Houghton, 13 net games.  
Second—J. Sharveski, 532 net points.  
Third—Ray Love, 13 net games.  
Fourth—Joe Androwski, 425 net points.  
Fifth—A. J. Hasbrouck, high hand with 120 points.  
Ernest Daugherty of the town of Rudolph was among the pleasant callers at the Tribune office this morning. He reports that the rain of Tuesday did the crops a lot of good out his way and that everything looks fine now.

George Smallbrook is receiving treatments at the Riverside hospital.  
Miss Kathryn Walsh of Eagle River is visiting at the J. F. Johnston home.  
Miss Laura Witt leaves next week for Janesville to spend a two weeks vacation.  
George Kruger broke his collar bone Saturday evening by falling off his bicycle.  
Miss Ruth Bankert of Wausau is visiting her parents in this city for a short time.  
Miss Edna Beach of Fond du Lac was a guest of Miss Irene Laramie several days last week.  
Miss Clara Henshalla has accepted the position of bookkeeper at the Jackson & Tomczyk grocery store.  
Mr. and Mrs. August Sator of Marshfield visited with relatives in the city on Saturday and Sunday.  
Mrs. Louis Vogel and children of South Milwaukee are visiting with her parents, Mr. and Mrs. Henry Burmeister.  
Mrs. John Grignon, who is staying at the Veteran's Home at Waupaca, is visiting her daughter, Mrs. Wm. Durell.  
J. R. Ragan returned Monday from Chicago and Milwaukee where he had been in attendance at a funeral directors meeting.  
Mr. and Mrs. Otto Staven and the Misses Florence and Agnes Bronkalla departed Saturday for a visit with relatives in Milwaukee.  
Howard Carlson, son of Mr. and Mrs. Hans Carlson of Duluth, is visiting with friends and relatives in the city for several weeks.  
Mr. and Mrs. J. A. Kenyon left on Monday for the northern part of the state and expect to spend a couple of weeks camping and fishing on the lakes up there.  
Mrs. Henry Bomler has returned from a weeks visit at Thorpe. She was accompanied home by her mother, Mrs. P. LaVaque, who has been visiting in Duluth.  
Tony Edwards spent Wednesday at Camp Douglas with Troop G. He says the boys are all well and are getting first-class food.  
The Bossert company received a new roller from Wausau this morning which will be used in rolling the new brick pavement in front of the court house.  
Mr. and Mrs. D. C. Graham and daughter Myrtle of Fond du Lac returned on Tuesday for a visit to Portland, Oregon, where they expect to spend a year visiting with their daughter.  
R. H. Schomer of Oshkosh, an expert hardware man, has recently accepted a position with the Johnson & Hill company to assist in the work in the hardware department of that establishment.  
Mr. and Mrs. John Simkowiak and three children, Mr. and Mrs. John Simkowiak, of Winthrop, Me., and Stroganowski, all of Stevens Point, visited Sunday at the home of Vincent Simkowiak.

**ROW CAUSES WRECK**  
Ashland, Aug. 1.—According to reports, it is believed between an engineer and his fireman caused a freight train Saturday night to blow a small steam near Antigo, which will cause the Northwestern railroad over \$100,000 in damaged equipment and rolling stock. That no one was killed or badly injured is all that is known. These are of course, two sides of the story, but all stories of the affair agree that the steam continued getting low and the engineer of the train laid it to his fireman for not keeping the boiler full of water. The engineer, claiming the engine was "battling" it too hard. Words led to blows and soon the engine stopped for want of steam as neither man were extending to duty.  
As soon as the train stopped the two men leaped from the cab and proceeded to have it out in a fist fight on the railroad right of way.  
The crew in the engine and the end of the long train knew something was wrong. The conductor thought, however, that the train had stopped to let another pass on the side track. He sent the fireman to get the boiler full of water. The fireman had been partly stopping the train, and started looking for the place.  
Behind the standing freight rumbled the train. Straight on it came, faster and faster, and with no one to flag it, smashed into the other's car.  
The locomotive was completely demolished and several cars were derailed. The fire started and burned several cars.

**BOOKS FOR WAR CAMPS**  
If you cannot fight at the front, you can send a book to the man you are fighting for. The government has asked the American Library association to assume responsibility for supplying the camps and front-line soldiers to have books. The Public Library in this city has been asked to get donations of books and magazines in Grand Rapids.  
These will be sent to the various camps and front-line soldiers throughout the country and will be made available to the soldiers, either directly, or thru the chaplains of the army, the Y. M. C. A., the Knights of Geolonia and every other welfare agency at work in the camps.  
The library association itself is, of course, uninterested, and it will operate harmoniously with all these other organizations.  
If you will write in each book your name and address, the soldier who reads it will know that to him, someone in Grand Rapids has a friend and stands ready to help him.  
The following is suggested as to the books and magazines desired:  
Poetry, fiction, interesting, out-of-date books are not worth shipping to the men. Type should be clear and books in fair condition.  
Books of good stories will be wanted most. Books of adventure, sea stories, detective stories, historical novels and collections of good short stories.  
Such authors as Kipling, Doyle, McCutcheon, O'Connell, Stockton, Bindley, Tarlington, Hopkinson, Smith, Oppenheim, etc., have been found popular authors with men. Good poetry can be utilized. All the men must be kept busy with their books. Some of them have not established reading habits. Some of the books, must therefore, be light and easily read.  
Foreign language study books, especially French grammars, are much needed. In one camp nearly one-fifth of the men are studying French.  
Books of travel, biography and history, especially of the United States, are needed. Some of the best of these are the "Lives of the Presidents" and "The Story of the United States" by Howard Chandler Christy.  
Fresh, attractive magazines are needed, such as American, Century, Harper's, Everybody's, Popular Mechanics, Scientific American, Saturday Evening Post, etc. None over two years old should be included.  
The material is needed at once. Why not select the books which you will give to the boys? They will be glad to have them. Write to the Public Library between the hours of 10 a. m. and 2 p. m. or to the librarian, upon any week day. If you cannot send the books, notify the librarian and they will be called for. Phone No. 115. DO IT TODAY.

**PICTURES AT DALY'S WEDNESDAYS, FRIDAYS, SATURDAYS AND SUNDAYS. 5c to all.**  
Mr. and Mrs. Dominick Holland have moved into the Harold Boyington home on the east side.  
Mrs. Dr. P. Fennellville returned on Saturday from New York where she had spent several days visiting with the doctor.  
A. J. Kulawa of Rudolph was among the pleasant callers at the Tribune office on Tuesday while in the city on business.  
Mrs. Martha Johnson and daughter Margaret of Stevens Point arrived in the city Wednesday and will keep house for Peter Reiland and family.

Mr. and Mrs. Hollis Carrington and Mr. and Mrs. Albert Dehrend departed this morning by auto for Donaldson, near the state line, where they will spend two weeks camping. Loom Wolf of Appleton is visiting at the J. B. Appleton home.  
Pittsville Record: Talk about patriotism, did you notice that as soon as the draft was made—the very next morning—townsman P. S. Woodworth discarded his crutches. He had been limping around on crutches for three weeks, but the day after the draft was made he considered himself a well man again. Friend P. S. is gray-haired and has lived in Pittsville longer than the required number of years limiting the age of the draft, but he was not taking any chances just the same.  
O. G. Malde of Valley Junction was in the city on Thursday on business, having been over the cranberry marshes in this section during the few days previous. Mr. Malde is working for the state at the present time, having been inspecting the various cranberry marshes. He states that while the crop is late this year, and it is his opinion that the berries will be smaller than usual, that the prospects were never better for a large crop than they are at the present time. The vines blossomed freely and a larger number than usual of the blossoms are producing berries. Mr. Malde also stated that the regents of the University of Wisconsin had voted to discontinue the experimental station in the town of Cranmoor.

Miss Roscoe McDonald, and Miss Laura Belter of Merrill have been visiting with relatives and friends in the city the past week.  
Mr. and Mrs. Enoch Johnson who have been visiting at the Selvort Johnson home, departed Wednesday for Breckenridge, Minnesota.  
Mrs. John Shenock expects to leave next week for Milwaukee where she will spend a week with her husband who is receiving treatment there.  
Mrs. Will Prishnow entertained the St. John's society at her home on Wednesday afternoon. Mrs. Fred Panter and Mrs. Henry Goldberg were taken in the society as new members.  
Mr. and Mrs. Hollis Carrington and Mr. and Mrs. Albert Dehrend departed this morning by auto for Donaldson, near the state line, where they will spend two weeks camping. Loom Wolf of Appleton is visiting at the J. B. Appleton home.  
Pittsville Record: Talk about patriotism, did you notice that as soon as the draft was made—the very next morning—townsman P. S. Woodworth discarded his crutches. He had been limping around on crutches for three weeks, but the day after the draft was made he considered himself a well man again. Friend P. S. is gray-haired and has lived in Pittsville longer than the required number of years limiting the age of the draft, but he was not taking any chances just the same.  
O. G. Malde of Valley Junction was in the city on Thursday on business, having been over the cranberry marshes in this section during the few days previous. Mr. Malde is working for the state at the present time, having been inspecting the various cranberry marshes. He states that while the crop is late this year, and it is his opinion that the berries will be smaller than usual, that the prospects were never better for a large crop than they are at the present time. The vines blossomed freely and a larger number than usual of the blossoms are producing berries. Mr. Malde also stated that the regents of the University of Wisconsin had voted to discontinue the experimental station in the town of Cranmoor.

**MISS GLADYS DURAND OF WAUSAU** is visiting at the Eugene Miller home.  
George Huntington was a business visitor at New Rome on Wednesday.  
Walter Horschelob has accepted a position in the Citizens National Bank.  
Charles M. Pease is at Prairie du Chien where he is taking treatment for rheumatism.  
Misses Ruth Lamberton and Ethel Luhn have gone to the lakes at Waupaca to spend a week.  
Mrs. J. S. Payne and daughter Lola visited with relatives in Marshfield the past week.  
Miss Arvilla Brown has returned from a visit with her sister, Mrs. Hugo Zillmer, at Watertown.  
Rev. James Dams of Kewaunee has been visiting friends in this city several days during the past week.  
R. F. Matthews entertained his tailors at the Waupaca lakes Wednesday. The trip was made by auto.  
—Daly's Theatre will run feature pictures every Wednesday, Friday, Saturday and Sunday. Admission 5c to all.  
Miss Cecelia Kollanda of Chicago, is spending a two weeks vacation with her parents, Mr. and Mrs. John Kollanda.  
Miss Mary Jones returned on Friday night from Stevens Point where she has been teaching summer school at the Normal.  
The Misses Frances and Hannah Klappa visited at the Pastor Urbanowski home in Stevens Point several days the past week.  
Edward Panter who is employed as a druggist in Portage, is spending a week's vacation in the city with his relatives and friends.  
Miss Roscoe McDonald, and Miss Laura Belter of Merrill have been visiting with relatives and friends in the city the past week.

**A STATE BANK A HOME BANK**

**In Harvest Times**

This bank is at the service of every farmer in this community during the busy days of harvest and haying. Should you find it inconvenient to come to the bank in person you can send your deposits to us by mail. They will receive our prompt and courteous attention. We will also be glad to furnish any needed funds at a moderate rate of interest and easy terms. Come in and see us.

**Bank of Grand Rapids**  
West Side

**HEMLOCK**

**The "Tinker House"**

Built of "Old Faithful" Hemlock, and "the handiest house on the place." Look at the plan—lots of light, two work benches, forge, anvil, drill, etc. A handy man could shoe a horse, do all his repair work, as well as "build things" in such a shop. The "Tinker House" is one of many in the list of "Old Faithful" Hemlock Books, which you can have for the asking. In each book is a coupon good for

**A FREE SET OF PLANS,**  
(for whatever you want to build) which you can get by bringing the coupon to us. Write "The Hemlock Manufacturers," Oshkosh, Wis., for book today. Practical, economical "Old Faithful" Hemlock is and has been the "stand-by" lumber for over 200 years.

**KELLOGG BROS. LUMBER CO.**  
Everything in Quality Lumber and Building Material  
Grand Rapids, Wis.

**DIFFERENT VIEWS**

Have you ever stopped to think that the same object does not look the same to all people. A pebble in the road does not focus the same to the bird as it does to the man. Remember this, a savings account that may look small to you to-day, may mean a MOUNTAIN OF COMFORT some day.

Grand Rapids, Wis.

**SAFETY SERVICE**

**FELL FROM HAY LOFT**  
Herman Vandenberg of the town of Sherry had a close call from death during the storm Tuesday afternoon. He fell 24 feet to the floor from the hay loft in his barn, and escaped with a broken right arm and other bruises.

**TWIN BABIES**  
Twin babies, a boy and a girl, each weighing ten pounds, were born to Mr. and Mrs. E. E. Edwards of Port Edwards on Wednesday.

**LOCAL AUTOIST FINED**  
Reginald MacKinnon was fined \$1 and costs before Judge Calkins this morning for operating his automobile on Third street last evening with the cut-out open. The fine was paid.

**NEAL BROWN SERIOUSLY ILL AT WAUSAU HOME**  
Wausau, July 31.—Neal Brown, one of the best known attorneys and industrial leaders of the state, is seriously ill at his home here. He is 61 years old.

Behind the standing freight rumbled another train. Straight on it came, faster and faster, and with a crash it smashed into the one to flag it. The locomotive was completely demolished and several cars knocked off the track. Fire started and burned several cars.

**BOOKS FOR WAR CAMPS**  
If you cannot fight at the front, you can send a book to the man you are sending to the front to do your fighting for you. The American Library Association to assume responsibility for supplying the camps and cantonments with reading material. Every soldier of the American Library Association in this city has been asked to get donations of books and magazines in Grand Rapids.

These will be sent to the various camps and cantonments throughout the country and will be made available to the soldiers, either directly, or through the chaplains of the army, Mr. C. A. the Knights of Columbus, and C. A. the other welfare agency at work in the camps.

The library association itself is, of course, nonsectarian, and it will accept, harmoniously with all these other organizations.

If you will write in each book your name and address, the soldier who reads it will know that someone is thinking of him, and that someone stands ready to help him.

The following is suggested as to the books and magazines desired: Poorly printed, uninteresting, out-of-date books, are not worth shipping to the men. Type should be clear and books in fair condition.

Books of good stories will be wanted most. Books of adventure, sea stories, detective stories, historical novels and collections of good short stories.

Such authors as Kipling, Doyle, McCutcheon, O'Herry, Stockton, Blodgett, Tarkington, Hopkinson, Smith, Oppenheim, etc., have been found popular among soldiers with men. The men must be helped by these libraries. Some of them have not established reading habits. Some of the books must therefore, be light and easily read.

Foreign language study books, especially French grammars, are much needed. In one camp nearly one-fifth of the men are studying French.

Books of travel, biography and history, especially lives of heroes and travels in the countries of war.

Technical books on aviation, wireless telegraphy, submarines, automobiles, etc; ethical books on patriotism, courage, good citizenship.

Fresh, attractive magazines are desired, such as American, Century, Harper's, Everybody's, Popular Mechanics, Scientific American, Saturday Evening Post, etc. None over two years old should be included.

Good poetry is needed at once. Why not select the books which you will give today? Do not give worthless, unattractive books, but good, interesting and valuable ones. Send the books and magazines to the Public Library between the hours of 9 to 12 a. m. and 2:30 to 6 o'clock, upon any week day. If you cannot, notify the librarian and they will be called for. Phone No. 146. DO IT TODAY.

**HOW TO CAN CORN**  
Corn should be canned immediately after picking—at least, never later than five or six hours. Before preparing corn, have ready clean and perfect jars, new rubbers, and the kettle or boiler to be used as sterilizing vat and rack to hold jars in position. Remove husks and silk from the corn. Blanch the corn five minutes and plunge quickly into cold water. Do not let the corn soak, but take at once from cold water and let drain. With a thin, sharp knife, cut the corn from the cob, scraping out as much of the milk as possible, but not any of the cob. As the corn pulp expands greatly in cooking, only fill jars to within a couple of inches of the top. Place jars in rack, adjust scalded rubbers, add one level teaspoonful of salt to each jar, and enough boiling water to fill jar. Place covers loosely in position and put sufficient steam water in boiler to come to the tops of the jars. Sterilize for three hours after water has reached boiling point, keeping boiler tightly covered.

The time given for sterilizing is for quart jars. If pint jars are used, four or five minutes less should be allowed, and if two-quart jars are used allow four or five minutes more for sterilization.

Tighten the tops of jars immediately they are removed from the boiler and stand upside down in a cool spot, where no draft of air will touch them. If necessary, again tighten the covers, and store in a cool dry place. It is well to examine canned vegetables from time to time, particularly in the very hot weather, to see that there are no signs of fermentation.

**A NARROW ESCAPE**  
One of the most wonderful accidents that we heard of for some years, occurred Friday morning on one of two miles north of Lyndhurst. The little three-year-old son of Mr. and Mrs. Hains who live near the railroad tracks, had gone down to the track to play and was on the track when the passenger train was going to Grand. The engineer saw the little fellow and it is said that he made the quickest stop in his life. He did not go very far before the train had stopped. The little one was in the center of the track when the engine struck him and of course the train crew expected him to be killed. The little fellow from his position under the engine and the only injury to him was two fingers of his right hand were taken off. The engineer took the little fellow from his position. Such accidents happen about once in ten thousand times.—Shawano County Advocate.

**ELKS PLAY SKAT**  
The Elks held their regular Skat tournament on Tuesday evening with the following results:  
First—Dr. Hough, 13 net games.  
Second—J. Shaweski, 532 net points.  
Third—Ray Love, 11 net games.  
Fourth—Jos. Andrews, 425 net points.  
Fifth—A. J. Hasbrouck, high hand with 120 points.

Ernest Doughty of the town of Rudolph was among the pleasant callers at the Tribune office this morning. He reports that the rain of Tuesday did the crops a lot of good and that way and that everything looks fine now.

The fact that they have nothing to say doesn't keep some people from saying it.

**WANT COLUMN**

Dunnebecke, Manager, Bayfield Investment Association, Ashland, Wisconsin. Office: Ashland National Bank Building, E. N. Pominville, local agent. 26t

**FOR SALE**—Winchester trap repeating shotgun nearly new and in first class condition; walnut trap stock and slide; cost \$50 new; will sell cheap if taken at once. Inquire at the Tribune office.

**ROW CAUSES WRECK**  
Ashland, Aug. 1.—According to reports, ill feeling between an engineer and his fireman caused a freight wreck Saturday night at Black, a small station near Ashland, which caused the Northwestern railroad over \$100,000 in damaged equipment and rolling stock. That no one was killed or badly injured is a miracle.

The fireman, of course, was on the side of the story, but all stories of the affair agree that the steam continued getting low and the engineer of the train laid it to the fireman for not keeping steam and the fireman was "battering" it too hard. Words led to blows and soon the engine stopped for want of steam as neither men were attending to duty.

As soon as the train stopped the two men leaped from the cab and proceeded to have it out in a fist fight on the rail in the fast lane.

The crew in the caboose at the end of the long train knew something was wrong. The conductor thought that ever, the train had stopped for not another pass on the side track. The brakeman thought that the air brake line had been parted, stopping the train, and started looking for the place.

Behind the standing freight rumbled another train. Straight on it came, faster and faster, and with a crash it smashed into the one to flag it. The locomotive was completely demolished and several cars knocked off the track. Fire started and burned several cars.

**PICTURES AT DALY'S WEDNESDAYS**  
Fridays, Saturdays and Sundays. 5c to all.

Mr. and Mrs. Dominick Reiland have moved into the Harold Boyington home on the east side.

Mrs. Dr. E. Pominville returned on Saturday from New York where she had spent several days visiting with the doctor.

A. J. Kujaava of Rudolph was among the pleasant callers at the Tribune office on Tuesday while in the city on business.

Mrs. Martha Johnson and daughter Margaret of Stevens Point arrived in the city Wednesday and will keep house for Peter Reiland and family.

F. W. Huber who has been making his home with his sister, Mrs. H. Hahner for the past few years, departed this morning for Milwaukee where he will join his family.

Mrs. John Bonasik and son Florian of Chicago, arrived here last Friday where they will spend a few weeks visiting with her sister, Mrs. John Kollenda.

Mr. and Mrs. John Woloch who have been located at Glenwood, Minn., for some time, arrived in the city on Saturday for a three weeks visit with their parents.

Mr. and Mrs. Guy O. Babcock returned last week from Colorado City, Colorado, where they had been visiting Mr. Babcock's mother for a month.

—Take home a brick of Sessions ice cream. We carry it in assorted flavors at 25c a pint or 45c a quart. Otto's.

Michael Griffin, the newly appointed chief of police of the city of Marshfield, was in the city Thursday afternoon looking over some business matters and greeting his friends.

George Tomiska, who has been employed at the Consolidated mill for several years past, has resigned his position and gone to Winona where he has accepted a position with a new paper company.

Tony Sibling and wife and Frank Ruff and family of Bloomer and wife, who have been visiting at the home of Ferdinand Link. The above ladies are sisters of Mrs. Link.

Marshfield Herald: John Starlight, who has a talk like a cat, is expected to get a poor excuse. During his married life his wife has kicked him in every battle.

Mrs. Chas. Zebell of Milwaukee, who has been visiting at the home of her sister, Mrs. Leo Cook, returned to her home this week. She was accompanied by Mrs. Cook who will visit in Milwaukee for two weeks.

Miss N. C. Mueller who has been visiting in Cincinnati for several weeks past, returned to this city on Tuesday and will spend the remainder of her vacation with her father, J. B. Mueller in the town of Saratoga.

Mrs. Chas. Bunde and son of Glendene who have been visiting at the home of her daughter, Mrs. George Tomiska, have returned to their home.

The work of laying the brick in front of the court house was commenced on Wednesday afternoon, and notwithstanding a very large force of men at work it will not be long before this part of the work is finished.

Albert Benson and Joe Grain departed today for Winona where they have accepted positions with the Winona Pulp and Paper Co. Mr. Benson will be employed as beater engineer and Mr. Grain will be employed as a machine tender.

Mrs. Wm. Hall of Sioux City, Iowa, arrived in the city on Tuesday to spend about a month visiting her mother, Mrs. Matt Farrell. Mrs. Hall is on her way to Buffalo, New York, where the family will make their home in the future.

W. L. Linn, who has been operating a harness shop on the east side for several years, packed up his stock Saturday and shipped it to Elgin. Mr. Linn's family will remain here for the present.

Joseph Grandshaw and Eugene Crotteau of Mosinee were business visitors in the city between trains Tuesday and while here called at this office to advance their subscription for another year. They report things booming in Mosinee and that crops are excellent around there.

From a post card received at this office yesterday from Mr. and Mrs. Chas. Briere who are on their honeymoon to the east, the same to Elgin. Under an ordinance in Elgin, Point the board of health rules that ice cream can not be sold in that city unless made from the product of tested cows. The board very sensibly holds the advantage of ice cream is entitled to the same protection as those who use cream in their coffee.

George Hill, a member of the Knudsen-Hill Dredging company, spent several days in the city the past week visiting with his relatives and friends. The company recently lost their dredge by fire, and it is now being rebuilt, and will soon be ready for operation again. The loss on the machine was covered by insurance.

Dr. George Houston was in LaCrosse on Monday where he took the examination for admission to the officers reserve camp which will be organized this month. The doctor has had three years' experience in the regular army, the greater part of which time was spent in the Philippines while this country was trying to establish a government there.

Fred B. Warner, one of the local agents for the New York Life insurance company, wrote 23 policies for his company during the month of July. He is putting in among the highest in number of policies of any of their agents. Mr. Warner has been quite successful in the work ever since he took up and has been among the high ones ever since he got familiar with the work.

Wm. Leese and O. S. Hanson of Stronga Prairie were in the city for a few hours on Tuesday, having driven up in Mr. Leese's car. They report things pretty dry down their way, no rain having fallen to amount to anything for a couple of weeks past. Mr. Hanson reports that mercury stood at 107° in the shade at his place on Monday, which was the warmest they have had it down there.

F. H. Normington of Marshfield met with quite a severe and painful accident while riding with a friend in an automobile. The car struck a bump and Frank was thrown so high that his nose came in contact with the top of the auto, striking a cross-bar and a gash was cut in his nose that it required several stitches to close. Beside the cut on his nose Mr. Normington is also sporting a pair of black eyes that are said to be fine specimens of the decorative art.

Tomah Journal: O. G. Malde, a specialist in cranberry culture, who has been in charge of the state experiment station at Cranmoor for the past few years, has become a part of the re-organized company which owns the property at Watermill. The company has been known as the Tomah Lake company, but the name has been changed to Home View Cranberry Company. Mr. Malde has moved to Watermill and assumed the position of resident manager of the property.

—Session brick ice cream, assorted flavors, 25c a pint, 45c a quart at Otto's Pharmacy. Try some for your Sunday dinner.

**NEW WAISTS and Blouses**

## SOOTHING THE PATIENT

CHICAGO DAILY NEWS

## AGAINST WAR BOARD ELEVEN DIE IN RAID

PRESIDENT OPPOSES PROPOSITION BEFORE CONGRESS. GERMAN AIRPLANES ATTACK EAST COAST OF ENGLAND.

Asserts Action Would Make His Task Impossible and Reflect on His Administration.

London, July 24.—Another daylight raid, carried out over the east coast of England Sunday morning, resulted in the repulse of about 20 German airplanes, after they had dropped a number of bombs over Felixstowe and Harwich, killing 11 persons and injuring 27.

An alarm was sounded in London, but before the Germans could reach any point near the city they were heavily attacked by defending squadrons of aircraft, which speedily caused them to change their minds and beat a hasty retreat.

One German machine was brought down over the channel.

British planes pursued the Germans well out at sea, fighting vigorously all the time, but handicapped by the low visibility. Reports of heavy firing received from various quarters indicates that the authorities have made considerable improvement in the defense since the last raid over London.

Washington, July 25.—The president hit hard at congress effort to make itself jointly responsible with him for the conduct of the war.

In a letter to Representative Lever, father of the food control bill, the president asks elimination of the Owen amendment, which created a joint congressional committee to supervise the financial conduct of the war.

"I could only interpret its final adoption," the president wrote, "as arising from a lack of confidence in myself."

The letter reads:

"I am very much obliged to you for your thoughtful courtesy in stating to me the circumstances of the present action on the food administration bill, and I am particularly obliged to you for calling my attention to section 23.

"I deem it my duty to express my opinion about that section and its effect upon the whole administration of the war very frankly indeed, since the public interest manifestly demands that I do so.

"Section 23 is not only entirely foreign to the subject matter of the food administration bill in which it is incorporated, but would, if enacted into law, render my task of conducting the war practically impossible.

"I cannot believe that those who proposed this section scrutinized it with care or analyzed the effects which its operation would necessarily have."

"The constant supervision of executive action which it contemplates would amount to nothing less than an assumption on the part of the governing body of the executive work of the administration.

"There is a very obvious precedent in our history which shows how such a supervision will operate. I refer to the committee on the conduct of the war constituted by congress during the administration of Mr. Lincoln. It was the cause of constant and distressing harassment and rendered Mr. Lincoln's task all but impossible.

"I am not, I beg you to believe, in any way questioning what might be the motives or the purpose of the members of such a committee; I am ready to assume that they would wish to co-operate in the most patriotic spirit, but co-operation of the kind is not practicable in the circumstances."

"I sincerely hope that upon the consideration of this matter both houses of congress will see that my objections rest upon indisputable grounds and that I could only interpret the final adoption of section 23 as arising from a lack of confidence in myself."

WOODROW WILSON.

The letter was written in response to a request from Mr. Lever. The amendment was put into the bill at the last minute Saturday afternoon.

Mr. Daniels assumes entire responsibility for the version of the incident which reached the public. He refers to the story, coming from the Creel bureau and generally supposed to have been the product of the Creel committee, "the statement which I gave to the public."

U. S. GUNNERS SINK U-BOATS

Fifteen of Submersible Vessels Sent to Bottom by Americans Since War Declaration.

New York, July 24.—The Kaiser's U-boat fleet has suffered considerably at the hands of American gunners since the United States entered the war, and the number of submarines sent to the bottom has increased.

In the less than four months that have elapsed since the war declaration, American gunners are credited with having accounted for 15 submarines.

Antidraft Plot Uncovered.

Chickasha, Okla., July 26.—The sheriff's office here has started a rigid investigation of reports that an organized attempt to defeat the draft by armed resistance is being formed in the southern part of this county.

Gasoline Machine Gun Invented.

Huntsville, Ala., July 24.—The Quick-McLain Machine Gun company has been incorporated to engage in the manufacture of a gasoline machine gun which was invented by Robert P. McLain and Will Quik of this city.

Salt Held in Reverence.

The superstitions with regard to salt are endless. That the spilling of salt is unlucky is perhaps the commonest of all superstitions beliefs, and preva-

lence in the kitchen as well as at the table. There are Scottish households where salt is still held in such reverence that the saltcellar used at the family table is invariably kept standing on the family Bible.

Conveys Thanks of Nation.

Tokyo, July 24.—Admiral Austin Knight, commander of the American Asiatic squadron, has arrived here on a mission to the Japanese government to thank the United States for Japan's courtesy in sending home on a warship the body of Ambassador Guthrie.

Claims Food Is Being Destroyed.

Omaha, Neb., July 24.—The women voters' convention league charges that food is being dumped into the Missouri river by commission men to keep the price up.

Brothers Perish in Old Clattern.

St. Louis, July 26.—Two brothers were asphyxiated here when they fell into an empty cistern in an abandoned barn. Gas had generated from refuse in the cistern. Joseph and Louis Ness fell through the covering.

Dutch to Send Commission.

Amsterdam, Holland, July 25.—The minister of agriculture and commerce has appointed a commission of three to proceed to the United States to represent Dutch interests in connection with America's exports.

Siam Is With Allies.

London, July 25.—Siam has declared that a state of war exists with Germany and Austria, according to a Reuters dispatch from Bangkok. Nine steamers, aggregating 19,000 tons, have been seized.

Hasten to Join Red Cross.

Paris, July 24.—While the arrival of the first regular fighting forces in France is now an accomplished fact, American Red Cross medical and ambulance units continue to pour into the country, particularly the last mentioned.

By far the majority of the soldiers of the houses of the United States go to the American ambulance field service, with headquarters at Bessy, Paris. Only yesterday an additional 280 arrived on the heels of a contingent of 344 of three days before.

## SOOTHING THE PATIENT

CHICAGO DAILY NEWS

## AGAINST WAR BOARD ELEVEN DIE IN RAID

PRESIDENT OPPOSES PROPOSAL FOR GERMAN AIRPLANES ATTACK EAST COAST OF ENGLAND.

Asserts Action Would Make His Task Impossible and Reflect on His Administration.

Washington, July 25.—The president has said he is opposed to making it jointly responsible with him for the conduct of the war.

In a letter to Representative Lever, father of the food control bill, the president asks elimination of the Owen amendment, which created a joint congressional committee to supervise the financial conduct of the war.

"I could only interpret its final adoption," the president wrote, "as arising from a lack of confidence in myself." The letter reads:

"I am very much obliged to you for your thoughtful courtesy in stating to me the circumstances of the present action on the food administration bill, and I am particularly obliged to you for calling my attention to section 23. It is my duty to express my opinion about that section and its effect upon the whole administration of the war very frankly indeed, since the public interest manifestly demands that I do so.

"Section 23 is not only entirely foreign to the subject matter of the food administration bill in which it is incorporated, but would, if enacted into law, render my task of conducting the war practically impossible.

"I cannot believe that those who proposed this section scrutinized it with care or analyzed the effects which its operation would necessarily have. The constant supervision of executive action which it contemplates would amount to nothing less than an assumption on the part of the governing body of the executive work of the administration.

"There is a very obvious precedent in our history which shows that a superintendent of such a nature, to be constituted by congress during the administration of Mr. Lincoln. It was the cause of constant and distressing harassment and rendered Mr. Lincoln's task all but impossible.

"I am not, I beg you to believe, in any way questioning the purpose of the members of such a committee; I am ready to assume that they would wish to co-operate in the most patriotic spirit, but co-operation of the kind is not practicable in the circumstances.

"I sincerely hope that upon the reconsideration of this matter, both houses of congress will refer to the sections rest upon indisputable grounds and that I could only interpret the final adoption of section 23 as arising from a lack of confidence in myself.

The letter was written in response to a request from Mr. Lever, in an amendment to the food bill, to amend section 23, which was introduced by Senator Owen of Oklahoma, a Democrat, but one who has from time to time been opposed to the administration.

## KERENSKY GIVEN BIG POWER

Soldiers' and Workmen's Delegates Appeal to New Premier to Restore Order.

Petrograd, July 25.—The council of soldiers' and workmen's delegates and peasants of all Russia voted after an all-night session to grant the government of Premier Kerensky "unlimited powers" under the title "government of national safety" for the re-establishment of public order, both at the front and at home.

The sweeping powers were granted to the provisional government by a resolution "adopted" by a combined sitting of the executive committee of the council of workmen's and soldiers' delegates and the council of peasants' delegates.

**Raid on Belgian Front.**  
London, July 25.—A German heavy bomber force was reported from the Belgian front in the official report issued by the war office. An exceptionally big raid was made by the British in the Ypres sector.

**May Tax Bundle Delivered.**  
Washington, July 25.—A Great tax on all bundles delivered by stores and markets was proposed by Secretary McAdoo as a means to raise the \$5,000,000 war budget asked by Secretary McAdoo.

**Gasoline Machine Gun Invented.**  
Huntsville, Ala., July 25.—The Quick-McLain Machine Gun company has been incorporated to engage in the manufacture of a gasoline machine gun which was invented by Robert P. McLain and Will Quick of this city.

**Gogebic Miners Are Striking.**  
Ironwood, Mich., July 25.—A general strike on the Gogebic range, under the direction of the Industrial Workers of the World, the whole range is plastered with I. W. literature.

**Conveys Thanks of Nation.**  
Tokyo, July 25.—Austin Knight, commander of the American Asiatic squadron, has arrived here in the Japanese government the courtesy in sending home on a warship the body of Ambassador Guthrie.

**Claims Food Is Being Destroyed.**  
Omaha, Neb., July 25.—The women's convention league charges that food is being dumped into the Missouri river by commission men to keep the price up.

**Dutch to Send Commission.**  
Amsterdam, Holland, July 25.—The minister of agriculture and commerce has appointed a commission of three to proceed to the United States to represent Dutch interests in connection with America's exports.

**Slam Is With Allies.**  
London, July 25.—Slam has declared that a state of war exists with Germany and Austria, according to a Reuters dispatch from Bangkok. Nine steamers, aggregating 19,000 tons, have been seized.

**Hasten to Join Red Cross.**  
Paris, July 24.—While the arrival of the first regular fighting forces in France is now an accomplished fact, American Red Cross medical and ambulance units continue to pour into the country, particularly the last mentioned.

**By the majority of the senators of the houses of the United States go to the American ambulance field service, with headquarters at Passy, Paris. Only yesterday an additional 250 arrived on the heels of a contingent of 244 of three days before.**

1001-1010	1011-1020	1021-1030	1031-1040	1041-1050	1051-1060	1061-1070	1071-1080	1081-1090	1091-1100	1101-1110	1111-1120	1121-1130	1131-1140	1141-1150	1151-1160	1161-1170	1171-1180	1181-1190	1191-1200	1201-1210	1211-1220	1221-1230	1231-1240	1241-1250	1251-1260	1261-1270	1271-1280	1281-1290	1291-1300	1301-1310	1311-1320	1321-1330	1331-1340	1341-1350	1351-1360	1361-1370	1371-1380	1381-1390	1391-1400	1401-1410	1411-1420	1421-1430	1431-1440	1441-1450	1451-1460	1461-1470	1471-1480	1481-1490	1491-1500	1501-1510	1511-1520	1521-1530	1531-1540	1541-1550	1551-1560	1561-1570	1571-1580	1581-1590	1591-1600	1601-1610	1611-1620	1621-1630	1631-1640	1641-1650	1651-1660	1661-1670	1671-1680	1681-1690	1691-1700	1701-1710	1711-1720	1721-1730	1731-1740	1741-1750	1751-1760	1761-1770	1771-1780	1781-1790	1791-1800	1801-1810	1811-1820	1821-1830	1831-1840	1841-1850	1851-1860	1861-1870	1871-1880	1881-1890	1891-1900	1901-1910	1911-1920	1921-1930	1931-1940	1941-1950	1951-1960	1961-1970	1971-1980	1981-1990	1991-2000

## Death in Life.

What we call "death" is, after all, merely the culmination, premature or natural, of the dying that is going on within us each minute. Every day we wake, every thought we think, is accompanied by the death of a certain amount of muscular or nervous tissue. In health the "death" is followed by new life—the tissue is renewed. There is no more pain in the death of the whole physical organism than there is in the death of one cell.—London Answers.

**For the Busy Man.**  
To remind business men of engagements, a cabinet has been invented with a pigeonhole for every fifteen minutes, memorandum placed in a hole completing an electric circuit that rings a bell and flashes a light when the time for that hour arrives.

**Elastic Horsehair.**  
British aviators have found that horsehair cushions provide enough elasticity to counteract the vibration of airplanes and make the use of magnetic compasses possible.

**Well Protected.**  
Friend—"Why do you maintain such a large office force?" Financier—"To prevent outsiders from bothering me." "But I thought that was what your executive secretary was for." "Oh, no. He is here to prevent the office force from bothering me."—Life.

**Planting Is Easy.**  
"A cornfield makes me think of good intentions," said Uncle Eben. "De plantin' is easy. De big job is keepin' de weeds out."

**Mated Pigeons.**  
When pigeons are "married," they remain true as steel, divide labor, are never in each other's company, not attracted by "new faces," do not bother about their neighbor's business, and are always busy at their own work.

**Many Dots.**  
More advice is given and less followed on the subject of marriage than on anything else. A young man has preached against teachers marrying has acted contrary to her own advice.—Buffalo Commercial.

**Exception Exemption of Many.**  
Reason Why Authorities Have Called So Many to the Colors is Fully Explained.

Washington, July 25.—The drawing of lots is the climax of the nation's effort to build up a great military force on the principle of universal service. After the muster roll is made, only the simpler tasks of examination and exemption, mobilization and training will remain. For this work

long established rules can be followed. In the steps taken heretofore the government has been forced to make a way of its own.

Already President Wilson formally has ordered to the colors 687,000 of the men for whom lots have been drawn and most of them will be in training by mid-September at 10 camps in the country. To provide that many physically fit and without any income-bearing calling for exemption the war department will summon for examination

the work would be the subject of criticism or praise from the entire nation.

The room in which the drawing took place, high ceilings and light and about 25 by 50 feet, was crowded with army officers, members of the house and senate committees and newspaper men, the correspondents being seated about a long table running the length of the room.

Photographers with blinding flashes planted their cameras and paraphernalia close to the little group at one end of the room about the table on which the bowl was set. Motion-picture men also recorded the first two minutes of the drawing.

The preponderance of high numbers among the first 2,000 made it impossible to tell by a glance whether the initial drawing was a success or a failure. It was not until the first 10,000 were drawn that it was undoubtedly had in almost all districts. In some districts, however, where the registration was low and the quota comparatively large, it was

the drawing to stand at the head of the muster roll.

If more are needed to provide a net quota of 687,000 soldiers, those standing next in order will be summoned. So, too, when the future increments are ordered to the colors by the president. Military men estimate that about every other man summoned will be exempted, and on that basis the 10,000,000 whose order of liability has been determined should yield close to 5,000,000 soldiers before the roll is exhausted.

**Salt Lick in Reverence.**  
The superstitions with regard to salt are endless. That the spilling of salt is unlucky is perhaps the commonest of all superstitious beliefs, and precedes in the kitchen as well as at the table. There are Scottish housewives where salt is still held in such reverence that it is invariably kept standing on the family Bible.

**It would be possible that the quota could not be reached until the drawing was more than half completed.**  
The vast majority, however, met their fate in the first 3,000 numbers. It was estimated that every number below 3,000 brought out a total of practically 4,557 men, one for every exemption division in the country.

**Even the wife of a mind reader will insist upon telling it to him.—Houston Post.**

**Occasion One of Dignity.**  
Officials Careful That the Drawing of the Numbers Should Not Give Rise to Complacency.

Washington, July 25.—The drawing of lots is the climax of the nation's effort to build up a great military force on the principle of universal service. After the muster roll is made, only the simpler tasks of examination and exemption, mobilization and training will remain. For this work

long established rules can be followed. In the steps taken heretofore the government has been forced to make a way of its own.

## WORKING RESERVE NOW IN FORMATION

The Boys' Working Reserve, U. S. A., is now being formed in the country and is for the purpose of establishing a reserve of labor for farm and other work, for which workers ordinarily not available may be drawn. This labor reserve will consist of boys between the ages of 16 and 20 years, inclusive, and is designed to meet a shortage of labor in the present crisis. It is designed that the reserve shall cooperate with and thru state organizations so that in case of need the labor can be distributed with the greatest benefit to all.

It might be stated that the Boys' Working Reserve, U. S. A., is working in complete understanding with the Federal Department of Agriculture, and that it will have a recognized standing in the country and state, but is in a different field from the Boys' Club work which has been under the Federal Department of Agriculture in the past. This new organization is strictly a reserve movement, or an emergency organization, and seeks to provide workers to meet the present demand which in many localities is acute.

**Outline of Organization**  
The National Director, under the United States Secretary of Labor is the executive head of the Boys' Working Reserve.  
The National Committee consists of the governors of the several states, or their appointees, and the leaders of the great national boy organizations.

The National Advisory Council, which advises the National Director, now consists of recognized experts in these matters:

Farm Management.  
Child Labor.  
Physical Welfare.  
Transportation.  
Finance.  
Publicity.  
Wage Rates.  
Moral Welfare.  
State and Federal Laws.  
Other departments may be added as found necessary.

**Eligibility for Membership**  
Any boy 16 years of age at his last birthday, and who is less than 21 years of age may be enrolled in the Boys' Working Reserve, provided:

1. That he obtains the consent, in writing, of his parent or guardian, or, if employed, the consent of his employer, for the term of the boy's intended vacation.

2. That he is free from communicable and other diseases, and possesses no inherent weakness that fits him for the rigors of his intended term or other occupation; that his physical fitness has been attested by a competent physician or a physical director.

3. That he subscribes, before an enrolling officer, to the oath of allegiance following:

Oath of Service, Boys' Working Reserve, U. S. A.

I, \_\_\_\_\_, solemnly swear or affirm that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties which I am about to assume.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 1917.

Any person that shall be designated by the State Council of Defense, thru the Junior Labor Advisor, may be an enrolling officer.

Membership does not constitute membership in the Boys' Working Reserve. Until the applicant is formally accepted by being licensed to wear the official badge furnished by the Boys' Working Reserve he is not a member of the reserve.

The official badge, upon which is inscribed "Boys' Working Reserve, U. S. A.", bearing the National Seal, is awarded upon the conditions following:

1. That the boy shall have rendered service to the Nation by actual work on the farm or in industry for a period of at least three weeks, and until he shall have proved his fitness for the particular occupation in which he is engaged by way of patriotic service; for that he shall have membership in the Boys' Working Reserve shall be composed of only the capable and the steadfast.

2. That, after the badge has been awarded to him, the boy shall have given this receipt:

"Received from the Boys' Working Reserve, U. S. A., one badge, No. \_\_\_\_\_, which I am permitted to wear as the official insignia of the Reserve so long as I give loyal and faithful service to my country, and I agree to return the badge to the Reserve on demand if my services or conduct prove unsatisfactory."

## FOUR INCHES OF RAIN FALLS IN AN HOUR

Marshfield Herald: It never rains, but what it pours, was true last Sunday evening. Throughout the day intermittent showers visited this section, putting an end to all public amusements and the program scheduled at the fair grounds. But the big storm event did not take place until nearly eleven o'clock, and then the flood gates were opened and for an hour the downpour was terrific. The storm sewers were incapable of taking care of the water and in consequence many basements were flooded. South Central Avenue was turned into a lake and at the power plant the big reservoir, through an intake tunnel, filled to within four feet of the top. As soon as the break was discovered, men were put to work repairing the damage. To keep the contaminated water from entering the reservoir and to be pumped out which was not accomplished until morning. It was one of the worst rain storms seen here for years.

## WANTED TO ANNUL CONTRACT

The concern having the contract for the road work on the north end of the town near Marshfield, filed hard last week to get out of the contract, and failing in this asked to be allowed to let the work go over until next summer. The highway committee was indignant, however, and insisted that the work, while it cannot be done on contract time, be done before the advent of winter. With the high price of materials and in many cases the almost impossibility of getting them at all, the committee will allow more time for the finishing of the work, but the work must be completed by the end of the year. With a guarantee of \$100 per day for every day they go over time on the contract it is necessary that the company get busy and complete the work. The contractors at the south end have made no trouble so far and some of the work is under construction at present—little else.

## "HAVE A HEART"

One of the most marvelous and at the same time generally unappreciated faculties of the human body is its ability to accommodate itself to peculiar injuries. Some of the indispensable bodily functions are carried on by duplicate organs in the two lungs, two kidneys, for example. If one becomes incapacitated, the other succeeds remarkably well in doing double work.

In the case of that most essential and yet only single organ, the heart, Nature has provided an ability to the body to maintain life even in the face of serious disorders. This capacity is called "compensation" by physicians. With proper consideration and lightening of the load put upon the organ, it is possible for a person with an inveterate heart disease to live out a normal life span. Indeed, intelligent patients thus afflicted frequently live beyond their normal "expectancy," as the life insurance people say.

The first thing for a person to do who has learned from a competent physician that he has an affected heart is to set his mind at once to the philosophy that "what can't be cured must be endured." If he isn't "yellow" and doesn't belong to the "quitter class," it's remarkable how every endurance will become. To squabble about his infirmity is as ineffectual as the child who lies down and pounds his head and toes against the wall, or the man who prohibits him doing something he desired very much to do.

If the victim of heart disease is told to avoid rapid stair climbing, he will soon learn that he can descend stairs required to go slowly down; that if he must give up violent exercise, he can learn how much recreation and enjoyment are to be found in books and watching others play. Many of the most beautiful things in life are seen and heard only by the persons who are compelled to be content. The husband, miss such things entirely.

Of course it is far better to avoid heart disease than to be compelled to accommodate oneself to it, and, worse, to die from it. And this disease is largely preventable. The attention that modern physicians are paying to diseased tonsils and diseased teeth will result in the prevention of many cases of death and invalidism.

## CHANGES IN THE COUNTY HIGHWAY BONDING LAW

A number of changes were made in the County Highway Bonding Law, the principle ones being the following:

The period of the maturity of the bonds under the new statute (chapter 599 laws of 1917) is made twenty years instead of ten; money allotted to a county under the state trunk law or state aid law is available for the improvement of roads, the proceeds of which are spent on a trunk highway or state aid highway; the county board is required to specify by a resolution the highway for which the bonds are to be sold; the bonds need not bear the same date of issuance and may be sold from time to time for construction work. The county board is empowered to issue bonds up to two-fifths of one percent of the assessed valuation without a referendum vote. Under the present law in order to issue a referendum on a county bond issue it was necessary to file petitions with the county clerk, signed by ten per cent of the voters. This section remains unchanged but a further section is added empowering a county board to order by a resolution a referendum on a bond issue.

The county board may provide that not to exceed 40% of the cost of construction, shall be assessed against a town, village or city in which the construction may lie. Referendum votes on bond issues may be held at the November election, in addition to the April election as now provided. Town bonding for state aid bonding construction has been eliminated, as such bond issues are not available to obtain state aid in the future.

## HIS LAST REQUEST

Wrap me in the flag, boys,  
The flag of lovely youth;  
The old flag, the bold flag,  
The flag that stands for truth.

For the old home town,  
Wrap me in the flag, boys,  
For the old home town,  
For the old home town.

Wrap me in the flag, boys,  
The flag of lovely youth;  
The old flag, the bold flag,  
The flag that stands for truth.

For the old home town,  
Wrap me in the flag, boys,  
For the old home town,  
For the old home town.

Wrap me in the flag, boys,  
The flag of lovely youth;  
The old flag, the bold flag,  
The flag that stands for truth.

For the old home town,  
Wrap me in the flag, boys,  
For the old home town,  
For the old home town.

Wrap me in the flag, boys,  
The flag of lovely youth;  
The old flag, the bold flag,  
The flag that stands for truth.

For the old home town,  
Wrap me in the flag, boys,  
For the old home town,  
For the old home town.

Wrap me in the flag, boys,  
The flag of lovely youth;  
The old flag, the bold flag,  
The flag that stands for truth.

For the old home town,  
Wrap me in the flag, boys,  
For the old home town,  
For the old home town.

## SUPPORT TO MOTHERS WHO HAVE DIFFICULTY IN CARING FOR CHILDREN

Governor Philipp has signed the bill granting aid for dependent children. This is a revision of the present law on the statute books. Under the terms of the new law any judge of a juvenile court or a county judge may cause an investigation to be made to determine whether a child is dependent. To assist in making investigations and examinations the judge of the juvenile court or of the county court may appoint a board of child welfare, which shall consist of three members, who shall hold office at the pleasure of the judge making the appointment. No salary or wages shall be paid to the members of this committee but they shall be reimbursed their actual and necessary expenses incurred in the performance of their duties. This board is directed by law to advise and consult with the judge regarding the best method of investigating cases; establish a basis of household expenses to compile the amount of aid to be extended to needy families; and to advise families how to keep accounts of expenses.

The board also has the power to advise the judge when it discontinues aid of payments shall be made and decrease in the amount of aid. Aid for dependent children shall be granted on the following conditions: There must be one or more children living with or dependent upon the mother or grandparents or person having the care and custody of such children, one or more of whom shall be under the age of fourteen years and between the ages of fourteen and fifteen and unable to work. The mother or grandparents or such other person must have resided in this state one year and in this county six months prior to the date of such application. The present law provides that aid may be granted to a mother divorced from her husband. Such divorced mothers need not show that she has used all provisions of law to enforce support. The ownership by a mother of a homestead shall not prevent the granting of aid under the provisions of the law. If the rental thereon would not exceed the rental which a family of the same size as the family of such parent receiving aid would be obliged to pay for living quarters.

The aid granted shall be sufficient to enable the mother, grandparents or person having the custody of such children to properly care for the children and shall not exceed \$15 a month for the first child and \$10 a month for each additional child, and no case shall any family receive more than \$40 per month except in quinquity, where the maximum family aid may be \$50.

The governor has also signed the bill relating to maintenance of classes for exceptional children by school boards in certain cities. Upon application of the district board of any school district embracing within its limits any village or city, or the board of education of any city, the state superintendent may authorize such school district board or board of education to establish and maintain within the corporate limits of any such village or city, a special class for the instruction of exceptional persons of school age. The state superintendent is directed to work out a course of study and to designate the qualifications of the teachers. The state superintendent shall appoint in his department a person who shall have suitable training and experience who shall have general supervision of such classes at a salary not to exceed \$2,000 per year. A sufficient sum to carry out the provisions of this act is appropriated through the state treasury.

Approval has also been given by the governor to the bill changing the law prohibiting first cousins from marrying. The law as changed now prohibits first and second cousins from marrying. Governor Philipp has also signed the bill transferring certain functions from the university of Wisconsin to the department of agriculture at the capitol. The change relates principally to seeds.

## DO NOT GET MARKET CAN SURPRISE CHICKENS

Poor laying hens, and roosters are now being culled from the average Wisconsin flock. It is thought that many more of these useless fowls would now be removed from the expense account were there always a good demand for them thru local markets. As such is not the case at this time many farmers and town lot poultrymen are at a loss to dispose of this extra meat.

"Why not solve the problem by naming chicken at home?" asks Miss Elizabeth Amery, home economics department, University of Wisconsin. In charge of young people's canning clubs now being organized throughout the state, Miss Amery suggests that housewives try one of the recipes prepared by the United States department of agriculture, given herewith:

Recipe No. 1. Kill fowl and draw at once without cutting into disjunctive organs; wash carefully and cool; cut into convenient sections. Place in wire basket or cheesecloth and boil until meat can be removed from the bones; remove from boiling liquid and remove meat from bones; pack closely into glass jars; fill jars with hot liquid; add level teaspoon of salt per quart of meat; for seasoning, put rubber and cap in position, not tight; sterilize the length of time given for the one particular type of outfit used.

Remove jars, tighten covers; invert to cool and test the joint; wrap jars with paper to prevent bleaching. The length of time required for the three common types of canning outfits are: for water bath, home-made or commercial, 4 hours; for 5 pound steam pressure, 3 hours; and for 10 to 15 pounds steam pressure, 1 hour.

**BROWNS IN WATER TANK**  
Almond Press: One of the saddest accidents that has occurred in this community in many a day was that of the drowning of little Lydie Emil Mohan, 2-year old son of Mr. and Mrs. Jacob Mohan, Jr. which occurred at his home Saturday forenoon at about 11:30 o'clock.

The little fellow had been playing about the yard as usual and the mother had looked out occasionally to see that he was all right. When she looked shortly before noon she did not see the little fellow and went out in search of him and when he did not answer to her call she started towards the barn and in passing the water tank she discovered the little baby lying lifeless in the bottom of the tank where he had fallen.

Mr. and Mrs. Mohan have the sincere sympathy of the entire community in their sad bereavement.

If you could buy physical exercises in bottles at drug stores, nearly everyone would take it.

# JOHNSON & HILL COMPANY

GRAND RAPIDS, WISCONSIN

## WORKING RESERVE NOW IN FORMATION

The Boys' Working Reserve, U. S. A., is now being formed in the country and is for the purpose of establishing a reserve of labor for farm and other work, for which workers ordinarily not available may be drawn. This labor reserve will consist of boys between the ages of 16 and 20 years, inclusive, and is designed to meet a shortage of labor inevitable in the present crisis. It is designed that the Reserve shall co-operate with the state organization to see that in case of need the labor can be distributed with the greatest benefit to all.

It might be stated that the Boys' Working Reserve, U. S. A., is working in complete understanding with the Federal Department of Agriculture, so that it will have the recognition, standing in the country and state, but it is in a different field from the Boys' Club work which has been under the Federal Department of Agriculture. It is strictly a reserve movement or an emergency organization, and seeks to provide workers to meet the present demand, which in many instances is acute.

**Outline of Organization**  
The National Director, under the United States Secretary of Labor is the executive head of the Boys' Working Reserve.  
The National Committee consists of the governors of the several states, or their appointees, and the leaders of the great national boy organizations.

The National Advisory Council, which advises the National Director, now consists of recognized experts in these matters:

Farm Management.  
Child Labor.  
Physical Welfare.  
Transportation.  
Finance.  
Publicity.  
Wage Rates.  
Moral Welfare.  
State and Federal Laws.  
Other departments may be added as found necessary.

**Eligibility for Membership**  
Any boy 16 years of age at his latest birthday, and who is less than 21 years of age, may be enrolled in the Boys' Working Reserve, provided:

1. That he obtains the consent, in writing, of his parent or guardian, and, if employed, the consent of his employer, for the term of the boys' intended vacation.  
2. That he is free from communicable and other diseases, and possesses no inherent weakness that is a hindrance to the vigorous performance of his duties; that his physical fitness has been attested by a competent physician or a physical director.

3. That he subscribes, before an enrolling officer, to the oath of allegiance following:

Oath of Service, Boys' Working Reserve, U. S. A.  
I, \_\_\_\_\_, solemnly swear or affirm that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties which I am about to assume.

Sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 1917.

Any person that shall be designated by the State Council of Defense, thru the Junior Labor Advisor, may be an enrolling officer.

Membership does not constitute membership in the Boys' Working Reserve. Until the applicant is formally accepted by being assigned to wear the official badge furnished by the Boys' Working Reserve he is not a member of the reserve.

The official badge, upon which is inscribed "Boys' Working Reserve, U. S. A.," bearing the National Seal, is awarded upon the conditions following:

1. That the boy shall have rendered service to the Nation by actual work on the farm or in industry for a period of at least three weeks, and that he shall have proved his fitness for the particular occupation in which he is engaged by way of patriotic service; for it is intended that membership in the Boys' Working Reserve shall be composed of only the capable and the steadfast.

2. That, after the badge has been awarded to him, the boy shall have given this pledge:  
"Received from the Boys' Working Reserve, U. S. A., one badge, No. \_\_\_\_\_, which I am permitted to wear as a badge of insignia of the Reserve so long as I give loyal and faithful service to my country, and I agree to return the badge to the Reserve on demand if my services or conduct prove unsatisfactory."

## FOUR INCHES OF RAIN FALLS IN AN HOUR

Marshallfield Herald: It never rains, but what it pours, was true last Sunday evening. Throughout the day intermittent showers visited this section putting an end to all public amusements and the program scheduled at the fair grounds. But the big storm event did not take place until nearly eleven o'clock and then the flood gates were opened and for an hour the downpour was terrific. The storm sewers were incapable of taking care of the water and in consequence many basements were turned into a Central Avenue. The water in the reservoir, through an intake tunnel, filled to within four feet of the top. As soon as the break was discovered, men were put to work repairing the damage. To keep the contaminated water from entering the pipes, the water in the reservoir had to be pumped out which was not accomplished until morning. It was one of the worst rain storms seen here for years.

## WANTED TO ANNUAL CONTRACT

The concern having the contract for the road on the north end of the town line, near Marshallfield, tried hard last week to beg off on the contract, and failing in this asked to be allowed to let the work go over until next winter. The highway committee was obdurate, however, and insisted that the work, while it cannot be done on contract, must be done before the winter. With the high prices of all materials and in many cases the almost impossibility of getting them at all, the committee will allow them to do the work, but the work must be done this summer or fall. With a guarantee of \$100 per day for every day they go over time on the contract, and commence on the concrete road at the north end. The contractor at the south end has made no trouble so far and some of the work is under construction at present—Pittsville Record.

## "HAVE A HEART"

One of the most marvelous and at the same time, generally unappreciated faculties of the human body is its ability to accommodate itself to its duties. Some of the indispensable bodily functions are carried on by duplicate organs, for example, two lungs, two kidneys, for example, if one becomes incapacitated, the other succeeds remarkably well in doing double work.

In the instance of that most essential and yet only single organ, the heart, Nature has provided an ability to the body to maintain life even in the face of serious disorders. This capacity is called "compensation" by physicians. With proper consideration and lightening of the load put upon the organ, it is possible for a person with a heart disease to live a normal life span. Indeed, intelligent patients thus afflicted frequently live beyond their normal "expectancy," as the life insurance people say.

The first thing for a person to do who has learned from a competent physician that he has an affected heart is to get his mind in order. He should accept wholeheartedly the philosophy that "what can't be cured must be endured." If he isn't "well" and doesn't belong to the "quicker class," it's remarkable how easy endurance will become. To suggest that his infirmity is an incurable ailment is the child who has down and pounds his head and toes against the door because his mother prohibits him doing something he desired very much to do.

If the victim of heart disease is told to avoid rapid stair climbing, he will soon learn that the few extra seconds required to go slowly down stairs must give up violent exertion. He can learn how much recreation and keen enjoyment are to be found in books and watching the most beautiful things in life are seen and heard only by the persons who are compelled to be quiet. The hustlers miss such things entirely.

Of course it is far better to avoid heart disease than to be compelled to accommodate oneself to it, or worse, to die from it. And this disease is not so easily avoidable. The attention that modern physicians are paying to diseased tonsils and diseased teeth will result in the saving of many cases of death and invalidism.

## CHANGES IN THE COUNTY HIGHWAY BONDING LAW

A number of changes were made in the County Highway Bonding Law, the principle ones being the following:

The period of the maturity of the bonds under the new statute (chapter 500 laws of 1917) is made twenty years instead of ten; money allotted to a county under the new statute of 1917 is made available for the retirement of bonds, the proceeds of which are spent on a trunk highway or state aid highway; the county board is required to specify by a resolution the highway for whose improvement the county is to be bonded before ordering a referendum; the bonds need not be the same date of issue and may be sold from time to time for construction work. The county board is empowered to issue bonds up to the amount of one per cent of the assessed valuation without a referendum vote. Under the present law in order to have a referendum on a county bond issue, it was necessary to file petitions with the county clerk, signed by ten per cent of the voters. This section remains unchanged but a further section is added empowering a county board to order by a resolution a referendum on a bond issue. The county board may provide that not to exceed 40% of the cost of construction, shall be assessed against the town, village or city in which the construction may lie. Referendum votes on bond issues may be held at the November election, in addition to the April election, as now provided. Town bonding for state aid bonding construction has been eliminated, as such bond issues are not available to obtain state aid in the future.

## HIS LAST REQUEST

Wrap me in the flag, boys  
"Ere they lay me low;  
The starred flag, the barred flag,  
For, Oh, I love it so.  
It danced in the old home town;  
Wrap me in the flag, boys,  
Ere they lay me down."

Wrap me in the flag, boys,  
The flag loved since youth;  
The old flag, the bold flag,  
The flag that stands for truth.  
The flag which all injustice  
And tyranny does frown,  
Wrap me in the flag, boys,  
Ere they lay me down."

Wrap me in the flag, boys,  
The flag of lovely form;  
The tattered flag, the battered flag,  
Born spent with wind and storm;  
The flag that fears no battle,  
The while it stands for peace  
Wrap me in the flag, boys,  
When my life shall cease."

—Rev. James Deans,  
Grand Rapids, Aug. 1st.  
A man likes to tell you how busy he is and how overworked he is. But you never saw a man who was too busy or too tired to smoke.

## GOVERNOR SIGNS BILL

Support to Mothers Who Have Difficulty in Caring for Children

Governor Philipp has signed the bill granting aid for dependent children. This is a revision of the present law on the statute books. Under the terms of the new law any judge of a juvenile court or a county judge may cause an investigation to be made to determine whether a child is dependent. To assist in making investigations and examinations the judge of the juvenile court or of the county court may appoint a board of child welfare of his county to consist of three members, who shall hold office at the pleasure of the judge making the appointment. No salary or wages shall be paid to the members of the board, but they shall be reimbursed their actual and necessary expenses incurred in the performance of their duties. This board is directed by law to advise and consult with the judge regarding the best method of investigating cases, establish a basis of household expenses to compute the amount of aid to be extended to needy families, and to advise families how to keep accounts of expenses.

The board also has the power to advise the judge when discontinuance of payments shall be made or any decrease in the amount of aid. Aid for dependent children shall be granted on the following conditions: There must be one or more children living with or dependent upon the mother or grandparents or such other person must have resided in this state one year and in the county in which application is made for six months prior to the date of such application. The present law provides that aid may be granted to a mother divorced from her husband. Such divorced mother must not show that she has used all provisions of law to enforce support. The ownership by a mother of a homestead shall not prevent the granting of aid under the provisions of the law, if the rental thereon would not exceed the rental which a family of the same size as the family of such parent receiving aid would be obliged to pay for living quarters.

The aid granted shall be sufficient to enable the mother, grandparent or person having the custody of such children to properly care for the children and shall not exceed \$15 a month for the first child and \$10 a month for each additional child and in no case shall any family receive more than \$40 per month except in Milwaukee, where the maximum family aid may be \$50.

The governor has also signed the Pullen bill relating to maintenance of classes for exceptional children by school boards in certain cities. Upon application of the district board of any school district embracing within its limits any village or city, or the board of education of any city, the state superintendent may authorize such school district board or board of education to establish and maintain within the corporate limits of any such village or city, a special class for the instruction of exceptional persons of school age. The state superintendent is directed to work out a course of study and to designate the qualifications of the teachers. The state superintendent shall appoint in his department a person who shall have suitable training and experience of such classes as general supervisor of such classes at a salary not to exceed \$2,000 per year. A sufficient sum to carry out the provisions of this act is appropriated through the state treasury.

Approval has also been given by the governor to the bill changing the law prohibiting first cousins from marrying. The law as changed now prohibits first and second cousins from marrying. Governor Philipp has also signed the bill transferring certain functions from the university of Wisconsin to the department of agriculture at the capitol. The change relates principally to seeds.

## DO NOT GLUT MARKET:

CAN SURPLUS CHICKENS

Poor laying hens, and roosters are now being culled from the average Wisconsin flock. It is thought that many more of these useless fowls would now be removed from the expense account were there always a good demand for them thru local markets. As such is not the case as a rule, many farmers and town lot poultrymen are at a loss to dispose of this extra meat.

"Why not solve the problem by canning chicken at home?" asks Miss Elizabeth Amery, home economics instructor, University of Wisconsin, in charge of young people's canning clubs now being organized thru the state. Miss Amery suggests that housewives try one of the recipes prepared by the United States department of agriculture, given herewith:

Recipe No. 1. Kill fowl and draw at once without cutting into digestive organs; wash carefully and cool; cut into convenient sections. Place in wire basket or cheesecloth and boil until meat can be removed from the bones; remove from boiling liquid and remove meat from bones; pack closely into glass jars; fill jars with hot liquid, after it has been concentrated one-half; add level tea-spoon of salt per quart of meat, for seasoning; put rubber and cap in position, not tight; sterilize the length of time given for the one particular type of outfit used.

Remove jars; tighten covers; invert to cool and test the joint; wrap jars with paper to prevent bleaching. One chicken (3 pounds) fills a one quart jar.  
Receipt No. 2. Kill fowl and draw at once; wash carefully and cool; cut into convenient sections and pack at once into glass jars (pack legs inside of backs and necks inside of breasts); fill with boiling water; add level tea-spoonful of salt per quart; put rubber and cap in position, not tight, and sterilize the length of time given below for the one particular type of outfit used.

Remove jars; tighten covers; invert to cool and test the joint; wrap jars with paper to prevent bleaching. The time of time required for the three common types of canning outfits are: for water bath, home-made or commercial, 4 hours; for 5 pound jars, 3 hours; 2 hours; for 10 to 15 pounds steam pressure, 1 hour.

## BROWNS IN WATER TANK

Almond Press: One of the saddest accidents that has occurred in this community in many a day was that of the drowning of little Lyle Emil Mehe, 2 year old son of Mr. and Mrs. Jacob Mehe, Jr. which occurred at his home Saturday forenoon at about 1:30 o'clock.  
The little fellow had been playing about the yard as usual and the mother had looked out occasionally to see that he was all right. When she looked shortly before noon she did not see the little fellow and went out in search of him and when he did not answer to her call she started towards the barn and in passing the water tank she discovered the little baby lying lifeless in the bottom of the tank where he had fallen.  
Mr. and Mrs. Mehe have the sincere sympathy of the entire community in their sad bereavement.

If you could buy physical exercise in bottles at drug stores, nearly everyone would take it.
